3. The same conditions and procedure as are applicable to the transactions relating to Government Securities, laid down in Government Order No. Fl. 878-923—G. Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars where on the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he

is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press, and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portions of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance*.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portions of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance*.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portions of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance*.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention ; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

Acetone (soluble in water in all proportions).	Accepted from the United Kingdom and America in packages certified as recognised in the rules of those countries.	The chief danger to be apprehended is from leakage, as the vapour of these goods is heavier than air and is inflammable. The vapour is also explosive when mixed with certain proportions of air in a confined space. Waggons containing these inflammable liquids should not be placed next to the engine, but should be separated therefrom by at least three waggons not loaded with explosives or other traffic of an inflammable nature. The words "highly inflammable" must be distinctly marked on each package by the sender. Drums or receptacles in a damaged condition must not be accepted and the staff must always ascertain that the screw plugs or caps of empty drums or receptacles are securely fastened.	See entries in cols. 4 and 5 on page 4 against "Benzine or Benzole," etc.	

Page 6.—Insert the following after the item "Spirit Varnish":—

Wood Naphtha or Wood Spirit.	Must be packed in stoneware jars or glass stoppered bottles or in vessels of tin or copper provided with screw stoppers or corked with caps covering their mouths, soldered on.	The words "highly inflammable" distinctly marked on each package by the sender.	Other commodities which are not explosives and not dangerous goods may be loaded in the same vehicle with Spirit, Methylated, provided that they are well separated from it.	
Spirit, Methylated	Must be packed in corked and capsuled bottles or in hermetically sealed drums. When bottles are used they must be packed in straw or sawdust in wooden cases.			
Spirit of Wine ...	Must be packed either in corked and capsuled bottles or in corked and capped drums securely packed or in strongly made casks securely closed so as to prevent all possibility of leakage.			

Page 7.—In column 5 against the item "Kerosine or Paraffin oil, non-dangerous" *insert the following*:—

For such time as, owing to the war, the present difficulty of obtaining materials from England lasts "kerosine oil, non-dangerous" may be carried in any quantity by mixed trains even when goods trains are running.

For such time as, owing to the war, the present difficulty of obtaining materials from England lasts, one tank waggon or one waggon containing "kerosine oil, non-dangerous" in tins may be attached to the rear breakvan of passenger trains. Except the tail lamp no other lights must be allowed near the waggon and this rule must be strictly observed.

Insert the following in column 4 against the items "Oil of Turpentine, Spirits of Turpentine, Terebine or Sundryers, Turpentine Substitutes and Varnish," *bracketted together in column 2*:

Other commodities, which are not explosives and not dangerous goods, may be loaded in the same vehicle with these liquids, provided that they are well separated from them.

and insert the following at foot of the page.

(*a*) In the case of Government consignments more than one case may be so carried, provided that the gross weight of the cases does not exceed two maunds.

Insert the following note below the entry in column 2 against items "Acid, Hydrochloric or Muriatic or Spirit of Salts," and "Acid, Nitric or Aquafortis."

NOTE.—Hydrochloric Acid in glass carboys of not more than 12 gallon capacity may however be packed in wooden crates or wicker work hampers as a temporary measure during the period of the war.

In column 2, after the first sentence of clause (ii) ending with "wood shavings, etc.," against "Acid, Sulphuric, etc." *add the following*:—

THE MYSORE REPRESENTATIVE ASSEMBLY.

READ—

Rule 2 of Notification No. G. 10156—G. R. 33-14-1, dated 22nd March 1915, republishing the rules relating to the constitution and conduct of business of the Representative Assembly.

Government Order Camp No. 6-58, dated 22nd April 1918, introducing certain changes in the above rules.

ORDER No. G. 14465-515—G. M. 599-17-1, DATED 27TH APRIL 1918.

Under Rule 2 of the Rules relating to the constitution and conduct of business of the Representative Assembly published with the notification read above, elections for returning members to represent taluks and sub-taluks should be held once in three years; and as the tenure of the existing members of this class in the Assembly terminates with the current year the election for the next three years should, in the ordinary course, be held this year. But as certain changes have been introduced in the constitution of the Assembly by Government Order dated 22nd April 1918 which materially affect the character of the Assembly, and as it is desirable that these changes should be brought into effect with as little delay as possible, the Government of His Highness the Maharaja consider that, to give time for the preparation of voters' lists according to the new qualifications and for working out other necessary details, the triennial election may be deferred for a year. They are accordingly pleased to extend by one year the term of membership of the existing members of the Assembly representing taluks and sub-taluks.

The calendar for the ensuing Dasara Session modified accordingly is appended to this order.

The following Press Communique issued by the Indian Munitions Board, dated Simla, the 28th March 1918, regarding the desirability of observing the strictest economy in the use of paints containing lead is hereby republished for general information :—

"In view of the acute shortage of lead paints, the Government of India desire to impress upon consumers that paints containing lead should not be used unless when absolutely indispensible. In cases in which the use of white lead is essential the proportion of metallic lead in the paint may ordinarily be reduced to 50 per cent. For the jointing of wood work where lead is necessary, the proportion of metallic lead in the mixture should not exceed 20 per cent.

A suitable reducing material for white lead paints is barium sulphate which is available in India; other reducing materials obtainable in the country are China clay, gypsum and asbestos. For coloured paint work, where possible, leadless paints, such as oxides, ochres, umbers and other earth colours, of which several are available in India, may usefully be employed.

With regard to red lead paints which are sometimes necessary for structural steel or iron work, it is not considered desirable to reduce the quality and for this reason it is all the more important that their use should be restricted to absolutely essential cases.

A substitute for red lead which, in the majority of cases has been found to be efficient, is red oxide and in cases where colour is more important than protective value such as red paint for signals, genuine vermilion (Sulphide of mercury) may be substituted."

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars whereon the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portions of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance*.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

12. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

PART I—Section 2.

Message from Colonel His Highness Maharaja Sri Sir Krishnaraja Wadiyar Bahadur, G.C.S.I., G.C.B.E., to the people of the Mysore State.

My loving subjects in all parts of the State must be aware that the tremendous conflict, in which the British Empire is engaged in the cause of liberty and righteousness and in which my forces are taking a small but willing and effective part, has now reached a stage in which it is the duty of every citizen of the Empire to make the utmost sacrifice he is capable of, to ensure victory to Great Britain and her allies and the future peace to the world. Both men and money are urgently needed and the help which we give must be commensurate with the magnitude of the occasion and the position and prestige of Mysore.

2. So far as men are concerned, my Government have given ample facilities and encouragement to the people to offer their services as combatants or followers in the Mysore regiments or in the British army. I have noticed with pleasure and satisfaction that over one thousand men of the State have joined the colours during the last few months. But owing to the prolongation of the War, it is necessary that our efforts should be re-doubled and the flow of recruits materially augmented. I call on my people to come forward in much larger numbers to join the army and thus maintain the fair name of Mysore.

3. In regard to pecuniary help, I have from time to time placed at the disposal of His Excellency the Viceroy, to meet the cost of the war, all the money that I could spare from the revenues of the State; and my Government and my people have also subscribed a considerable sum to the first Indian war loan. We have now another opportunity to help by subscribing to the second loan, the terms of which have just been announced by the Government of India. I have directed my Government to invest a sum of 30 lakhs in this loan; and I have every confidence that my people will render substantial assistance to the Empire by generously subscribing to it and thus give a practical proof of that spirit of loyalty, which has always animated them in the past.

KRISHNARAJA WADIYAR.

PART I—Section 2.

Message from Colonel His Highness Maharaja Sri Sir Krishnaraja Wadiyar Bahadur, G.C.S.I., G.C.B.E., to the people of the Mysore State.

My loving subjects in all parts of the State must be aware that the tremendous conflict, in which the British Empire is engaged in the cause of liberty and righteousness and in which my forces are taking a small but willing and effective part, has now reached a stage in which it is the duty of every citizen of the Empire to make the utmost sacrifice he is capable of, to ensure victory to Great Britain and her allies and the future peace to the world. Both men and money are urgently needed and the help which we give must be commensurate with the magnitude of the occasion and the position and prestige of Mysore.

2. So far as men are concerned, my Government have given ample facilities and encouragement to the people to offer their services as combatants or followers in the Mysore regiments or in the British army. I have noticed with pleasure and satisfaction that over one thousand men of the State have joined the colours during the last few months. But owing to the prolongation of the War, it is necessary that our efforts should be re-doubled and the flow of recruits materially augmented. I call on my people to come forward in much larger numbers to join the army and thus maintain the fair name of Mysore.

3. In regard to pecuniary help, I have from time to time placed at the disposal of His Excellency the Viceroy, to meet the cost of the war, all the money that I could spare from the revenues of the State; and my Government and my people have also subscribed a considerable sum to the first Indian war loan. We have now another opportunity to help by subscribing to the second loan, the terms of which have just been announced by the Government of India. I have directed my Government to invest a sum of 30 lakhs in this loan; and I have every confidence that my people will render substantial assistance to the Empire by generously subscribing to it and thus give a practical proof of that spirit of loyalty, which has always animated them in the past.

KRISHNARAJA WADIYAR.

It shall be the duty of the Patel to give immediate information to the officer in charge of the Police Station within whose limits his village is situated, of the arrival of gangs of Heratis, Beluchis, Kabulis, Kandharis and other cognate tribes within the limits of his village.

2. On receipt of such information the Sub-Inspector or other officer in charge of the Police Station shall at once report the fact to the District Superintendent of Police and to the District Magistrate or Sub-Divisional Magistrate through the Taluk Inspector, and shall at once proceed to the spot where the gang is encamped. 6. Two or more constables, according to the strength of the gang, should be detailed to watch the gangs, as they move from place to place and to see that they keep to the declared, or prescribed route. Their sole duty will be to keep the gangs under surveillance. Whenever they notice that the gangs act improperly, or in violation of their declared intentions, or the conditions imposed by the District Magistrate or Sub-Divisional Magistrate, they must forthwith report the facts to the nearest officer in charge of a Police Station for necessary action.

7. When any gang commits any depredation no effort should be spared in bringing the chief offenders to justice for specific crimes or treating them as the law allows under Chapter VIII of the Code of Criminal Procedure.

8. Police Officers of and above the rank of Jamedars may record the finger impressions of all members of such gangs.

9. Licenses to carry arms shall not be granted to members of these gangs.

PART I—Section 2.

Message from Colonel His Highness Maharaja Sri Sir Krishnaraja Wadiyar Bahadur, G.C.S.I., G.C.B.E., to the people of the Mysore State.

My loving subjects in all parts of the State must be aware that the tremendous conflict, in which the British Empire is engaged in the cause of liberty and righteousness and in which my forces are taking a small but willing and effective part, has now reached a stage in which it is the duty of every citizen of the Empire to make the utmost sacrifice he is capable of, to ensure victory to Great Britain and her allies and the future peace to the world. Both men and money are urgently needed and the help which we give must be commensurate with the magnitude of the occasion and the position and prestige of Mysore.

2. So far as men are concerned, my Government have given ample facilities and encouragement to the people to offer their services as combatants or followers in the Mysore regiments or in the British army. I have noticed with pleasure and satisfaction that over one thousand men of the State have joined the colours during the last few months. But owing to the prolongation of the War, it is necessary that our efforts should be re-doubled and the flow of recruits materially augmented. I call on my people to come forward in much larger numbers to join the army and thus maintain the fair name of Mysore.

3. In regard to pecuniary help, I have from time to time placed at the disposal of His Excellency the Viceroy, to meet the cost of the war, all the money that I could spare from the revenues of the State; and my Government and my people have also subscribed a considerable sum to the first Indian war loan. We have now another opportunity to help by subscribing to the second loan, the terms of which have just been announced by the Government of India. I have directed my Government to invest a sum of 30 lakhs in this loan; and I have every confidence that my people will render substantial assistance to the Empire by generously subscribing to it and thus give a practical proof of that spirit of loyalty, which has always animated them in the past.

KRISHNARAJA WADIYAR.

EXCISE DEPARTMENT.

NOTIFICATION.

NOTICE OF SALE OF EXCISE AND OPIUM PRIVILEGES.

No. 209-17, dated 25th March 1918.

Notice is hereby given that the exclusive privilege of selling liquor, intoxicating drugs and opium in the several shops appointed for the purpose and published in the Schedule during the twelve months beginning 1st July 1918 and ending 30th June 1919, will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or District Officers of the Excise Department or other officers specially authorised by the Deputy Commissioners for the purpose, on the dates and at the Taluk or Sub-Taluk headquarters mentioned in the statement annexed, subject to the conditions hereinafter set forth. If the sales are not completed on the dates fixed, they will be continued on the next following days, close holidays excepted.

Condition of Auction Sale.

II. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit.

III. The shops will be put up to auction in the order in which they are notified in the Schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of bidders.

Note 1.—The privilege of vending toddy in any Coffee Estate or kan may be sold to the Planter or kan-holder for any fixed amount not less than Rs. 36 per shop per annum.

Note 2.—Toddy shops in alienated villages whose claims to the Excise revenue from toddy have been recognized or have not yet been settled shall invariably be sold separately, and the amounts connected therewith shall be shown in the accounts under a distinct head.

IV. Every shop should, as a rule, be sold independently. Grouping should be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

VII. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or in arrears to Government or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages.

VIII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government on the advice of the Excise Commissioner for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

IX. In cases of dispute at the time of auction, the selling officer's decision shall be final; and if for any reason the highest bid is rejected, the next highest shall be taken or the shop resold at his discretion.

X. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

XI. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit* which together with the initial deposit made under condition II, will make up one month's khist for each shop. Should he fail to do so, the deposit made by him under condition II will be forfeited and the shops will be put up again immediately to auction by the selling officer on the above conditions or otherwise disposed of by the Deputy Commissioner, and the defaulter will be debarred from bidding again for the same or for any other shop. In the case of foreigners the initial deposit together with the further deposit may be raised equal to two months' khist. Successful bidders shall be granted proper receipts for the amount deposited by them.

XII. Persons to whom shops have been knocked down and who have made deposits as provided in conditions II and XI shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and they shall also deposit* such further sum as with the former deposits will make up two months' rent. Such deposit should be paid into Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns.

XIII. If, on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in condition XII *supra* or to get a surety, or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation, II of 1900) and also registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XIV. As soon as the sales are over, the sale conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

XV. On the failure of any person to make deposit under condition XII or to comply with the requisition under condition XIII *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly be resold or otherwise disposed of at the discretion of the Deputy Commissioner.

XVI. Re-sales effected under condition XV will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

XVII. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

* Deposits may be in cash or other approved security.

XVIII. The deposit referred to in condition XII or condition XIII, as the case may be, will be taken as security for the due performance of the conditions of the license. It will be returned to the licensee after the expiry of the period of his lease and after adjustment from it of any dues payable by him to Government.

XIX. The licenses issued under the above clauses will contain the following general conditions common to all Excise and Opium licenses and the special conditions prescribed below for each particular kind :—

General Conditions applicable to all Excise and Opium Licenses.

The manufacturers of arrack and other country spirits as well as the licensees of Arrack Bonded Depots are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants and from employing any person who has such interest.

2. The limits within which sales and possession under any Excise or Opium licenses may be carried on will be specified by the Deputy Commissioner at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of liquor, intoxicating drugs or opium outside those limits is prohibited except with the special permission of the Deputy Commissioner.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communications between the depot or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops in Municipalities or towns having a population of 2,000 and over, the shop premises shall have no doors except into the main street; unless barred and protected by wire netting, no windows or other openings shall be allowed to the rear or at the ends of the building; there shall be no possible means of ingress or egress in any other direction; the bar at which the sale is held shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and from in the street, and shall not be more than four feet raised from the ground and no second room shall be used for sale, or be kept open for customers. The interior of the shop shall be sufficiently lighted by day and night and the premises shall be kept clean and in a sanitary condition. The shop shall not be used as a place of residence but vendors or care-takers may sleep in it at night, if necessary, to safeguard the stock.

4. Except when two or more Foreign Liquor licenses or the Ganja and Opium licenses in the same locality are held by one person, or in the case of licenses held by Chemists and Druggists, and Medical Practitioners, sales under different licenses must be conducted in different premises.

The possession upon any licensed premises of any liquor, intoxicating drug or opium except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding license is prohibited. But intoxicating preparations made from opium other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium.

5. A signboard must be affixed to the front of each shop showing the nature and number of the license under which sales are conducted there and the name of the licensee. These particulars must be legibly painted in the local vernacular. The license must be hung up in a conspicuous place within.

6. All liquor, intoxicating drugs and opium sold or kept for sale shall be of good quality undiluted and unadulterated. Nor shall a blend of different kinds of liquors be made and sold under the designation of one of them. Nothing shall be added to them either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorized to inspect depots and shops (*vide* condition 25 *infra*) are authorized to detain any liquor, intoxicating drug or opium found unfit for consumption or use, or which they may believe to have been tampered with, and the Excise Commissioner, Deputy Commissioners and District Excise Officers are empowered to confiscate and destroy such as are found unfit for consumption or use.

7. The manufacture, sale or transport of liquor, intoxicating drugs or opium and the tapping or drawing of toddy in the case of palm trees by persons below the age of sixteen or by persons suffering from leprosy or any contagious disease and the employment of such persons in groves, shops or depots for the sale of the same are prohibited. The District Excise Officer or the Range Inspector may call for the names of all persons employed or proposed to be employed in depots, shops or groves and the District Excise Officer may forbid the sale of intoxicants or their manufacture or transport by any person whom he may disapprove.

8. The opening hour of sale will be 9-30 A.M., in the case of Arrack, Foreign Liquor and Beer shops, and sunrise in the case of other shops and depots, and the closing hour will be 8 P.M., in the case of all depots and shops. Special discretion is given to Deputy Commissioners to reduce these hours further in industrial areas by closing the shops on week days from 11-30 A.M., to 1-30 P.M., and on the afternoon of pay days and by directing the shops to keep open on Sundays only between 11-30 A.M. and 4 P.M. In the cites of Bangalore and Mysore and in the Kolar Gold Fields, sales after 8 P.M. will be allowed in special cases under separate licenses and on payment of such fees as may be prescribed by the Excise Commissioner. Power is reserved to Deputy Commissioners on the report of Police or for other sufficient recorded reasons, to order the closure of any particular shop either in towns or in the country at 7 P.M., if they consider such a course to be advisable in the interests of the public.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons or prostitutes or soldiers or others known or believed to be deserters shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police Officer.

11. No person shall be harboured in any depot or shop during the night.

12. Depots and shops situated on or adjacent to the line of march must be closed, if the Deputy Commissioner so orders, while a Regiment or Detachment of European or Native soldiers is passing or is encamped in the vicinity. Deputy Commissioners or Revenue Assistant Commissioners shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depot and shop-keeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. The Deputy Commissioners may order the transfer of depots and shops from one locality to another within the limits of the same town or village or the closure of the same. But no new shops shall be opened except with the previous sanction of the Excise Commissioner.

14. 1. No occasional licenses will be issued for sale of liquor during Jatras and except in Municipal towns, existing shops, if any, will be removed to a distance of one mile from the place of Jatra during duration of the Jatra.

2. Ordinary shops will not be located in unduly prominent places so as to be offensive or to offer unnecessary allurements.

15. No liquor, intoxicating drug or opium shall be sold or given—

(*a*) except at shops specially approved by the General Officer Commanding the Division (or independent Brigade) or the Officer Commanding the Cantonment or Camp; and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the license—

(1) to sailors of the Royal Navy, soldiers and the members of their families, or,

(2) to any other person living in barracks;

(*b*) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, all classes of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;

(*c*) in any circumstances, to any—

(1) European vagrant under escort of the Police;

(2) child under 16 years of age;

(3) insane person; or

(4) person known or believed to be intoxicated.

16. No privilege of supply or vend shall be sold, transferred or sub-rented without the Deputy Commissioner's previous permission, which will only be given if the applicant is prepared to forfeit his deposit already made except in cases where the Deputy Commissioner sees reason not to enforce the penalty. Nor, if the Deputy Commissioner so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any Excise or Opium License will be allowed, without the written permission of the Excise Commissioner to possess or continue to possess any interest direct or indirect in any Excise or Opium License outside the Territories of Mysore, or in the Civil and Military Station of Bangalore.

18. Depots and shops must be kept open daily unless their temporary or permanent closure is authorised under condition 12 or 13 *supra* and such supply of liquor, intoxicating drugs or opium as the Deputy Commissioner may consider sufficient to meet local requirements must be maintained therein. The details of such supply will be published in the *Mysore Gazette*. Shops not opened by 1st July or on such dates to be fixed by the

Deputy Commissioner in the case of bagani toddy shops shall be liable to be re-sold at the risk of the licensees.

19. No liquor, intoxicating drug or opium shall be sold in shops except for cash. The licensees shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shop-keepers or firms of standing and respectability dealing in Foreign and Special Liquors for consumption off the premises.

20. No liquor, intoxicating drug or opium shall be sold below the minimum prices prescribed for the sale of the same as noted in the foot note.*

21. No liquor, intoxicating drug or opium in excess of the quantity prescribed for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit.†

22. True accounts of transactions shall be maintained from day to day in ink in the prescribed form in all shops and depôts except toddy shops. The account and permit books may be obtained from the local Excise Officers on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, intoxicating drugs or opium received must be carefully filed. The accounts and permits shall immediately after the expiry of the lease, be handed over to the Range Inspectors who shall preserve them for a further period of one year before they are destroyed.

23. Such returns and information as may be required from time to time by any officer not below the rank of an Excise Assistant Inspector shall be furnished by holders of licenses without delay.

24. Only such weights and measures as may from time to time be prescribed by the Excise Commissioner shall be possessed or used on any licensed premises. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment. In the case of toddy shops, earthen or other measures may be used provided they are of the same capacity as those of the prescribed measures which must however be maintained in all licensed premises. There is no objection however to use a quarter seer toddy measure in case of necessity.

25. Any officer of the Excise Department of rank not lower than Sub-Inspector is authorised to inspect licensed shops and depots. These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, intoxicating drugs and opium in the possession of licensees, and to call for and check the accounts kept in the shop or depot. Police officers will also make an inspection when it comes within the scope of their duty.

26. An inspection note-book with the pages numbered consecutively, for inspecting officers to enter their remarks in shall be maintained, and always kept in the shop and be handed over to the Excise Inspector in charge of the range or any officer authorised by him to receive it on a receipt being given therefor, when it is wanted by such officers for the purposes of an enquiry under the Excise Regulation or the rules framed thereunder.

27. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into the local Government Treasury together with any Railway cess, the levy of which has been already ordered (as noted in the foot note)* or may be ordered in the course of the year on or before the 10th of each month beginning with July. Licensees who fail to make payment of monthly instalments as aforesaid shall be liable to pay interest from the following day together with such fines as may be imposed by the Deputy Commissioners.

NOTE.—In the malnad and semi-malnad taluks, the Deputy Commissioners may permit patels of villages who are not themselves licensees to receive payments not exceeding Rs. 50 from any individual at a time.

28. No remission or abatement of the rent shall be claimable on any account whatever.

29. Any sum due by a licensee may be recovered by attachment and sale of the property of the licensee or his surety under any law for the time being in force for the recovery of arrears of land revenue.

In the case of arrack, toddy and drug shops, this power will be exercised by Amildars and in other cases by the Deputy Commissioners.

31. In the event of the aforesaid arrack, toddy or drug licensee failing to pay his khist, the Amildar after suspending the license shall with the previous sanction of the Deputy Commissioner re-sell after notifying the date of resale by affixing a notice on the Taluk Office Notice Board, the privilege with effect from the date of issue of license to the new purchaser. The date of sale shall be after the 20th of the month for which the khist is due, and before the close of the month. The Deputy Commissioner may also in his discretion dispose of the privilege in any other manner. Service of notice on the defaulting licensee is dispensed with under this rule. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture at the discretion of the Deputy Commissioner who may either direct such forfeiture or appropriate the same towards the arrears due by the defaulter as well as towards the deficits if any arising from the re-sale or other disposal of the privilege. The officer who has power to suspend the license may, however, at his discretion allow sales to continue pending re-sale or other disposal of the privilege.

32. Interest on all moneys due shall be payable at the rate of one pie per rupee or fraction of a rupee per month or fraction of a month.

33. Infraction of any of the conditions of the license either by a licensee or by any person in his employment will entail on the licensee —

either (*a*) fine up to Rs. 50;

or (*b*) forfeiture of deposits, if any, and cancellation of license and re-sale or other disposal of the privilege at the risk of the licensee.

The licensee or his agent or both may also be prosecuted for the specific offence committed. The rent for the whole lease shall become due at once, when a lease is cancelled under this condition.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

34. Any license may be forfeited and the privilege re-sold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the *Excise Regulation or Opium Act* or of any offence under the Indian Penal Code, which in the Deputy Commissioner's opinion renders him unfit to hold it. *The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license.* Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

35. Licensees are bound to report to the Deputy Commissioner all instances which come to their knowledge of persons employed by them in the manufacture, carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Excise or Opium Laws or of engagements entered into by them and to comply with the Deputy Commissioner's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Deputy Commissioner's previous permission.

36. Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

37. With the sanction of the Excise Commissioner, any license shall be revocable by the Deputy Commissioner at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

38. All licensees shall be bound by any additional general rules that may be prescribed under the Excise or Opium Laws and if so required by the Deputy Commissioner or any officer authorized by him, to deliver up their licenses for amendment or for the issue of fresh ones.

39. No licensee shall have claim to any compensation or remission on account of any arrangements which may be made in regard to liquors or intoxicating drugs other than those to which his license relates.

40. No licensee of any one kind of liquor shop shall, during the term of such license, have any interest in the exclusive privilege of vending any other kind of liquors within five miles from it, nor shall he permit any person having such interest to hold any share or interest in his exclusive privilege.

41. The licensee shall be bound to take over any liquor or drug which may remain in the shop as stock in hand belonging to the outgoing licensee, whether the privilege is

purchased at a re-sale or at an original sale, at the time when the privilege is made over to the former, paying the latter such compensation for the same as may be fixed by the Deputy Commissioner. Any liquor or drug that at the time of stock-taking is found to be unfit for human consumption will be destroyed and the out-going contractor is not entitled to any compensation for it.

XX. Conditions applicable to Arrack Licenses.

1. The privilege conferred by the license extends only to the sale of arrack of the strength of 30° U.P. In places where separate shops are not licensed for the sale of sugar-cane jaggory arrack, of 30° U.P. the arrack shop-keeper may be permitted to sell jaggory arrack in reputed pint or quart bottles. This privilege is however liable to be withdrawn at any time during the lease and it shall not be open to the licensee to claim any compensation on this account. But in places where both arrack and special liquor shops exist the privilege of selling bottled jaggory arrack will be disposed of by the Deputy Commissioner by getting both the licensees to bid.

2. Arrack of the strength of 30° U.P. shall be purchased only from the Bonded Depots established by Government at the following rate per gallon:—

Duty	Rs. 5 4 0	Rs. 6 1 2 plus Railway Cess, if any.
Price	„ 0 13 2	

(1) The quantities purchased at one time shall not fall below one gallon of arrack. For the transport of liquor from the Bonded Depots, arrack shop-keepers should provide themselves with jars or other suitable receptacles which can be effectively closed and sealed and also arrange to get the consignments properly sealed before delivery from the Bonded Depots.

(3) The licensee shall pay the above duty, price and other charges into a Taluk Treasury or to a special shroff, if any, appointed on this behalf at the cost of Government, and located at the Taluk Cutcherry to receive such duty, price and other charges *daily* including Sundays and holidays or to such other officer as may be appointed by the Deputy Commissioner, and shall obtain a receipt in the prescribed printed form. For this purpose a chellan book prescribed for the year will be granted to each shop-keeper free of cost in the first instance. On production of such receipt, the Bonded Depot-keeper shall issue the quantity of liquor equal to the amount of duty and price shown in the said receipt which will be forwarded to the Deputy Commissioner's office under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the liquor was issued. The Depot-keeper aforesaid shall issue a permit in the prescribed form for the transport of liquor from the Bonded Depot. He shall also issue sample bottles with the consignments in such manner as may be ordered by the Excise Commissioner.

(4) Persons who purchase group of shops may, with the special permission of the Excise Commissioner who is at liberty to refuse it and under a license by a competent authority, open a depot and remove thereto liquor purchased from the Bonded Depot and issued therefrom the requisite supply to their shops.

(5) No consignments of arrack received at the shop which have been transported through British Territory shall be opened before they have been verified by the officers authorised to do so.

(6) The arrack kept in his shop, offered for sale and sold, shall be unadulterated and undiluted, and it shall be of the same quality and strength as issued from the Bonded Depot subject to such margin as may be allowed by the Excise Commissioner from time to time.

NOTE.—The licensee shall maintain intact the sample bottle issued to him by the Bonded Depot-keeper with each consignment till the bulk of the liquor in the consignment is exhausted.

(7) "Arrack shop-keepers may be required by the Health Department to keep a pail of water in their shops for the purpose of washing tumblers used by consumers. Suitable arrangements shall, in this case, be made so that the vendor does not himself become the cleaner of such tumblers. A pail of water shall be kept at some distance from the counter or bar and a separate individual told off for the purpose of washing the vessels used for drinking."

(8) The licensee of every shop in the Cities of Bangalore and Mysore shall pay registration fee at the rate of Rupees (180) one-hundred and eighty per annum in advance for the period of the license for his shop and he shall pay a surcharge of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

XXI. Conditions applicable to Toddy Licenses.

(1) The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees and the licensee of the Bagani toddy shop shall not tap Date trees; but both licensees can tap any of the other palm trees named above.

(2) For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands under private arrangements between himself and the owners of such lands. If the Deputy Commissioner is satisfied that the said (hiduvali) trees should not be tapped, he is competent to withdraw the tree-tapping license and the licensee affected thereby shall not claim any damages therefor. In the case of trees on Government unoccupied lands included in the date reserve list and reserved for future use the previous sanction of the Excise Commissioner should be obtained before accepting applications for licensing them. The number of trees shown in the assignment lists is only approximate and is subject to alteration at the time of presenting application for trees. The District Excise Officer may approve all such alterations on the recommendation of the Range Inspectors. He may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the required permits on proof of the necessary for the same in the following cases:—

(*a*) Where there is an unusual demand for toddy in a shop in consequence of a festival or for any other valid reason to be recorded by the Range Inspector.

(*b*) Where trees have ceased to yield during the last few days of a lease.

(*c*) Where toddy drawn by one shop-keeper at the end of the lease cannot reach the shop before the first few days of the new lease.

(3) No toddy in excess of the produce of trees licensed for that shop and covered by a transport permit shall be transported to or kept in the shop or offered for sale or sold.

(4) The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

(5) If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under Section 26 of the Excise Regulation. Fresh applications for trees shall not be accepted from licensees until the arrears of tree-tax relating to all their shops are paid up.

(6) In case of default, the Amildar will order the suspension of the tapping license till the arrears are paid up; and if, after receiving notice of such suspension, the defaulter or his agent or employee continues to tap the trees, any or all of them will be punished departmentally or be prosecuted for illicit tapping.

(7) Tree-rent at Re. 0-4-3 per tree shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore. Railway cess on tree-rent will be levied in addition as stated in the foot notes to General Condition 27 *supra*.

NOTE.—No trees on Government occupied land can be tapped without the consent of the owner. The present arrangements as regards trees in alienated land will hold good, subject of course to the levy by Government of tree-tax.

(8) The tapping of trees is subject to the following conditions:—

(*a*) Date trees shall be tapped only by professional men.

(*b*) No date tree shall be tapped oftener than in alternate years or for more than four months in the year.

(*c*) Trees shall not be over-tapped or over-worked.

(*d*) In no date trees shall the initial incision be made at any point within four feet from the ground or eighteen inches from the top of any other incision except in places where permission is specially given by the Deputy Commissioner.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(*f*) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately

next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(*g*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(*h*) The licensee or his employer will be liable to pay a fine of two rupees for each tree, which may die from over-tapping or careless tapping either during the lease or within six months after its expiration. The fine will be levied on trees found dead at the close of every quarter. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(*i*) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip of their leaves or branches.

(*j*) When the licensee makes default and his shop is re-sold, or otherwise disposed of his rights to and claims on all toddy-yielding trees for the purpose of tapping cease and determine.

(9) The licensee shall not interfere with the persons holding license for cutting date leaves for mat-making, rope making, basket making, or for agricultural or other purposes when they make use of the trees assigned for such purposes, and not reserved for tapping.

(10) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(11) The distillation of spirit from toddy is absolutely prohibited.

(12) If the licensee of a group of shops wishes to transport the toddy intended for his several shops *in one consignment*, he should obtain a depot license and carry the toddy to this depot with the usual permit. The toddy intended for each shop shall be distributed in accordance with the permits granted for transport from the depot to the shop. The permits issued with the toddy transported shall be subject to examination and check by the officer authorised in this behalf.

(13) Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorised by the rules, are strictly prohibited. Provided, however, that in Bagani tracts, the licensee who has purchased the right of vend of Bagani toddy, may permit the tapping of Bagani trees for domestic consumption as well as for sale within the limits of the village purchased by him.

(14) The licensee or his vendors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government and mentioned in the schedule. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

(15) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap-man to enable Excise Officers to examine spathes or incisions as the case may be.

(16) The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy but such carts shall not be impressed for Government work.

(17) The following rules shall regulate the issue, etc., of licenses under Section 12 of the Mysore Excise Regulation, V of 1901, for the tapping of toddy producing trees and for the drawing of toddy therefrom :—

1. Tree-tapping licenses in the prescribed form shall be issued on the application :—

(*a*) of licensed toddy shop-keepers or of their duly authorised agents;

(*b*) of toddy shop-keepers or renters in the Madras Presidency; and

(*c*) of malnad land-holders free of the prescribed tree-tax for drawing toddy for *bonâ fide* domestic purposes as per Government Order No. Fl. 7473-83—S. R. 248-12-7, dated 11th June 1917.

(1) The maximum number of trees allowed to be tapped free of tax for *bona fide* domestic consumption such as bread-making, etc., will be as below :—

Coffee Planters ...	... Three ...	... (Annually).
Kanholders ...	... Two ...	... do
Hiduvalidars ...	... One ...	... do

(2) Coffee planters may be allowed to open an estate shop subject to minimum shop rent of Rs. 3 per month.

(3) Kanholders may also be allowed to open shops in their holdings on the same terms, provided that they show to the satisfaction of the Deputy Commissioner that they have a legitimate demand for such shops for the use of their coolies and dependents.

The licenses may be issued in the name of the applicant himself or of his nominee.

2. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

3. The tree-tax on toddy produced by trees in the Madras Presidency, but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed challan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules; and will obtain a transport permit from the Inspector concerned in the Mysore State, for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules. The British and the Mysore Governments reserve to themselves the right to impose in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore Licensees alike. The arrangements agreed to by the Madras and Mysore Governments with regard to the issue of the licenses for tapping trees in either territory on the application of shop-keepers in the other do not prevent the reservation of trees in any specified area, in the Madras Presidency or in Mysore State, with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into the British or the Mysore Treasury does not entitle an applicant to tapping licenses for trees so reserved.

4. Applications for tree-tapping licenses, for trees in occupied or alienated lands should be countersigned by the owner of the trees intended to be marked, in token of his consent to the trees being tapped and to holding himself liable for the tree-tax in case the license-holder fails to pay it and such countersignature shall, in the case of illiterate owners, be attested by the patel or shanbhog of the village in which the trees stand. Applications for tree-tapping licenses for trees in the State Forest and plantations should be countersigned by the Forest Range Officer in token of his consent.

5. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license and transport permits as detailed in the T. T. Rules. Applicants for date trees shall get the requisite space on their stems prepared and point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

6. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or spaces for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

7. For date trees, tapping licenses and transport permits shall be issued current for four months subject to the condition that this limit of four months shall not extend to any period beyond the close of the lease. In the case of other palm trees (cocoanut excepted), the period shall be annual. Tapping licenses and permits for cocoanut trees shall be half-yearly, *i.e.*, from 1st July or any

subsequent date to 31st December next and likewise from 1st January or any subsequent date to 30th June next. If the same cocoanut tree licensed in the first half year is intended to be tapped in the second half year as well, tree tax will have to be paid for again. For the convenience of the licensee, the application for tree tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days previous to 1st July 1918; but pots shall not be attached before the evening of 23rd June.

8. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap. The Excise Commissioner may relax the restriction in any local area on sufficient cause being shown. This will not apply to toddy contained in the pots attached to the spathes of the trees.

9. The following shall be the fees payable on account of each tree for the tapping of which license is applied for:—

Description of trees.	*Rates of tree-tax per tree per annum.* Rs.	a.	p.
Date	2	4	0
Cocoanut	6	0	0
Palmyra	2	0	0
Bagani or sago	2	0	0
Dadasal (Arenga wightii)	1	0	0

10. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

Period within which license is applied for	Proportion of tree-tax to be paid at the time of application for license	Proportion of tree-tax to be paid on the last day of the second month
Between 1st July 1918 and 31st March 1919.	One-half ...	The remaining half

REPORT OF THE HONORARY AUDIT COMMITTEE ON THE AUDIT OF ACCOUNTS OF THE MYSORE CITY MUNICIPAL OFFICE FOR THE MONTH OF DECEMBRR 1917.

General Cash Book.

It is posted up to date. The balance at the Treasury has not yet been definitely ascertained. There seems to be a difference of Rs. 5,460-4-1, as shown below between the balance at the Treasury and that shown in the Office Cash book up to the end of November 1917. This requires immediate rectification.

This cannot be reconciled until June 1917 final is received from the Comptroller as already replied.

	Rs. a. p.
Municipal Balance ...	8,125-15-6
Treasury ,, ...	2,664-11-5
Difference ...	5,460 -4-1

Challans in respect of all items of receipts have been obtained and filed in the office.

1. V. No. 48. A sum of Rs. 1-13-0 has been received from Mr. Puttananjaraj Urs on 8th December 1917 on account of tax on house No. 1044 in Krishnaraja Mohalla for 1916-17. The said amount is kept in Deposit. The receipt of this amount is unauthorised as no dues are shown against the above property in the Khate of that Mohalla. It is therefore suggested that this amount be returned early to the gentleman.

Notice has been issued to party to receive the amount.

2. V. No. 63. Instalment due from the Toll Contractor was received on the 11th ultimo instead of on the 10th. It is not known why penal interest for a day was not recovered from him?

As office was held in the morning on the 10th in connection with "Our Day", the amount was received on the 11th.

3. The Sayor Daroga reported that if the full complement of the sanctioned staff is given to his office, the Baramarga establishment might be done away with. Why should not this be done from the beginning of February 1918.

The question is under consideration of the Special Sub-Committee and will be decided shortly.

4. Imprest V. No. 8. Paid Rs. 9-9-6 for petty work done in Curzon Park road. Why was it not carried out by the Khalihath Gang?

As this being stone revetment for drain work, Kalihath Gang could not do it.

5. Bill No. 604 for repairing the Yelwal Road.—

i. In this bill no rate for the supply of gravel is entered.

The rate for works that are paid in the previous bills will not be entered in the succeeding bills, unless if it is a new item.

ii. For drain clearing Rs. 40-8-0 was paid to the Contractor. If such works could not be got done by the Khalihath Gang, it is not known, for what other purpose it is maintained.

The Kalihath gang is maintained to do petty repairs of road works, it is not possible to get all the repairs such as clearing side and check drains by the gang. The drain works require special workmen.

It seems necessary that definite instructions should be issued to the Municipal Engineer as to what works are to be executed by the gangs and what works by the Contractors.

5. V. No. 617 to 620.

Against an indent submitted by the Health Officer for 559 baskets, 211 thin bamboos and 76 seers of twine, only 519 baskets, 191 bamboos and 71 seers twine were acknowledged as supplied. But a bill for the full quantity of articles indented for has been passed. This requires explanation.

Acknowledgment for the whole supply has been taken. The only item omitted to be acknowledged by the concerned Overseer, has been now acknowledged.

Tenders for the supply of the above articles do not seem to have been called for as resolved by the Council on the recommendation of the Audit Committee. (*Vide* report for April 1917.)

Will be attended to from the beginning of the next official year.

7. V. No. 621. Paid Rs. 265 for constructing a pandal in front of the Central Police Station in Dasara—what became of the pandal materials? And what were the terms under which the pandal was put up?

The bamboos and posts are generally supplied from the Stores, other materials and panels will be taken back by the Contractor as usual.

8. V. No. 648. Purchase of tools for Rs. 768-6-0, why was not sanction of the Council to this estimate obtained (*Vide* Rule (*b*), page 230 of the Regulation)? Once again we have to urge the necessity for calling tenders for such supplies with a view to secure economy.

Noted.

9. V. No. 649. Paid Rs. 26 to the Coonoor Institute. The authority for incurring this charge may kindly be noted.

The amount was paid as a special case as per Comptroller's intimation.

10. Imprest V. No. 35 and another.

Refund of Rs. 20 plus 2-8-0 as per resolution of the Town Hall Committee to J. R. Co., as they did not give the performance on the day engaged. This refund is against rules and the amount should be recovered.

The amount was refunded as the performance was not given. There is no rule to prohibit the refund. Half lighting charges have been recovered.

11. The right to collect the fruits of the tamarind tree behind Kakipylwan Musjid was auctioned by the Octroi Ameen for annas eight for the whole year 1917-18. The Vice-President asked the Octroi Daroga to put it to auction and the Daroga in turn asked the Ameen to attend to this work. This is rather irregular in spite of the instructions given by the Council at the recommendation of the Audit Committee.

Noted and the Daroga has been warned.

12. Bills prepared in October, November and December 1917 were not after necessary check passed on for payment (*vide* measurements books). Delay in discharging the

With a view to exercise a systematic watch over dues to and from the Contractors, a Contractor's ledger in Public Works Form No. 36 may be maintained in the Engineer's Office, and a monthly list of balances due to and from the Contractors be submitted to the President.

1. Railway Station road repair bill on 21st December 1917, Rs. 41-2-6.

13. Electric lights in the City:—

The file of papers in *re* the installation of electric lights is very incomplete. Information on the following points may kindly be caused to be furnished to the Council.

(i) The total number of lights stipulated to be installed in the City.

(ii) Is the stipulation in this respect completely adhered to?

(iii) Are the lights installed in plans originally fixed, or are there any deviations as there is reason to believe there are?

(iv) On what data does office check bills received quarterly from the Electric Department, before passing them on for payment?

(v) Has the Council accorded its sanction to the installation of 16 lights in Body Guard Lines road instead of 4 lights provided for in the plan, or were the additional lights put up at the instance of any other agency?

(vi) Why contributions are not demanded for lights fixed up on the roads of the Gardon Park, Exhibition roads, etc., which are not under the Municipal control?

A correct plan showing the positions of the existing electric lights may be caused to be prepared early.

To facilitate the preparation of estimates, a schedule of rates in Form 71 should be prepared yearly and passed annually by the Council in July of each year, no such schedule has been prepared for the year. The attention of the President is invited to Rule 251 and 252, M.A.M., on the subject.

No account is maintained in this office regarding the installation of electric lights.

Bills are checked on the data noted therein that is:—600 lights at Rs. 10,000 and the rest at Rs. 16 per light per year (sanctioned).

The Superintendent, Power and Light has been requested to furnish the information on receipt of which, reply will be given.

There is neither a reference nor such system existing in this office. These are public roads. It is doubtful if contributions be claimed.

A reference has already been made for an extra hand to do this work.

Will be submitted shortly. The delay is due to for want of a clerk in this office.

Pounds.

Recovery of tom tom charges under "Pounds," under what authority this fee is being recovered from the parties may be noted.

Annas four, being the tom tom fees for circulation is recovered and credited to Municipal Funds to "service rendered to private individuals" the tom tom peon being paid from Municipal Funds.

Miscellaneous items.

Collections of monthly instalments under his head are irregular. Rs. 210-4-2 being the arrears of 1916-17 and previous years, and Rs. 402-6-0 for the current year remain uncollected. Demand notices are being issued every month and no further action is taken against the defaulters for the recoveries of these amounts.

Suits have to be filed. No other action is possible. So, some time is given and if they do not pay, suits will be filed.

1. Taxes on vehicles, animals and dogs.

Rule 38, M.A.M., specifically lays down that the basis of assessment of taxes on the above are the half-yearly statements furnished by the Inspectors or Shekdars referred to in Rule 33, and the declarations made by the owners in Form 54. Declarations from the owners of vehicles and animals have not been taken. Vehicle tax register as per last year's demand (simply copy of the previous years) has been written. The accuracy of the register not prepared in accordance with the above rules is always open to question.

Rule 38, M.A.M., and Form No. 54 refer to a Municipality in which the procedure of previous licenses before keeping vehicles and animals is in force and cannot be applied to this Municipality. The form prescribed is No. 12 and this has been written up. These have been cancelled by Government.

Government have ordered that all Vice-Presidents are personally responsible for any loss of Municipal Revenue and they should check Municipal accounts periodically, *vide* Government Order No. 6091-102, dated 10th February 1915. It is therefore requested that the Vice-President will also check the entries in the cash books.

Noted.

2. Town Hall was given free of rent to the following institutions for dramatic performances as per resolution of the Town Hall Committee, dated 21st January 1918.

(1) S. R. Association on 19th January 1918, only Rs. 2-8-0, being the lighting charge was recovered.

The question will be placed before the Town Hall Committee.

(2) Young Mens Association on 26th January 1918 and 30th January 1918.

This procedure is against rules.

3. V. No. 225 for Rs. 1,368. Surcharge fees.

In the challan it is stated that this amount relates to the period of the 2nd quarter of 1916: but in the cash book it is noted as 2nd quarter of 1917. Please correct the error.

Corrected.

Expenditure.

1. Receipts have been obtained for all payments except for V. No. 670.

Public Prosecutor has been reminded.

2. V. No. 676. Incurred an expenditure of Rs. 22-8-0, for repairing the bund road. The peculiarity in this case is that the estimate was sanctioned on 10th April 1915; but the work was executed in January 1918.

This refers to incomplete work which was brought forward and paid during the year.

3. V. No. 766 for Rs. 222 for constructing sweepers-huts.

The estimate was sanctioned on 2nd December 1916 for Rs. 1,260.

Amount spent in 1916-17	Rs.	431	2	11
In January 1918	,,	222	0	0
Balance	,,	606	13	1

Total Rs. 653 2 11.

why delay in working out this estimate may be explained. It is reported that old materials of the Devaraja Market were utilised for constructing these sheds. If so, what quantity of them was used may be explained.

4. V. No. 774. Paid Rs. 67-4-0, being the wages of coolies employed in December and January for repairing the hill ghat road. Please note the authority for incurring this expenditure on works which are not Municipal.

5. V. No. 780. Final bill for Rs. 1,721-12-7, for constructing W. Line Market was submitted in December 1917 and paid. The reserve amount of Rs. 89, was also paid in January 1918. Why completion report as per rule 267 M. A. M. was not submitted by the Municipal Engineer along with the bill?

6. Provision of Rs. 200 has been made in the budget for the maintenance of Hardinge Circle and this amount was spent in January 1918. Please note the resolution of the Council for taking charge of this Circle.

The matter may be placed before Council.

License Register.

Checked the License register with that of the previous years. The following owners of vehicles have not taken out licenses (*vide* list attached). When renewal of license is applied for, previous years license number should be noted in the remark column of the register for verification. We believe that if the procedure laid down in rules 202 and 203 M. A. M. had been followed in prepairing the License register, these vehicles would not have escaped.

THE MYSORE IMPERIAL SERVICE TROOPS WAR FUND.

A meeting of the Managing Committee of the Mysore Imperial Service Troops War Fund was held in the Imperial Service Lancers' Reading Room, Hebbal, at 8-30 A.M., on Monday the 18th March 1918. A number of recent recruits to the Mysore Imperial Service Lancers were seen to be on drill in the spacious grounds attached to the lines at the time the meeting was held. The hall was tastefully decorated. His Highness the Yuvaraja of Mysore, G.C.I.E., presided. Sirdar M. Kantaraj Urs, Honorary Secretary, presented the audited accounts of the Fund which were duly passed. He explained that the Fund had spent up to date about Rs. 6,500 in donations to families of deceased officers and men and in despatching comforts to the men in the Field. The balance at the credit of the Fund was about Rs. 57,000.

Dewan Bahadur J. S. Chakravarti proposed that Sirdar Bahadur Major Chamaraj Urs, who had lately returned from the front after a long period of distinguished Field Service be elected a member of the Committee of the Fund and also a member of the Managing Committee. The proposal was carried unanimously. A communication from Major C. L. Harbord was read in which that officer expressed his high appreciation of the valour and worth of the Mysore Imperial Service Lancers in the Field. In the course of this letter the officer observed "They (the Mysore Lancers) were often under heavy fire, but I did not see a single instance of shirking or alarm. In fact they acquitted themselves as old and tried soldiers should and made me proud to command them".

The Committee resolved to send another consignment of comforts in April 1918 to the Mysore Imperial Service Transport Corps in Mesapotamia and also to represent to the President of the Bangalore City Municipal Council, the desirability of considering favourably applications for building sites from men at the front or their families here. On the suggestion of Mr. M. A. Singrachar the rate of bonus payable to combatants permanently disabled or to the families of combatants killed in action was raised. After disposing of a few other routine matters, the meeting came to a close.

An abstract statement of accounts from the inception of the Fund to the end of February 1918, as certified to by the auditors is appended.

EXCISE DEPARTMENT.

NOTIFICATION.

NOTICE OF SALE OF EXCISE AND OPIUM PRIVILEGES.

No. 209-17, dated 25th March 1918.

Notice is hereby given that the exclusive privilege of selling liquor, intoxicating drugs and opium in the several shops appointed for the purpose and published in the Schedule during the twelve months beginning 1st July 1918 and ending 30th June 1919, will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or District Officers of the Excise Department or other officers specially authorised by the Deputy Commissioners for the purpose, on the dates and at the Taluk or Sub-Taluk headquarters mentioned in the statement annexed, subject to the conditions hereinafter set forth. If the sales are not completed on the dates fixed, they will be continued on the next following days, close holidays excepted.

Condition of Auction Sale.

II. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit.

III. The shops will be put up to auction in the order in which they are notified in the Schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of bidders.

Note 1.—The privilege of vending toddy in any Coffee Estate or kan may be sold to the Planter or kan-holder for any fixed amount not less than Rs. 36 per shop per annum.

Note 2.—Toddy shops in alienated villages whose claims to the Excise revenue from toddy have been recognized or have not yet been settled shall invariably be sold separately, and the amounts connected therewith shall be shown in the accounts under a distinct head.

IV. Every shop should, as a rule, be sold independently. Grouping should be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

VII. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or in arrears to Government or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages.

VIII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government on the advice of the Excise Commissioner for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

IX. In cases of dispute at the time of auction, the selling officer's decision shall be final; and if for any reason the highest bid is rejected, the next highest shall be taken or the shop resold at his discretion.

X. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

XI. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit* which together with the initial deposit made under condition II, will make up one month's khist for each shop. Should he fail to do so, the deposit made by him under condition II will be forfeited and the shops will be put up again immediately to auction by the selling officer on the above conditions or otherwise disposed of by the Deputy Commissioner, and the defaulter will be debarred from bidding again for the same or for any other shop. In the case of foreigners the initial deposit together with the further deposit may be raised equal to two months' khist. Successful bidders shall be granted proper receipts for the amount deposited by them.

XII. Persons to whom shops have been knocked down and who have made deposits as provided in conditions II and XI shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and they shall also deposit* such further sum as with the former deposits will make up two months' rent. Such deposit should be paid into Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns.

XIII. If, on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in condition XII *supra* or to get a surety, or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation, II of 1900) and also registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XIV. As soon as the sales are over, the sale conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

XV. On the failure of any person to make deposit under condition XII or to comply with the requisition under condition XIII *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly be resold or otherwise disposed of at the discretion of the Deputy Commissioner.

XVI. Re-sales effected under condition XV will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

XVII. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

* Deposits may be in cash or other approved security.

XVIII. The deposit referred to in condition XII or condition XIII, as the case may be, will be taken as security for the due performance of the conditions of the license. It will be returned to the licensee after the expiry of the period of his lease and after adjustment from it of any dues payable by him to Government.

XIX. The licenses issued under the above clauses will contain the following general conditions common to all Excise and Opium licenses and the special conditions prescribed below for each particular kind :—

General Conditions applicable to all Excise and Opium Licenses.

The manufacturers of arrack and other country spirits as well as the licensees of Arrack Bonded Depots are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants and from employing any person who has such interest.

2. The limits within which sales and possession under any Excise or Opium licenses may be carried on will be specified by the Deputy Commissioner at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of liquor, intoxicating drugs or opium outside those limits is prohibited except with the special permission of the Deputy Commissioner.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communications between the depot or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops in Municipalities or towns having a population of 2,000 and over, the shop premises shall have no doors except into the main street; unless barred and protected by wire netting, no windows or other openings shall be allowed to the rear or at the ends of the building; there shall be no possible means of ingress or egress in any other direction; the bar at which the sale is held shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and from in the street, and shall not be more than four feet raised from the ground and no second room shall be used for sale, or be kept open for customers. The interior of the shop shall be sufficiently lighted by day and night and the premises shall be kept clean and in a sanitary condition. The shop shall not be used as a place of residence but vendors or care-takers may sleep in it at night, if necessary, to safeguard the stock.

4. Except when two or more Foreign Liquor licenses or the Ganja and Opium licenses in the same locality are held by one person, or in the case of licenses held by Chemists and Druggists, and Medical Practitioners, sales under different licenses must be conducted in different premises.

The possession upon any licensed premises of any liquor, intoxicating drug or opium except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding license is prohibited. But intoxicating preparations made from opium other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium.

5. A signboard must be affixed to the front of each shop showing the nature and number of the license under which sales are conducted there and the name of the licensee. These particulars must be legibly painted in the local vernacular. The license must be hung up in a conspicuous place within.

6. All liquor, intoxicating drugs and opium sold or kept for sale shall be of good quality undiluted and unadulterated. Nor shall a blend of different kinds of liquors be made and sold under the designation of one of them. Nothing shall be added to them either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorized to inspect depots and shops (*vide* condition 25 *infra*) are authorized to detain any liquor, intoxicating drug or opium found unfit for consumption or use, or which they may believe to have been tampered with, and the Excise Commissioner, Deputy Commissioners and District Excise Officers are empowered to confiscate and destroy such as are found unfit for consumption or use.

7. The manufacture, sale or transport of liquor, intoxicating drugs or opium and the tapping or drawing of toddy in the case of palm trees by persons below the age of sixteen or by persons suffering from leprosy or any contagious disease and the employment of such persons in groves, shops or depots for the sale of the same are prohibited. The District Excise Officer or the Range Inspector may call for the names of all persons employed or proposed to be employed in depots, shops or groves and the District Excise Officer may forbid the sale of intoxicants or their manufacture or transport by any person whom he may disapprove.

8. The opening hour of sale will be 9-30 A.M., in the case of Arrack, Foreign Liquor and Beer shops, and sunrise in the case of other shops and depots, and the closing hour will be 8 P.M., in the case of all depots and shops. Special discretion is given to Deputy Commissioners to reduce these hours further in industrial areas by closing the shops on week days from 11-30 A.M., to 1-30 P.M., and on the afternoon of pay days and by directing the shops to keep open on Sundays only between 11-30 A.M. and 4 P.M. In the cites of Bangalore and Mysore and in the Kolar Gold Fields, sales after 8 P.M. will be allowed in special cases under separate licenses and on payment of such fees as may be prescribed by the Excise Commissioner. Power is reserved to Deputy Commissioners on the report of Police or for other sufficient recorded reasons, to order the closure of any particular shop either in towns or in the country at 7 P.M., if they consider such a course to be advisable in the interests of the public.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons or prostitutes or soldiers or others known or believed to be deserters shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police Officer.

11. No person shall be harboured in any depot or shop during the night.

12. Depots and shops situated on or adjacent to the line of march must be closed, if the Deputy Commissioner so orders, while a Regiment or Detachment of European or Native soldiers is passing or is encamped in the vicinity. Deputy Commissioners or Revenue Assistant Commissioners shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depot and shop-keeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. The Deputy Commissioners may order the transfer of depots and shops from one locality to another within the limits of the same town or village or the closure of the same. But no new shops shall be opened except with the previous sanction of the Excise Commissioner.

14. 1. No occasional licenses will be issued for sale of liquor during Jatras and except in Municipal towns, existing shops, if any, will be removed to a distance of one mile from the place of Jatra during duration of the Jatra.

2. Ordinary shops will not be located in unduly prominent places so as to be offensive or to offer unnecessary allurements.

15. No liquor, intoxicating drug or opium shall be sold or given—

(*a*) except at shops specially approved by the General Officer Commanding the Division (or independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the license—

(1) to sailors of the Royal Navy, soldiers and the members of their families, or,

(2) to any other person living in barracks;

(*b*) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, all classes of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;

(*c*) in any circumstances, to any—

(3) insane person; or

(4) person known or believed to be intoxicated.

16. No privilege of supply or vend shall be sold, transferred or sub-rented without the Deputy Commissioner's previous permission, which will only be given if the applicant is prepared to forfeit his deposit already made except in cases where the Deputy Commissioner sees reason not to enforce the penalty. Nor, if the Deputy Commissioner so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any Excise or Opium License will be allowed, without the written permission of the Excise Commissioner to possess or continue to possess any interest direct or indirect in any Excise or Opium License outside the Territories of Mysore, or in the Civil and Military Station of Bangalore.

18. Depots and shops must be kept open daily unless their temporary or permanent closure is authorised under condition 12 or 13 *supra* and such supply of liquor, intoxicating drugs or opium as the Deputy Commissioner may consider sufficient to meet local requirements must be maintained therein. The details of such supply will be published in the *Mysore Gazette*. Shops not opened by 1st July or on such dates to be fixed by the

Deputy Commissioner in the case of bagani toddy shops shall be liable to be re-sold at the risk of the licensees.

19. No liquor, intoxicating drug or opium shall be sold in shops except for cash. The licensees shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shop-keepers or firms of standing and respectability dealing in Foreign and Special Liquors for consumption off the premises.

20. No liquor, intoxicating drug or opium shall be sold below the minimum prices prescribed for the sale of the same as noted in the foot note.*

Permits for liquor, intoxicating drugs or opium received must be carefully filed. The accounts and permits shall immediately after the expiry of the lease, be handed over to the Range Inspectors who shall preserve them for a further period of one year before they are destroyed.

23. Such returns and information as may be required from time to time by any officer not below the rank of an Excise Assistant Inspector shall be furnished by holders of licenses without delay.

24. Only such weights and measures as may from time to time be prescribed by the Excise Commissioner shall be possessed or used on any licensed premises. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment. In the case of toddy shops, earthen or other measures may be used provided they are of the same capacity as those of the prescribed measures which must however be maintained in all licensed premises. There is no objection however to use a quarter seer toddy measure in case of necessity.

25. Any officer of the Excise Department of rank not lower than Sub-Inspector is authorised to inspect licensed shops and depots. These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, intoxicating drugs and opium in the possession of licensees, and to call for and check the accounts kept in the shop or depot. Police officers will also make an inspection when it comes within the scope of their duty.

26. An inspection note-book with the pages numbered consecutively, for inspecting officers to enter their remarks in shall be maintained, and always kept in the shop and be handed over to the Excise Inspector in charge of the range or any officer authorised by him to receive it on a receipt being given therefor, when it is wanted by such officers for the purposes of an enquiry under the Excise Regulation or the rules framed thereunder.

27. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into the local Government Treasury together with any Railway cess, the levy of which has been already ordered (as noted in the foot note)* or may be ordered in the course of the year on or before the 10th of each month beginning with July. NOTE.—In the malnad and semi-malnad taluks, the Deputy Commissioners may permit patels of villages who are not themselves licensees to receive payments not exceeding Rs. 50 from any individual at a time.

28. No remission or abatement of the rent shall be claimable on any account whatever.

29. Any sum due by a licensee may be recovered by attachment and sale of the property of the licensee or his surety under any law for the time being in force for the recovery of arrears of land revenue.

31. In the event of the aforesaid arrack, toddy or drug licensee failing to pay his khist, the Amildar after suspending the license shall with the previous sanction of the Deputy Commissioner re-sell after notifying the date of resale by affixing a notice on the Taluk Office Notice Board, the privilege with effect from the date of issue of license to the new purchaser. The date of sale shall be after the 20th of the month for which the khist is due, and before the close of the month. The Deputy Commissioner may also in his discretion dispose of the privilege in any other manner. Service of notice on the defaulting licensee is dispensed with under this rule. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture at the discretion of the Deputy Commissioner who may either direct such forfeiture or appropriate the same towards the arrears due by the defaulter as well as towards the deficits if any arising from the re-sale or other disposal of the privilege. The officer who has power to suspend the license may, however, at his discretion allow sales to continue pending re-sale or other disposal of the privilege.

32. Interest on all moneys due shall be payable at the rate of one pie per rupee or fraction of a rupee per month or fraction of a month.

33. Infraction of any of the conditions of the license either by a licensee or by any person in his employment will entail on the licensee —

The licensee or his agent or both may also be prosecuted for the specific offence committed. The rent for the whole lease shall become due at once, when a lease is cancelled under this condition.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

34. Any license may be forfeited and the privilege re-sold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the *Excise Regulation or Opium Act* or of any offence under the Indian Penal Code, which in the Deputy Commissioner's opinion renders him unfit to hold it. *The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license.* Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

35. Licensees are bound to report to the Deputy Commissioner all instances which come to their knowledge of persons employed by them in the manufacture, carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Excise or Opium Laws or of engagements entered into by them and to comply with the Deputy Commissioner's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Deputy Commissioner's previous permission.

36. Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

38. All licensees shall be bound by any additional general rules that may be prescribed under the Excise or Opium Laws and if so required by the Deputy Commissioner or any officer authorized by him, to deliver up their licenses for amendment or for the issue of fresh ones.

39. No licensee shall have claim to any compensation or remission on account of any arrangements which may be made in regard to liquors or intoxicating drugs other than those to which his license relates.

40. No licensee of any one kind of liquor shop shall, during the term of such license, have any interest in the exclusive privilege of vending any other kind of liquors within five miles from it, nor shall he permit any person having such interest to hold any share or interest in his exclusive privilege.

41. The licensee shall be bound to take over any liquor or drug which may remain in the shop as stock in hand belonging to the outgoing licensee, whether the privilege is

purchased at a re-sale or at an original sale, at the time when the privilege is made over to the former, paying the latter such compensation for the same as may be fixed by the Deputy Commissioner. Any liquor or drug that at the time of stock-taking is found to be unfit for human consumption will be destroyed and the out-going contractor is not entitled to any compensation for it.

XX. Conditions applicable to Arrack Licenses.

1. The privilege conferred by the license extends only to the sale of arrack of the strength of 30° U.P. In places where separate shops are not licensed for the sale of sugar-cane jaggory arrack, of 30° U.P. the arrack shop-keeper may be permitted to sell jaggory arrack in reputed pint or quart bottles. This privilege is however liable to be withdrawn at any time during the lease and it shall not be open to the licensee to claim any compensation on this account. But in places where both arrack and special liquor shops exist the privilege of selling bottled jaggory arrack will be disposed of by the Deputy Commissioner by getting both the licensees to bid.

2. Arrack of the strength of 30° U.P. shall be purchased only from the Bonded Depots established by Government at the following rate per gallon:—

Duty ...	... Rs. 5 4 0	Rs. 6 1 2 plus Railway Cess, if any.
Price ...	.. „ 0 13 2	

(1) The quantities purchased at one time shall not fall below one gallon of arrack. For the transport of liquor from the Bonded Depots, arrack shop-keepers should provide themselves with jars or other suitable receptacles which can be effectively closed and sealed and also arrange to get the consignments properly sealed before delivery from the Bonded Depots.

(3) The licensee shall pay the above duty, price and other charges into a Taluk Treasury or to a special shroff, if any, appointed on this behalf at the cost of Government, and located at the Taluk Cutcherry to receive such duty, price and other charges *daily* including Sundays and holidays or to such other officer as may be appointed by the Deputy Commissioner, and shall obtain a receipt in the prescribed printed form. For this purpose a chellan book prescribed for the year will be granted to each shop-keeper free of cost in the first instance. On production of such receipt, the Bonded Depot-keeper shall issue the quantity of liquor equal to the amount of duty and price shown in the said receipt which will be forwarded to the Deputy Commissioner's office under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the liquor was issued. The Depot-keeper aforesaid shall issue a permit in the prescribed form for the transport of liquor from the Bonded Depot. He shall also issue sample bottles with the consignments in such manner as may be ordered by the Excise Commissioner.

(4) Persons who purchase group of shops may, with the special permission of the Excise Commissioner who is at liberty to refuse it and under a license by a competent authority, open a depot and remove thereto liquor purchased from the Bonded Depot and issued therefrom the requisite supply to their shops.

(5) No consignments of arrack received at the shop which have been transported through British Territory shall be opened before they have been verified by the officers authorised to do so.

(6) The arrack kept in his shop, offered for sale and sold, shall be unadulterated and undiluted, and it shall be of the same quality and strength as issued from the Bonded Depot subject to such margin as may be allowed by the Excise Commissioner from time to time.

NOTE.—The licensee shall maintain intact the sample bottle issued to him by the Bonded Depot-keeper with each consignment till the bulk of the liquor in the consignment is exhausted.

(7) "Arrack shop-keepers may be required by the Health Department to keep a pail of water in their shops for the purpose of washing tumblers used by consumers. Suitable arrangements shall, in this case, be made so that the vendor does not himself become the cleaner of such tumblers. A pail of water shall be kept at some distance from the counter or bar and a separate individual told off for the purpose of washing the vessels used for drinking."

(8) The licensee of every shop in the Cities of Bangalore and Mysore shall pay registration fee at the rate of Rupees (180) one-hundred and eighty per annum in advance for the period of the license for his shop and he shall pay a surcharge of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

XXI. Conditions applicable to Toddy Licenses.

(1) The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees and the licensee of the Bagani toddy shop shall not tap Date trees; but both licensees can tap any of the other palm trees named above.

(2) For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands under private arrangements between himself and the owners of such lands. If the Deputy Commissioner is satisfied that the said (hiduvali) trees should not be tapped, he is competent to withdraw the tree-tapping license and the licensee affected thereby shall not claim any damages therefor. In the case of trees on Government unoccupied lands included in the date reserve list and reserved for future use the previous sanction of the Excise Commissioner should be obtained before accepting applications for licensing them. The number of trees shown in the assignment lists is only approximate and is subject to alteration at the time of presenting application for trees. The District Excise Officer may approve all such alterations on the recommendation of the Range Inspectors. He may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the required permits on proof of the necessary for the same in the following cases:—

(*a*) Where there is an unusual demand for toddy in a shop in consequence of a festival or for any other valid reason to be recorded by the Range Inspector.

(*b*) Where trees have ceased to yield during the last few days of a lease.

(*c*) Where toddy drawn by one shop-keeper at the end of the lease cannot reach the shop before the first few days of the new lease.

(3) No toddy in excess of the produce of trees licensed for that shop and covered by a transport permit shall be transported to or kept in the shop or offered for sale or sold.

(4) The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

(5) If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under Section 26 of the Excise Regulation. Fresh applications for trees shall not be accepted from licensees until the arrears of tree-tax relating to all their shops are paid up.

(6) In case of default, the Amildar will order the suspension of the tapping license till the arrears are paid up; and if, after receiving notice of such suspension, the defaulter or his agent or employee continues to tap the trees, any or all of them will be punished departmentally or be prosecuted for illicit tapping.

(7) Tree-rent at Re. 0-4-3 per tree shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore. Railway cess on tree-rent will be levied in addition as stated in the foot notes to General Condition 27 *supra*.

NOTE.—No trees on Government occupied land can be tapped without the consent of the owner. The present arrangements as regards trees in alienated land will hold good, subject of course to the levy by Government of tree-tax.

(8) The tapping of trees is subject to the following conditions:—

(*a*) Date trees shall be tapped only by professional men.

(*b*) No date tree shall be tapped oftener than in alternate years or for more than four months in the year.

(*c*) Trees shall not be over-tapped or over-worked.

(*d*) In no date trees shall the initial incision be made at any point within four feet from the ground or eighteen inches from the top of any other incision except in places where permission is specially given by the Deputy Commissioner.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(*f*) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately

next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(*g*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(*h*) The licensee or his employer will be liable to pay a fine of two rupees for each tree, which may die from over-tapping or careless tapping either during the lease or within six months after its expiration. The fine will be levied on trees found dead at the close of every quarter. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(*i*) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip of their leaves or branches.

(*j*) When the licensee makes default and his shop is re-sold, or otherwise disposed of his rights to and claims on all toddy-yielding trees for the purpose of tapping cease and determine.

(9) The licensee shall not interfere with the persons holding license for cutting date leaves for mat-making, rope making, basket making, or for agricultural or other purposes when they make use of the trees assigned for such purposes, and not reserved for tapping.

(10) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(11) The distillation of spirit from toddy is absolutely prohibited.

(12) If the licensee of a group of shops wishes to transport the toddy intended for his several shops *in one consignment*, he should obtain a depot license and carry the toddy to this depot with the usual permit. The toddy intended for each shop shall be distributed in accordance with the permits granted for transport from the depot to the shop. The permits issued with the toddy transported shall be subject to examination and check by the officer authorised in this behalf.

(13) Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorised by the rules, are strictly prohibited. Provided, however, that in Bagani tracts, the licensee who has purchased the right of vend of Bagani toddy, may permit the tapping of Bagani trees for domestic consumption as well as for sale within the limits of the village purchased by him.

(14) The licensee or his vendors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government and mentioned in the schedule. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

(15) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap-man to enable Excise Officers to examine spathes or incisions as the case may be.

(16) The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy but such carts shall not be impressed for Government work.

(17) The following rules shall regulate the issue, etc., of licenses under Section 12 of the Mysore Excise Regulation, V of 1901, for the tapping of toddy producing trees and for the drawing of toddy therefrom :—

1. Tree-tapping licenses in the prescribed form shall be issued on the application :—

(*a*) of licensed toddy shop-keepers or of their duly authorised agents;

(*b*) of toddy shop-keepers or renters in the Madras Presidency; and

(*c*) of malnad land-holders free of the prescribed tree-tax for drawing toddy for *bonâ fide* domestic purposes as per Government Order No. Fl. 7473-83—S. R. 248-12-7, dated 11th June 1917.

(1) The maximum number of trees allowed to be tapped free of tax for *bona fide* domestic consumption such as bread-making, etc., will be as below :—

Coffee Planters	...	Three	(Annually).
Kanholders	...	Two	do
Hiduvalidars	...	One	do

(2) Coffee planters may be allowed to open an estate shop subject to minimum shop rent of Rs. 3 per month.

(3) Kanholders may also be allowed to open shops in their holdings on the same terms, provided that they show to the satisfaction of the Deputy Commissioner that they have a legitimate demand for such shops for the use of their coolies and dependents.

The licenses may be issued in the name of the applicant himself or of his nominee.

2. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

3. The tree-tax on toddy produced by trees in the Madras Presidency, but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed challan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules; and will obtain a transport permit from the Inspector concerned in the Mysore State, for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules. The British and the Mysore Governments reserve to themselves the right to impose in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore Licensees alike. The arrangements agreed to by the Madras and Mysore Governments with regard to the issue of the licenses for tapping trees in either territory on the application of shop-keepers in the other do not prevent the reservation of trees in any specified area, in the Madras Presidency or in Mysore State, with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into the British or the Mysore Treasury does not entitle an applicant to tapping licenses for trees so reserved.

4. Applications for tree-tapping licenses, for trees in occupied or alienated lands should be countersigned by the owner of the trees intended to be marked, in token of his consent to the trees being tapped and to holding himself liable for the tree-tax in case the license-holder fails to pay it and such countersignature shall, in the case of illiterate owners, be attested by the patel or shanbhog of the village in which the trees stand. Applications for tree-tapping licenses for trees in the State Forest and plantations should be countersigned by the Forest Range Officer in token of his consent.

5. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license and transport permits as detailed in the T. T. Rules. Applicants for date trees shall get the requisite space on their stems prepared and point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

6. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or spaces for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

7. For date trees, tapping licenses and transport permits shall be issued current for four months subject to the condition that this limit of four months shall not extend to any period beyond the close of the lease. In the case of other palm trees (cocoanut excepted), the period shall be annual. Tapping licenses and permits for cocoanut trees shall be half-yearly, *i.e.*, from 1st July or any

subsequent date to 31st December next and likewise from 1st January or any subsequent date to 30th June next. If the same cocoanut tree licensed in the first half year is intended to be tapped in the second half year as well, tree tax will have to be paid for again. For the convenience of the licensee, the application for tree tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days previous to 1st July 1918; but pots shall not be attached before the evening of 23rd June.

8. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap. The Excise Commissioner may relax the restriction in any local area on sufficient cause being shown. This will not apply to toddy contained in the pots attached to the spathes of the trees.

9. The following shall be the fees payable on account of each tree for the tapping of which license is applied for :—

Description of trees.	*Rates of tree-tax per tree per annum.* Rs.	a.	p.
Date	2	4	0
Cocoanut	6	0	0
Palmyra	2	0	0
Bagani or sago	2	0	0
Dadasal (Arenga wightii)	1	0	0

10. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for	Proportion of tree-tax to be paid at the time of application for license	Proportion of tree-tax to be paid on the last day of the second month
Between 1st July 1918 and 31st March 1919.	One-half ...	The remaining half

1. No building or private place shall be permitted to be used as a Tannery, except under an annual license to be taken out by the owner or occupier of such building or place from the President of the District Board.

Note.—"Tannery in these bye-laws means only a place used for tanning leather and does not include that where hides, horns and skins are stored or that used for the manufacture of leather goods."

2. Conducting a tannery without a license as described above, or in violation of the conditions of the license that may be granted shall entail on the owner and occupier of the tannery liability to the penalties prescribed by Section 31A of the Regulation.

3. Licenses shall be granted only when the conditions hereinafter set forth exist. The license so granted shall expire on the 30th June of the official year during which it was issued; but the currency of the license may be renewed previous to its expiration and on payment of a fee of Rs. 50 (fifty) provided always that where a renewal is applied for as aforesaid, the period of currency shall, whether the application is eventually granted or refused, be deemed to include the interval, during which the application was pending disposal.

4. Licenses shall be subject to suspension or revocation when such conditions or any of them are not fulfilled or cease to exist.

5. Every application for the license should be accompanied by a receipt from the Treasury to the effect that Rs. 50 (fifty) has been paid as license fee and credited to District Funds.

6. The grant, suspension and revocation of licenses shall be within the powers of the President of the District Board.

7. Appeals against the grant, suspension and revocation of licenses and also against any subsequent orders issued in the interests of sanitation and public safety shall lie from the District Board to the Government.

That the present Kumsi Sub-Taluk was formed on account of its important situation as most of the villages forming it are in the forest portion and require constant attention.

Circular No. 3976—*Gl.* 17-18, *dated the* 27*th April*—1*st May* 1918.

It is observed that reports of accidental fires submitted from districts in Form A, prescribed in Government Proceedings No. R. 2746-56—L. R. 11-16-2, dated 7th September 1916, are frequently incomplete and information regarding the nature of relief granted to the sufferers and the date of such grants which require to be furnished in the half-yearly return submitted to Government, is sometimes received only after the issue of repeated reminders. There are also reasons to apprehend that sufficient care is not exercised in granting the relief admissible under the rules with due despatch. With a view therefore to ensure the grant of prompt relief to the sufferers and to minimize correspondence on the subject, Deputy Commissioners are requested to obtain information on the points mentioned above and to submit the report in Form A in a *final* form so as to reach this office not later than six weeks from the date of the occurrence at the latest. Immediate preliminary reports should however be submitted in cases of heavy loss requiring special relief.

Notification No. C. 3790—17-18, *dated* 2*nd*—3*rd May* 1918.

Under Article 172 of the Mysore Service Regulations, Mr. Hyder Ali Khan, Amildar, Goribidnur Taluk, is granted privilege leave of absence for thirteen days with effect from the 29th April 1918 or the subsequent date of availment.

The proceedings of the meetings held on the 2nd and 16th March 1918, respectively, were read and confirmed.

Deferred propositions.

1. Government Proceedings No. 3783-5—Ml. 150-16-4, dated the 15th January 1918, passing orders and calling for the views of the Municipal Council on the observations and suggestions made by the Sanitary Commissioner on the malarial survey of the City.

Also Health Officer's memo No. 1288, dated the 1st March 1918 on the subject.

Resolution.—There are sufficient data at the disposal of the Municipal Council for the adoption of anti-malarial measures in the City. The prevalence of malaria in the croweded parts of the City has been estimated and the method of its propagation, to a great extent elucidated. The most important question of the acquisition of garden lands close to the residential quarters in the 5th and 6th Divisions and the stoppage of wet cultivation therein has already been decided on. The public Health Committee will be requested to prepare a programme of other urgent anti-malarial measures that could be adopted in the crowded and insanitary parts of the City. The Council would emphasize their firm conviction that an up-to-date drainage and sewerage scheme for the City is of the first importance in malarial prevention. Further scientific investigation will perhaps become necessary as time advances, but does not seem to be strictly called for, at present, for the adoption of necessary anti-malarial measures.

S. Venkatarangiengar, Esq.

1. Vice-President's memo regarding the agency for collecting the miscellaneous revenues of the Municipality.

Resolution.—(*a*) The Municipal Council beg to invite the attention of Government to their resolution at the Council Meeting of 26th May 1917, proposing the insertion of a new Section 81-A in Chapter VII of the Municipal Regulation, 1906, rendering it lawful for Municipal Councils to lease the levy of any toll of the right of collecting any fee or ground rent that may be imposed under the Regulation. The question is one of great importance affecting Municipal finances. It had been hoped that the proposal would be taken up with the amendments relating to the development of Local Self-Government in Mysore. A further representation should be made explaining the situation and urging immediate steps being taken to pass the proposed amendment into law, suspending the ordinary rules for the conduct of business of the Legislative Council, if necessary, for the purpose.

(*b*) The words "and Section 70, Sub-Section 2" may be inserted after the words "Section 48, Sub-Section (*a*)" in the heading of the following bye-laws, *viz*:—

(i) Bye-laws for regulating the working of slaughterhouses within the limits of the City of Bangalore, approved by Government in their Proceedings No. 8896—Ml. 60-12-35, dated the 3rd May 1913, and brought into effect on 10th May 1913.

(ii) Bye-laws framed by the Bangalore City Municipality under Section 48 (*a*) of the Municipal Regulation of 1906 for licensing, regulating and inspecting certain kinds of business, approved by Government in their Proceedings No. 2113—Ml. 612-13-95, dated the 27th August 1914, and brought into effect on 10th September 1914.

(*c*) In view of the proposed amendment of Municipal Regulation, the Municipal Council consider that it is inexpedient to arrange for the collection of the several items of miscellaneous Municipal Revenue specified in the Vice-President's memorandum, through Departmental Agency. The existing practice of inviting tenders and disposing of them in Council may be continued. The amount of tender deposit may be enhanced from one-sixth to one-fourth of the total tender amount of the approved tenderer and in view of the legal difficulties to recover the arrears by Civil suit, due precautions should be taken to cancel the lease as soon as there is default in the payment of any of the khist amounts.

(*d*) With regard to the collection of fees on Voddar carts, grass bundles, etc., opposite the Central Vegetable Market and behind the City Cattle Pound, as well as fees on temporary stalls on Municipal land by the Roadway, the Vice-President will be requested to frame suitable bye-laws under Section 70 (*i*) and bring them up urgently for the consideration of the Council.

2. D. O. letter No. 36, dated the 24th April 1918, from the Executive Engineer, Water-supply Division, suggesting that in view of the inadequacy of the pumping arrangements, the supply of water to the City would have to be made intermittent or a certain proportion of public fountains in localities where houses had private service connections, would have to be plugged without materially interfering with legitimate public requirements.

The Executive Engineer, Water-supply Division, was present and explained the present position.

Resolution.—The fountains in the old City may not be interfered with;

about 30 per cent or more of the public fountains in the extensions may be closed temporarily with due consideration to the nature of the locality concerned and the wants of the public;

the Water-supply Department may be recommended to entertain at once preventive establishment to minimise as far as possible the consumption of water for gardening and other non-domestic purposes and prevent waste.

K. P. PUTTANNA CHETTY,
Honorary President.

1. That the Budget of the University for 1918-19 as proposed by the Council be approved.

Mr. N. S. Subba Rao moved the proposition. He drew attention to the increased expenditure of Rs. 6,33,000 proposed for the coming year, but said that the increase was more apparent than real. He explained the several items which contributed to swell the expenditure such as the opening of a Law Faculty, additional staff for the College of Engineering, construction of new buildings, and the completion of those already taken in hand.

Mr. B. Hanumantha Rau seconded the motion.

Mr. B. Venkatanaranappa opposed the proposition for the adoption of the Budget. In doing so, he criticised certain appointments of Professors in grade Rs. 500—1,000 and referred at some length to the unsatisfactory position of Assistant Professors. A definite policy in this respect and a strict adherence to rules was what the University needed.

Rao Bahadur Mr. M. Shama Rao remarked that Mr. Venkatanaranappa's objections were largely drawn from imagination, and he repudiated the idea that Government had had no sympathy with the claims of the Assistant Professors. He himself felt for the Assistant Professors and added that efforts were being made to improve their position.

Dewan Bahadur Mr. J. S. Chakravarti said that Mr. Venkatanaranappa's remarks were passed without a full knowledge of actual facts. He said that the Budget had been very carefully prepared with a view to the requirements of the University. Qualified Professors were essential, and with their appointment the prospects of the Assistant Professors would be improved. He considered that the criticisms of Mr. Venkatanaranappa were uncalled for.

Mr. Mir Humza Hussein thought that because the University had not been able to do all that had been expected of it in this question, Mr. Venkatanaranappa had made it a personal question, a view which was repudiated by the latter.

Mr. V. Rangaswamy Iyengar thought that the provision made for the staff of the College of Engineering was inadequate. He was of opinion that provision should be made for a full-time Professor with work-shop training, and also for Instructors at Rs. 250.

Mr. C. R. Reddy proposed that the House should go into Committee.

Dr. L. C. Coleman seconded it.

Dewan Bahadur Mr. J. S. Chakravarti opposed it on the ground that such a course would only encourage random discussion and involve waste of time. He said that if members had any specific objections against the adoption of the Budget framed by the Council they should have given previous notice so that others might have been prepared. The Budget, he explained, had been prepared after much thought and deliberation by a responsible body.

Mr. R. H. Campbell suggested that Mr. Reddy's proposal might be put to the vote without further discussion.

The question of Committee was put to the vote and lost.

The proposition approving the Budget was then put to the vote and passed, only three voting against it.

II. That the following be added to Rule 27 of the Rules of Business of the Senate:—

"The mover shall however be given a right of reply after a closuring motion is passed."

Moved by Dewan Bahadur Mr. J. S. Chakravarti and seconded by Mr. B. Hanumanta Rau.

Passed by all except two Senators who were neutral.

III. That the courses of studies and Ordinances proposed for the Law Course be approved. (Appendix A.)

In moving the proposition, Mr. Mir Humza Hussein explained in detail the necessity and urgency for introducing the Faculty in the University at an early date. He added that apart from the usefulness of the course for those students who chose law as a profession, it

was a subject which ought to be studied for its own sake, as a branch of general liberal education. In order that the University should become a centre of culture and learning it was necessary that a Law Faculty should be instituted.

Rao Bahadur Mr. M. C. Rangiengar seconded the motion.

Mr. S. R. Balakrishna Rao suggested an amendment in the course of studies. He said that, before students were initiated in the principles of law, practice and procedure should not be taught in the first year. This was ruled out for want of notice.

Dr. H. B. Mylvaganam opposed the proposition on the ground that the legal profession was already overcrowded and that there were other Faculties such as Medicine which ought to have preference to Law.

Mr. B. Venkatanaranappa suggested certain verbal alterations.

Mr. S. Hiriyannaiya supported the motion. He thought it would be a mistake to allow Commerce graduates to enter on a Law course, as that would be offering them inducements to give up all thoughts of a business career. The object of the University in instituting the Commerce Degree was not to make it a stepping stone to a legal career.

Referring to the course of studies, he said that it seemed to him to be rather cumbrous. He could not see the necessity for making civil and criminal procedure obligatory, and he was strongly of opinion that it would be much better to leave those subjects to a post-graduate apprentice course. In his opinion the object of the course should be to give students a liberal training in Law.

Rao Bahadur Mr. M. C. Rangiengar spoke in support of the curriculum framed by the Council.

Professor K. T. Shah replied to the remarks of Mr. Hiriyannaiya as regards the inexpediency of admitting B. Com. men to the Law Course and said that candidates with the Commerce Degree were on the other hand better equipped for the Law course and that they required Law in everyday life.

The proposition was put to the vote. 23 were for and 6 against.

Passed.

IV. That the resolutions of the Faculty of Arts respecting the M. A. English course be accepted.

Mr. B. M. Srikantia moved and Mr. N. S. Subba Rao seconded the following resolutions passed by the Faculty of Arts at their meeting held on the 19th January 1918:—

1. "That Anglo-Saxon be made an optional sub-division in the course of study for the M. A. Degree."

Mr. F. R. Sell opposed the motion and said that the proposal would tie the hands of the Board of Studies unnecessarily and wished that it should not be passed without further discussion. He therefore proposed that the House to go into a Committee.

Dewan Bahadur Mr. C. Srikantesvara Aiyar seconded.

Mr. N. S. Subba Rao pointed out that it was hardly necessary to discuss the question again in a Committee as it had already been threshed out by a responsible body, *viz.*, the Arts Faculty.

The committee question was put to the vote and lost.

Mr. B. M. Srikantia finally met the objections raised by Mr. McAlpine at the Faculty meeting respecting this question of Anglo-Saxon.

The proposition was then put to the vote. 18 were for and 12 against.

Passed.

2. "That the M. A. Degree Examination in English should consist partly of a written test and partly of a *viva voce* test for which no marks be assigned."

Messrs. B. Hanumanta Rao and M. Shama Rao held that a *viva voce* examination should have marks assigned to it.

The Rev. Mr. Fuller proposed that the *viva voce* portion be omitted.

The Senate agreed to allow this amendment.

Mr. B. Venkatesachar seconded.

The amendment was put to the vote. All except 4 voted in favour.

Passed.

The proposition as amended, *i.e.*, that the M. A. Examination in English be conducted by means of written papers was then put to the vote.

Passed unanimously.

V. That in the case of passed Intermediate students admitted to the 2nd year class of the Mysore University during 1917-18 and 1918-19 under Ordinance 58 as amended by the Senate at the meeting held on the 28th November 1917, text-books be eliminated in the Compulsory Second Language and Composition in Kannada, Tamil, Telugu or Hindustani, or Translation into English from Sanskrit, Persian or French be substituted as in the case of similar students of 1915-16 and 1916-17.

Mr. N. S. Subba Rao moved and Mr. B. M. Srikantia seconded.

Passed, all voting for and one being neutral.

VI. Mr. Thos. Denham's proposition:—

That a scheme of voluntary medical inspection and of voluntary physical instruction under Directors or Superintendents of Physical Culture (as formulated in the note—Appendix B.) be accepted by the Senate and recommended to Government.

In moving the proposition, Mr. Thos. Denham said that the Senate had no more than one occasion shown its disapproval of the principle of compulsory physical training and that he would be a bold man who would attempt to reintroduce that principle however insidiously. His own scheme was, therefore, on the face of it, a purely voluntary one both as regards medical inspection and physical training. But he was told notwithstanding that one part of his scheme savoured of compulsion and that was the allowing of credit for physical exercise in the valuation for a bachelor's degree. Although the credit to be allowed would be no more than two per cent of the total number of marks, he would not press the point, if the sense of the Senate was against the concession. Apart from that, he was anxious that the Senate should accept his scheme for he felt that it was not creditable that the matter should be left to stand where it was. A small University like Mysore could do much to encourage and develop systematic physical exercise among the students and it was its duty to do so. He laid stress on the importance of the office of the Directors of physical culture, men with medical qualifications of high character with a liking for games and students. He referred also to the variety and number of physical exercises in the scheme, such as boxing, wrestling, fencing, swimming and boating (in addition to the ordinary athletic games and gymnastics) the University training corps and lastly to the lectures on first aid, sanitation and hygiene. He believed if the scheme were accepted, a very great impetus would be given to the development of the health of students.

Mr. D. Venkataramiah seconded the motion with the remark that it would vitalise University life in Mysore.

Mr. C. R. Reddy and Dr. H. B. Mylvaganam supported Mr. Denham warmly.

Rao Bahadur Mr. M. C. Rangiengar opposed the motion. He thought that physical and intellectual education should not be combined and that it was not desirable that any one should suffer because he was weak on the physical side.

The Rev. Mr. Fuller said that although he was not in favour of the credit factor, the general scheme might be accepted, details being left to the Committee proposed in Mr. Denham's scheme.

Rao Bahadur Mr. M. Shama Rao said that instead of the extra marks, a far greater incentive in his opinion would be to offer the students a free lunch.

This view was supported by Dr. Radhakumud Mookerji who said that so far as his knowledge went, the majority of students were underfed and it was rather too much to expect of them at the fag end of a day's work to indulge in pursuits involving much physical strain, and he thought the provision of a free luncheon would do much to popularise the scheme generally among the students. He agreed with Mr. M. C. Rangiengar and said that though physical education was necessary and must be popularised, the system of giving marks was open to grave objection. He thought that if that part of the scheme was omitted, the rest might be accepted and suggested that the proposition might be divided and put to the vote in parts.

Mr. S. V. Setti supported the proposition. He said there was at least one Indian College, *viz.*, the Roorki Engineering College where as many as 500 marks were given for physical culture.

Mr. Thos. Denham accepted Mr. Radhakumud Mookerji's suggestion.

The question whether marks should be assigned for proficiency in physical culture was put to the vote. 12 for and 16 against. Lost.

The proposition omitting the portion relating to marks was then put to the vote.

Passed unanimously.

VII. That in Ordinance 15 (*a*) after the word "Faculty" the words "and such Assistant Professors as are in full charge of such subjects" be added.

Moved by Mr. F. R. Sell and seconded by Mr. M. C. Rangiengar that the amendment proposed be approved.

Dewan Bahadur Mr. J. S. Chakravarti considered that, in view of clause (c), no amendment was necessary.

All except 4 voted for the proposition.

Passed.

VIII. That Ordinance 15 be amended as follows:—

In clause (c) omit the words on the recommendation of the Senate at the end; and add the following proviso:—"Provided that the number of members from (a), (b), (c) representing any subject of the Faculty shall not be less than three or more than eight."

Moved by Mr. M. T. Naraniengar and seconded by Mr. V. S. Sambasiva Iyer.

Dewan Bahadur Mr. J. S. Chakravarti supported the amendment regarding the deletion of the words "on the recommendation of the Senate."

Six were for the omission of the words "on the recommendation of the Senate" and 17 against. Lost.

For adding the proviso referred to above, 3 voted for and 12 against. Lost.

IX. That in Ordinance 79, first Year Examination, 3. Optional Subjects, the following amendments be made:—

(a) After "(c) Chemistry," insert "(d) Geology" and change the present (d) and (e) into (e) and (f) respectively.

Moved by Mr. V. S. Sambasiva Iyer and seconded by Dr. M. Srinivasa Rao.

Passed unanimously.

(b) For (c) Philosophy, Group I and (d) Philosophy, Group II, substitute the following:—

(c) Philosophy, Group I.—

i. Logic	1 paper (3 hours).
ii. Plato and Aristotle	1 paper (2 hours).

(d) Philosophy, Group II.—

i. Ethics	1 paper (3 hours).
ii. Psychology	1 paper (3 hours).

Moved by Mr. A. R. Wadia and seconded by Rao Bahadur M. C. Rangiengar.

The Vice-Chancellor explained the proposition to the House.

Passed unanimously.

X. For first sentence in Ordinance 85, substitute the following:—

1. Free studentships may be awarded to 15 per cent of the total number of students in each of the Arts Colleges, exclusive of free studentships attached to scholarships.

2. If the number of freeships in a college is less than 33 per cent of the total strength, the Principal will have power to raise the number of total freeships to 33 per cent.

In moving the proposition, Mr. N. S. Subba Rao explained the necessity of giving discretion in the matter to the Heads of Colleges.

Dr. Radhakumud Mookerji seconded.

Mr. B. Venkatanaranappa then moved the following amendment which was accepted by the mover.

In (1) first line, delete the word "to" and substitute the words "not exceeding in number."

In (2) first line, add the word "Total" after the word "the"; substitute the word "free studentships" for the word "freeships"; and add after the word "college" the words "inclusive of the free studentships attached to scholarships."

In lines 2, 3 substitute the word "free studentships" for "freeships."

Add the following to (2):—

"*N.B.*—For purposes of calculation two half-free studentships will count as one free studentship."

Mr. M. T. Naraniengar seconded it. 22 voted for and none against.

Passed.

Mr. Venkatanaranappa moved and Mr. M. T. Naraniengar seconded the following amendment to the proposition.—

Add as (3) the following:—

(3) Mahomedan, Pallegar and other backward community students who are entitled to pay only half the usual rates of fees will not be considered as half-free students for purposes of the above calculations."

Votes were taken on this amendment. 19 were for and none against.

Passed.

The main proposition with the amendments passed was then put to the vote. 21 were for and none against.

Passed.

XI. That the following scheme of examination for the Final B.Sc. Degree recommended by the respective Boards of Studies be approved:—

A. PHYSICS (main).

4 papers of 3 hours each and 2 days' practical examination from 10 A. M. to 4 P. M.

B. CHEMISTRY (main).

4 papers of 3 hours each and 3 days' practical examination from 10 A. M. to 4 P. M.

(A and B) moved by Mr. C. R. Reddy and seconded by Dr. L. C. Coleman.

Mr. F. L. Usher then moved his amendments as under:—

A. PHYSICS (main).

"That the B. Sc. Examination in Physics (main) do consist of the following papers:—

Properties of Matter and Sound	3 hours
Light and Heat	3 ,,
Electricity and Magnetism	3 ,,
Mathematics (pure and applied)	3 ,,

Physics (Practical)	6 ,,
Chemistry (Practical)	3 ,,

B. CHEMISTRY (main).

"That the B.Sc. Examination in Chemistry (main) do consist of the following papers:—

Inorganic Chemistry	3 ,,
General Theory of Chemistry	3 ,,
Physical Chemistry	3 ,,
Organic Chemistry	3 ,,
Physics	3 ,,
Practical Chemistry, two papers	6 ,, each
Physics Practical	3 ,,

Mr. B. Venkatesachar seconded the above amendments which were accepted by the mover.

As there was difference of opinion, it was urged by Dewan Bahadur Mr. J. S. Chakravarti that the whole question be referred to a Committee consisting of Messrs. Metcalfe (Convener), Usher, Naraniengar, Sambasiva Iyer, Gunstone, Dr. M. Srinivasa Rao, Mr. B. Hanumanta Rau and Mr. Venkatesachar.

Mr. Naraniengar seconded.

The Rev. Mr. Fuller opposed the idea and suggested that the matter might be remitted to the Board of Studies. Mr. P. Raghavendra Rao supported Mr. Fuller.

Dr. L. C. Coleman opposed any reference to the Committee proposed.

Mr. B. Hanumanta Rau urged the necessity for considering the matter as a whole and said that it should be referred to a representative body of all the three Boards.

Mr. Sambasiva Iyer thought that the proposals involved radical changes and that principles once accepted by the Senate should not be readily rescinded.

The Vice-Chancellor explained the situation and put Mr. Chakravarti's proposition to the vote. 16 voted for and 13 against.

Passed.

The Rev. Mr. Fuller then withdrew his amendment. Resolved that the whole scheme be referred to the Committee as suggested by Mr. Chakravarti.

XII. That in Ordinance 86 the following be inserted as item No. ii and the rest re-numbered:—

"First Year Certificate Examination ... Rs. 10

Moved by Mr. Thos. Denham and seconded by Mr. B. Venkatanaranappa.

I. Rao Bahadur Mr. M. C. Rangiengar's proposition :—

"That University education in the Arts Courses be made free."

In moving the proposition Mr. Rangiengar pointed out that it was a question of vital importance to the State. He considered that in an ideal state, education in all its branches should be absolutely free. He drew attention to the amount of fees recovered in colleges which represented a very small proportion of the annual recurring expenditure. The inauguration of the University, and the facilities already afforded to students in the shape of scholarships and free studentships clearly indicated the earnest desire on the part of the Government to make education popular. His idea was that Government should make education altogether free and that such a precedent would mark a very laudable step in the educational policy of the State. There was nothing surprising in the proposal. If there was anything surprising in it, it was in the modesty of the suggestion. As a beginning, he proposed that education in the Arts Courses be made free, and the other branches of learning could be made similarly accessible as time went on. In the State, Sanskrit education and Female education were already free. There was therefore no reason why there should not be free tuition in the colleges. Mr. Rangiengar continuing, said that in ancient times education was free and that in modern times education is free in many Universities, in America and Australia. The idea was not novel, at any rate to Asiatic minds. Education, he added, ought to be free without any distinction of caste, colour, race or sex. He strongly appealed to the Senate to recognise the principle of the proposition.

Mr. S. R. Balakrishna Rao seconded the proposal.

Dewan Bahadur Mr. C. Srikantesvara Aiyar heartily supported the motion.

Dewan Bahadur Mr. J. S. Chakravarti opposed the motion and said that so far as the whole community was concerned free education was a fallacy. The question was whether the whole cost of education should come from the general taxes or only a part of it. He failed to see why those who could afford to pay should not pay. Why should they benefit at the expense of the general tax payer? There was no dearth of candidates. The number of applications for admission to colleges far exceeded the accommodation available and there was no material gain in making education free. Fees were not meant to reimburse the treasury They showed on the other hand the earnestness of students and people. If education were made free, students would take up University education without any serious intention. He thought that, if at all any change in the levy of fees was required, it should be in the opposite direction. Education should be free in Professional Colleges, as Arts Colleges were already crowded. Secondary education was still under a system of fees. Elementary education was free and University education was proposed to be made free. He did not consider it a logical development to have primary and University education free, and leaving secondary education unfree. The real object should be that every one who could not afford to pay for higher education should not be debarred from it, but that some system should be devised so that the poor might take advantage of it. He pointed out that the Senate had just passed a very liberal scheme of scholarships and he taught that that should be sufficient under the circumstances. He therefore considered that it was bad to adopt a proposition of so sweeping a character. He suggested that, if necessary, a system of giving loans to students might be introduced.

Mr. M. Venkatakrishnayya strongly supported Mr. M. C. Rangiengar and urged the necessity of making education free. He was of opinion that it was legitimately a first charge on the State resources.

The Rev. Mr. Fuller, agreeing with Mr. Chakravarti, said that an ideal state was not the state in which education was free but the state where education was easily accessible to all. He considered that an increase in the number of scholarships would be the far better and more practical course to adopt.

Mr. Mir Humza Hussein supported the proposition and remarked on the small financial concession involved.

Mr. R. H. Campbell opposed the motion. He said that the University has only just started and it was not advisable to accept such a principle as that proposed. He said that, if the proposition before the House were adopted, it would have a deplorable moral influence. It was the common duty of parents to make some sacrifies for the education of their children and a boy who was being educated at Government expense would not feel the same respect and gratitude to his parents that he otherwise would. He deprecated the tendency to treat the matter as one involving merely a consideration of pounds and shillings. He appealed to the mover to regard it in its more serious aspect. It should not appear as though the Senate was playing with other people's money. The tax paying classes were not represented in that House, and it was they who should bring forward such a proposition. He thought that the ideal was utopian and not practical.

Mr. A. R. Wadia opposed the proposition. He said that it meant a large influx of students every year which would have a decidedly detrimental effect on University education. Professors could not then do justice to the students, and if there was any differentiation against outside students, it would be very detrimental to the spirit of the University.

Dr. Radhakumud Mookerji strongly supported the proposition. The proposal did not make education entirely free. It simply afforded free tuition and free tuition did not mean free education. Parents had still to spend on the education of their boys in the shape of boarding, clothes, etc. There was no demoralisation at all. To make education free was in his opinion quite a practicable academic ideal.

Mr. P. Raghavendra Rao in opposing the proposition observed that, if education was to be made free, it would be much better to begin by making secondary education free and later on if the scheme progressed satisfactorily, preference should be given to technical education over the Arts Courses. He thought that the time had not quite arrived for the consideration of the question.

Mr. M. Shama Rao spoke in support of the proposition, and Mr. Mackintosh said that he did not think that the moral obligation of parents and children would suffer as a result of free education.

The mover then explained the situation in the light of the criticisms offered. One argument he would use in favour of making University education free before secondary was that the former was centralised while in the case of the latter, it was brought almost to the doors of the people.

The Chairman, in summing up the debate, dealt with the allusion that had been made during the course of the discussion to the differential treatment of students coming from outside the State. He said that in justice to the Mysore Government, he felt it his duty to correct the impression which existed in this connection by stating that the attitude of Government was due entirely to circumstances which were forced upon them.

The proposition was then put to the vote and carried by a majority of 18 against 14 votes.

II. That the schemes of endowments accepted by the Council be approved. [*Vide* Ordinance 4 (*e*).]

Moved by Mr. Thos. Denham and seconded by Mr. B. Hanumanta Rau.

Passed unanimously.

III. That a separate M. A. Course in Science be prescribed in addition to the M. Sc. Course.

Moved by Mr. B. Hanumanta Rau and seconded by Mr. M. T. Naraniengar.

Mr. D. Venkataramayya objected on the ground that it would be duplicating examinations.

Messrs. Venkatanaranappa and Mir Humza Hussein and Dr. Coleman also opposed.

Mr. Usher supported by Mr. Venkatesachar pressed for the motion and said there would be regular gradations—B.A., M.A., B.Sc., etc., and that there would not be much expenditure.

The proposition was put to the vote. 11 voted for and 16 against. Lost.

The following propositions of Mr. M. T. Naraniengar were allowed to drop.

I. (2) That the course for the M.A. Degree in Science shall be one of two years after passing the B.A. Degree Examination in one of the Science subjects of study taken for the B. A. Degree.

(3) That the M.A. Course shall include the same lectures as those for the B.Sc. Degree and in addition the study of a special subject or portion of a subject selected by the student under the advice of the Professor shall be required. The special subject chosen shall be submitted for approval to the Board of Studies concerned within the first month of the course in the special subject.

IV. That the general principles involved in Dewan Bahadur Mr. J. S. Chakravarti's proposal regarding the introduction of compulsory and optional non-examination subjects in the University be accepted

Mr. Mir Humza Hussein before moving the proposition asked for permission to move the following amendment:—

Substitute the following for the original:—

(*a*) That to broaden the foundations of knowledge and accomplishments of the students of the Mysore University the Council be authorised to arrange for a course of lectures (accompanied by practical training when necessary) in subjects other than those prescribed for the University Examination.

(*b*) That for the present instructions be provided for in any two or all of the following subjects:—

(1) Elements of Economics and Philosophy in the Central College and elements of Sciences in the Maharaja's College.

(2) Civic and business Ethics.
(3) Hygiene and Sanitation including first aid and elementary medicine.
(4) Public Administration.
(5) Music.
(6) Horsemanship.
(7) Elocution.
(8) Rifle Practice.
(9) Photography.

(c) That attendance at lectures in these subjects be entirely optional, but certificates be given to those who attend regularly and pass the prescribed tests.

(d) That no students be permitted to take up more than two non-examination subjects during the same year.

10 voted for allowing the amendment and 3 against. The amendment was allowed.

In moving the resolutions, Mr. Mir Humza Hussein said that they covered two classes of subjects, cultural and practical. As regards cultural subjects, the idea was to broaden the foundations of knowledge which under the present system are confined to narrow limits. Our students are made to specialize now at a very early stage of their educational career which was not so formerly. The Madras University has just now perceived the evil effects of specialisation in the earlier stages of the students career and have resolved to curtail the volume of English prescribed for the Intermediate Examination; but the greater evil of specialisation at an early stage still remains and efforts have yet to me made to counteract it by giving the students a more liberal education and a broader culture. The solution proposed is to arrange for a course of lectures in subjects other than those taught in the colleges. By such an arrangement the students will pick up some rudimentary knowledge of those subjects which will enlarge their minds and will enable them to look at things in their proper perspective. In order that the students of our University may create a good impression in the outside world, three things are essential. They must be good writers, good speakers and good conversationalists. Without wide knowledge, one can never achieve success in these directions. As regards the practical subjects, the speaker said their utility was undoubted. The familiar charge brought against the present day educated Indian is that he has no practical turn of mind. There is no doubt that after graduation he remains bookish and evinces little or no interest in subjects of practical utility unlike the Westerns. He therefore advocated the principle that students should be provided with "hobbies," so that after graduation, they may be able to pursue them with benefit to themselves and advantage to the State. The Courses, he added, were to be entirely optional.

Mr. C. R. Reddy seconded.

Dr. Coleman opposed and said that if a student were the right sort of man and had stuff in him he would surely get the desired relaxation and culture.

Dewan Bahadur Mr. J. S. Chakravarti pointed out that the view taken by Dr. Coleman was a mistaken one and he explained in detail the practical aspect of the scheme and urged the necessity for creating facilities for cultural subjects in the University.

Mr. D'Souza enquired whether fees would be charged. Mr. Chakravarti replied that for horsemanship, elocution, etc., a small fee might be charged, but that that was a matter of detail.

Dr. Mylvaganam took objection to the scheme on the ground of expense and said that if students wished for relaxation after the monotony of study, they might well seek it in the physical recreations which would be provided for them in Mr. Denham's scheme passed just yesterday.

Mr. Mir Humza Hussein replied and emphasised the importance of creating a healthy atmosphere of University life.

The motion was then put to the vote. 16 voted for and 10 against.

Passed.

V. That the following concessions be shown to University students joining the British Indian and local armies :—

1. A scholarship equal to that given to students under Backward Scholarship Scheme to be given subject to conditions of satisfactory progress.

2. Special examinations—to be the same in standard, but the prescribed portions to be reduced in quantity whenever such students have not been able owing to absence on Service to attend the full term.

3. The period of attendance required to be reduced to half in their case.

4. Special examinations to be held if there is an interval of not less than four month before the prescribed time.

5. Such examinations to be held if there are at least six candidates.

In moving the proposition, Rao Bahadur Mr. M. C. Rangiengar said that these were very modest concessions to be shown to young men who undertook to serve their country and empire and said that no further words from him were necessary to urge the acceptance of the scheme by the Senate.

Rao Bahadur Mr. M. Shama Rao seconded.

Dr. Mylvaganam said he thought that if these concessions were accorded they would diminish the value of University education. In his opinion a better way of affording encouragement to students to join the Indian Defence Force would be to offer them something better in the way of scholarships.

Dewan Bahadur Mr. J. S. Chakravarti said that no candidate had till now offered himself for service and that for the present these concessions would be enough. He thought the scheme was an exceedingly modest one to which they could make additions as time went on.

Mr. B. Hanumanta Rau considered that the standard of examination should on no account be lowered.

The proposition was put to the vote and carried, only one dissenting.

VI. That with a view to make adequate provision for the study of Sanskrit in all its essential branches, the present single course in that Optional Subjects for the B. A. Examination be split up into the three following groups:—

1. Sahitya (Classical Literature and Criticism).
2. Veda.
3. Darsana (Philosophical Literature).

The student being allowed to select any *one* or *two* of them, at his option.

Mr. M. Hiriyanna moved the proposition and said that the range and variety of Sanskrit literature were acknowledged on all hands and that a single course of study, however skilfully devised, would be unsatisfactory. A composite curriculum would lead to superficial knowledge and would, besides, fail to take into account the differences in the aptitudes of the students. He hoped that the proposal would commend itslf to the Senate and that nobody would take exception to it on the ground that Sanskrit was too unimportant to occupy so prominent a place in the University curriculum.

Dewan Bahadur Mr. C. Srikantesvara Aiyar seconded the proposition.

Mr. Mir Humza Hussein opposed by saying that Sanskrit was taught as a language and had no vitalising effect.

Mr. D. Venkataramiah also opposed and suggested that two groups would be enough.

Dewan Bahadur Mr. Chakravarti explained and supported by saying that Sanskrit was taught as a Science and not as a dead language. Its culture was excellent and competent authorities had said that Sanskrit was varied and had got great cultural value. He added that Mr. Hiriyanna's great learning and experience enabled him to compress the studies in three groups

Mr. M. Hiriyanna finally replied with reference to Mr. Mir Humza Hussein's remarks.

The motion was put to the vote. 20 were for and 1 against. Passed.

VII. Mr. M. T. Naraniengar's propositions:—

Proposition 1:—That the syllabuses in Mathematics for the B. A. Degree Examination (under Ordinance 66) be modified as follows:—

(*e*) Infinitesimal Calculus: Substitute "details" as in the appended note.

Proposition 2:—That the following additional Ordinances be prescribed in respect of the B. Sc. Degree Examination:—

(i) No candidate shall be declared to have taken the B. Sc. degree unless he obtains 40 per cent of the total marks, and not less than 30 per cent of the marks in each division of the examination. The division shall be in Branch I.

(*a*) Pure Mathematics, (*b*) Applied Mathematics and (*c*) Subsidiary subject.

MECHANICAL ENGINEERING SCHOOL, BANGALORE.

(PROSPECTUS.)

1. Instruction is imparted in Mechanical and Electrical Engineering and has been divided into two grades—higher and lower. Students who have completed their courses in sixth or higher forms taking Science or Mathematics as optional subjects are eligible for admission into the higher grade, while those of lower forms will be admitted to the lower grade.

2. The complete course covers a period of 3½ years of which 2½ years will be spent in the school in attending lectures and practical work in the school workshops, arrangements being made during the last year for their training in some of the large workshops, mills, etc., in and outside the State.

3. Each year the session commences on the 1st Monday in July and consists of two terms, the first ending with the Christmas holidays and the second with the close of June following. The usual hours of attendance are from 7-30 to 11-30 in the morning and 2-30 to 4-30 P.M., in winter and 7 to 11 A.M, and 2-30 to 4-30 P.M., in summer.

4. The number of students that can be admitted each session will, for the present, be 75, of whom 25 may be from outside the State.

5. No tuition fees will be levied for the regular classes from students who happen to be Mysoreans, either by birth or domicile. Others have to pay a fee of Rs. 3 per mensem along with Rs. 20 per year for the workshop practice. Students should provide themselves at their own cost, text-books, note books and the necessary drawing instruments. Workshop tools, drawing boards, T-squares and set-squares will however be provided by the school, which should be returned in good order when the student leaves the school. The students will, however, be held responsible for all breakages, loss, etc. A security deposit of Rs. 10 will be collected from each student, returnable to him on the completion of his course after deducting all dues from him, if he is a Mysorean. In the case of an outsider, a sum of Rs. 15 will be collected, returnable to him on the same terms.

6. Students desirous of practising in one or more branches of the school workshop or of attending the theory lectures alone in any particular subject or subjects taught in the school are also admitted. A fee of Rs. 3 per month is levied from such casual students.

7. A class is also tentatively opened to train men in the mere driving of motor vehicles within a short period of three months. A small fee of Rs. 10 is charged for the course, with the proviso to extend the period in special cases, on payment of an additional fee of Rs. 5 per mensem subject, however, to a total period of six months.

8. A fee of Rs. 4 per annum is payable by each student as his subscription to the Athletic Club and the Technical Students' Association.

9. Twenty scholarships, each of the value of Rs. 8 per mensem are available to Mysoreans in regular classes. While out of Bangalore on practical training, the students may get a subsistence allowance.

10. Applications for admission to the school, which shall be in the candidate's own handwriting, must be sent to the Superintendent of the School, so as to reach him on or before the 10th June, on forms which can be had from him. To—All Treasury Officers and all Drawers of Salary Bills.

SIR,

Payment of premia due on policies of the Official and Public Branches of the State Life Insurance Scheme and of subscriptions to the Family Pension and the State Provident Funds are made by deductions from Salary Bills but the number of policies and the account number of the State Provident Fund for which payments are made are not, however, entered in bills by many officers. In the absence of these particulars, the statements of recoveries to be prepared by this office will be incomplete and the maintenance of the Ledger Accounts of Insurance premia and Provident Fund subscriptions is rendered difficult. I have, therefore, the honor to request that the number of policies and the subscribers' Provident Fund Account numbers may invariably be noted in Salary Bills against the amounts paid by deduction. In the case of officers who hold more than one policy, it is sufficient if the number of the first policy is noted. Salary Bills not containing these particulars will be returned for supplying the omission *before payment.*

I have the honor to be,
Sir,
Your most obedient servant,

M. N. KRISHNA RAO,
Comptroller.

MECHANICAL ENGINEERING SCHOOL, BANGALORE.

(PROSPECTUS.)

1. Instruction is imparted in Mechanical and Electrical Engineering and has been divided into two grades—higher and lower. Students who have completed their courses in sixth or higher forms taking Science or Mathematics as optional subjects are eligible for admission into the higher grade, while those of lower forms will be admitted to the lower grade.

2. The complete course covers a period of 3½ years of which 2½ years will be spent in the school in attending lectures and practical work in the school workshops, arrangements being made during the last year for their training in some of the large workshops, mills, etc., in and outside the State.

3. Each year the session commences on the 1st Monday in July and consists of two terms, the first ending with the Christmas holidays and the second with the close of June following. The usual hours of attendance are from 7-30 to 11-30 in the morning and 2-30 to 4-30 P.M., in winter and 7 to 11 A.M, and 2-30 to 4-30 P.M., in summer.

4. The number of students that can be admitted each session will, for the present, be 75, of whom 25 may be from outside the State.

5. No tuition fees will be levied for the regular classes from students who happen to be Mysoreans, either by birth or domicile. Others have to pay a fee of Rs. 3 per mensem along with Rs. 20 per year for the workshop practice. Students should provide themselves at their own cost, text-books, note books and the necessary drawing instruments. Workshop tools, drawing boards, T-squares and set-squares will however be provided by the school, which should be returned in good order when the student leaves the school. The students will, however, be held responsible for all breakages, loss, etc. A security deposit of Rs. 10 will be collected from each student, returnable to him on the completion of his course after deducting all dues from him, if he is a Mysorean. In the case of an outsider, a sum of Rs. 15 will be collected, returnable to him on the same terms.

6. Students desirous of practising in one or more branches of the school workshop or of attending the theory lectures alone in any particular subject or subjects taught in the school are also admitted. A fee of Rs. 3 per month is levied from such casual students.

7. A class is also tentatively opened to train men in the mere driving of motor vehicles within a short period of three months. A small fee of Rs. 10 is charged for the course, with the proviso to extend the period in special cases, on payment of an additional fee of Rs. 5 per mensem subject, however, to a total period of six months.

8. A fee of Rs. 4 per annum is payable by each student as his subscription to the Athletic Club and the Technical Students' Association.

9. Twenty scholarships, each of the value of Rs. 8 per mensem are available to Mysoreans in regular classes. While out of Bangalore on practical training, the students may get a subsistence allowance.

10. APPENDIX "B."

OFFICE OF THE SECRETARY, CENTRAL COMMITTEE, MALNAD IMPROVEMENTS, SHIMOGA.

Memo.

The attraction of settlers to the malnad is an important item on the programme of the Malnad Improvement Committee. Adequate concessions have been offered to small cultivators

and the present scheme serves to answer the purposes of the poorer landless classes, who might care to migrate into the malnad and to make it their home.

2. But it has been found by experience that these concessions do not at all offer any inducement for the well-to-do classes and men of moderate means, who desire to take advantage of the immense natural resources and productive capabilities of the Mysore malnad soil.

3. With a view therefore to answer the needs of this class of men, it is proposed to clear an area of about 5 to 10 square miles, wherever such extent of land is available, divide the same into convenient cultivable blocks of 100, 50, 25 and even 10 acres to lay out village sites, sink wells, align and make roads, and to construct 'Kattes' and such like small water reservoirs in suitable localities.

4. It is also proposed to provide for dispensary buildings and other primary conveniences so as to attend to the needs of the immigrant settlers.

5. It is hoped that by this means ample impetus will have been given for men of means to colonize in the malnad and to put into practice improved methods of agriculture with mutual advantage both to themselves and to the State.

The following are the details of the cost of a scheme for clearing and making available for cultivation an area of about 6 square miles and the estimated outturn therefrom:—

	Rs.
1. Clearing jungle including rooting out of trees at about Rs. 50 to 100 an acre (total approximate cost including the cost of trees which when cut may be allowed to become the property of workmen)	1,00,000
2. Formation of rough village roads to start with about 15 miles long, at Rs. 200 a mile, excluding the cost realizable by sale of trees	3,000
3. Formation of village sites	2,500
4. Cost of sinking five drinking water wells in the villages ...	5,000
5. Construction of about 20 'Kattes' at 1,000 a katte ...	20,000
6. Establishment of a dispensary. Initial cost of building including equipment	3,500
7. Construction of five village schools	5,000
8. Construction of five village chavadies	2,500
9. Cost of establishment	5,800

Details of establishment.

Two Overseers on Rs. 70 plus 30 per month.
Two temporary Mestris on Rs. 20 per month.
Two clerks on Rs. 20 plus 5 each per month.
Four peons on Rs. 8 each per month.
Contingencies Rs. 100.

10. Survey charges	1,500
11. Totis and talaris	1,200
Total Investment ...	1,50,000

12. *Outturn.*—Out of 3,000 acres, 1,500 may be considered as wet lands and 1,500 as dry lands.

	Rs.
Dry lands at annas 4 an acre would yield	375
Wet lands at Rs. 2 an acre would yield	3,000
Total expected yield a year would be ...	3,375 or
in round figures ...	4,000

APPENDIX "C."

OFFICE OF THE SECRETARY, CENTRAL COMMITTEE, MALNAD IMPROVEMENT, SHIMOGA.

Memo.

Agriculture is the mainstay of the malnad raiyats whose prosperity depends chiefly upon the welfare of their cattle and cattle, protection is a very important item for consideration in connection with any scheme to promote the well-being of the agricultural class.

2. There are ascertained to be about 23 lakhs of cattle in the three malnad districts of Shimoga, Kadur and Hassan and the mortality among cattle in recent years has become very large.

3. From a perusal of the Revenue Administration Report for the year 1916-17, it will be seen that the mortality among cattle in these three districts during the year was more than 40,000.

4. Taking the value of a pair of cattle to be on an average Rs. 75, the approximate value of cattle lost would come up to 15 lakhs of rupees.

5. If this state of affairs were allowed to continue unchecked, it will tend to the serious economic ruin of the malnad raiyats.

6. It is therefore proposed to conduct a cattle survey with a view to investigate the causes for the loss of cattle in the malnad, the nature of the diseases prevailing among them, and the period of the year in which cattle mortality is largest and also to suggest remedial measures for improving the breed of malnad cattle.

7. The cost of the survey which is contemplated to last for six months would come up to Rs. 1,000 for each district as detailed below:—

	Rs.
1. One Veterinary Inspector on Rs. 80 with a conveyance allowance of Rs. 20 per month for six months	600
2. One clerk on Rs. 15 per month	90
3. One peon on Rs. 8 plus 2 per month	60
4. Contingencies including travelling allowance	250
Total ...	1,000

8. As a measure of immediate relief it seems desirable to open temporary veterinary dispensaries in all the taluk headquarters in the area under the scheme. The cost of the dispensary will work up to Rs. 1,350 per annum as detailed hereunder:—

	Rs.
One Assistant Veterinary Inspector, 2nd grade, on Rs. 40—$\frac{5}{2}$—50 ...	560
One salustry on Rs. 15	180
One compounder on Rs. 10	120
One peon on Rs. 7	84
Maintenance charges	150
Initial charges	250
Total ...	1,344 or
in round figures ...	1,350

EXCISE DEPARTMENT.

SALE OF COUNTRY BOTTLED BEER SHOPS IN THE CITIES OF BANGALORE, MYSORE AND IN THE KOLAR GOLD FIELDS FOR 1918-19.

Notice No. Mis. C. 302-17, *dated* 10*th June* 1918.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in sealed bottles in the shops specially licensed for the purpose in the Cities of Bangalore and Mysore and in the Kolar Gold Fields, for the twelve months, beginning with 1st July 1918 and ending with 30th June 1919, will be sold by public auction on the date and at the place mentioned below, by the Deputy Commissioner of the district concerned or other officer authorised by him.

2. The manufacturers of Beer are not allowed to bid for or purchase the shops.

Each bidder at the auction shall deposit a sum of Rs. 50 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccessful bidders will be returned to them.

5. The person to whom the shops have been knocked down, shall be required to leave his address with the sale-conducting officer in order that the confirmation of the sale may be communicated to that address, and within seven days after service of the said notice by its presentation to the purchaser or any adult male member of the family at the place of the said address or by its being affixed thereto or by its despatch duly registered by post, deposit such further sum as, with the first deposit, will make up a total security of two months' rental for the shop knocked down to him or such other reasonable amount as may be fixed by the Deputy Commissioner according to its value; and shall take out licenses and execute counterpart-engagements, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart-engagement, as aforesaid, the shop will be resold at the risk of such person, or will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. Resales effected under para 5 *supra*, will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by resale or other disposal, he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale or by disposal otherwise. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale or other disposal, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale or other disposal, the whole of such deposit shall be credited to Government.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely :—

(1) The privilege conferred by the license extends to the sale only in sealed bottles of Country Beer or Porter brewed on the Nilgiris in Breweries which may be approved of by the Government or by Messrs. Meakin & Co., Kirkee, or by the Bangalore Brewery & Co., * Bangalore, or in any other Brewery approved by Government.

(2) Each shop shall be maintained in or close to the existing shop as may be determined by the Deputy Commissioner.

(3) The amount payable for each month shall be paid into the local Taluk Treasury on the 10th day of the month according to general condition 27 applicable to all Excise and Opium licenses published in Notification No. 209-17, dated 25th March 1918. The security deposit shall be returnable to the licensee at the expiry of the period of the lease and after deducting from it such dues as may

* Now called the "United Brewery Co., Limited."

Failing payment as above, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at the rate of one pie per rupee per mensem or part thereof under the rules in force for the collection of land revenue. No remission or abatement of the Government dues shall, on any account whatever, be claimable by the licensee.

(4) All Country beer intended to be imported into the Mysore State, in bottles, shall pay the prescribed duty at four annas and six pies per gallon into the Bangalore Taluk Treasury on the printed chellan prescribed for the purpose.

(*a*) An application shall then be made, with the aforesaid chellan received from the Treasury, to the Excise Commissioner in Mysore for the grant of the necessary permit.

(*b*) On obtaining the permit and the necessary permission of the Excise authorities of the place wherefrom the beer is to be exported, the liquor may be imported and transported into Mysore State under cover of the permit.

(*c*) The consignment on arrival at its destination shall not be opened until it is verified and certified to by an Excise Officer.

(*d*) The permit referred to in (*a*) *supra* shall be in triplicate, the original shall be issued to the applicant and the duplicate shall be sent simultaneously to the Excise Inspector concerned, who will note on the back of the permit the result of his verification, and return the same to the Excise Commissioner for being filed with the counterfoil retained in his office.

(5) The licensee shall be bound to take over any Beer or Porter which remained as stock in hand belonging to the out-going licensee on the 1st July 1918, in the existing shop, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

(6) This lease shall not be transferable by sale, gift, mortgage or otherwise without the previous sanction of the Excise Commissioner.

(7) The vendor shall equally with the license-holder be responsible in the penalties herein set forth for breach of any of the conditions of the license.

(8) He shall sell Beer or Porter of approved quality. It should not be sold to be drunk on the premises.

(9) He shall not sell or give Beer or Porter in any quantity whatever directly or indirectly to any European or non-commissioned officer or private soldier, nor to any European or East Indian women connected with or related to men of these classes, nor allow him, her or them, to drink Beer or Porter in his premises or grounds; he shall not permit drunkenness or disorderly behaviour in his shop or premises, and shall not suffer any gambling whatsoever therein, and shall not knowingly permit prostitutes or persons of notoriously bad character to meet or remain therein; he shall not wilfully harbour or conceal therein soldiers or others knowing or having reason to believe such soldiers or others to be deserters; he shall give information of suspicious characters to the Magistrate or Police Officer; and he shall not sell or give Beer or Porter to any Police officer, Railway servant, or Excise officer, whilst on duty, or to insane person.

(10) He shall fix in a conspicuous place outside of his shop a board on which shall be legibly painted his name, vendor's name, the number of his shop, and the article he is licensed to deal in.

(11) He shall not receive any articles whatsoever in barter or pledge, and payment for Beer or Porter shall be made in ready money only.

(12) The Beer or Porter sold under this license shall be brewed from good materials and its quality shall be such as to satisfy the Excise Commissioner, and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. Wort shall not exceed 1073°. The Beer or Porter sold shall not contain more than 8 per cent alcohol by volume. Samples of such Beer or Porter shall be sent duly bottled from the shop for examination and test whenever required by the Excise Department.

(13) Any Magistrate having local jurisdiction, or any officer acting under his warrant or any Excise officer shall be allowed entry to the shop at any hour to test the Beer or Porter on the premises and examine the shop accounts, which it shall be the duty of the license-holder and vendor to keep and produce. Such

accounts shall be true and correct, and written up daily in the prescribed forms. All condemned Beer shall be destroyed.

(14) He shall close his shop by 8 P.M., and not open it before 9-30 A.M., except on special permit in cases of festivals, etc.

(15) Beer brought for the Commissariat Department and rejected by the Military or other Departments, shall not, under any circumstances, be forwarded for sale in the shop.

(16) The shop shall have only one door, and unless barred and protected by wire netting no window will be allowed to the rear or ends of the building; the bar, where the liquor is sold from, shall be opposite to the entrance door, and so situated that all persons inside can be seen by any one passing to and fro in the street; and no second room shall be allowed to be kept open for customers.

(17) The licensee shall be bound by the rules in force, and those which may be issued from time to time by Government.

8. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity by any person in his employment, or in the event of the licensee neglecting to open his shop or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1917, shall be made good by him. When a license is cancelled, the vend fee for the remaining period of the lease shall be payable at once and in default of payment shall be recovered with all losses as if they were arrears of land revenue.

SALE OF COUNTRY BOTTLED BEER SHOPS IN THE CITIES OF BANGALORE, MYSORE AND IN THE KOLAR GOLD FIELDS FOR 1918-19.

Notice No. Mis. C. 302-17, *dated* 10*th June* 1918.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in sealed bottles in the shops specially licensed for the purpose in the Cities of Bangalore and Mysore and in the Kolar Gold Fields, for the twelve months, beginning with 1st July 1918 and ending with 30th June 1919, will be sold by public auction on the date and at the place mentioned below, by the Deputy Commissioner of the district concerned or other officer authorised by him.

2. The manufacturers of Beer are not allowed to bid for or purchase the shops.

Each bidder at the auction shall deposit a sum of Rs. 50 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccessful bidders will be returned to them.

5. The person to whom the shops have been knocked down, shall be required to leave his address with the sale-conducting officer in order that the confirmation of the sale may be communicated to that address, and within seven days after service of the said notice by its presentation to the purchaser or any adult male member of the family at the place of the said address or by its being affixed thereto or by its despatch duly registered by post, deposit such further sum as, with the first deposit, will make up a total security of two months' rental for the shop knocked down to him or such other reasonable amount as may

On the failure of any person to make the deposit or to take out license or to execute the counterpart-engagement, as aforesaid, the shop will be resold at the risk of such person, or will be otherwise disposed of at the discretion of the Deputy Commissioner. 6. Resales effected under para 5 *supra*, will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by resale or other disposal, he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale or by disposal otherwise. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale or other disposal, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale or other disposal, the whole of such deposit shall be credited to Government.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely:—

The security deposit shall be returnable to the licensee at the expiry of the period of the lease and after deducting from it such dues as may be payable by him to Government. Failing payment as above, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at the rate of one pie per rupee per mensem or part thereof under the rules in force for the collection of land revenue. No remission or abatement of the Government dues shall, on any account whatever, be claimable by the licensee.

(*a*) An application shall then be made, with the aforesaid chellan received from the Treasury, to the Excise Commissioner in Mysore for the grant of the necessary permit.

(*b*) On obtaining the permit and the necessary permission of the Excise authorities of the place wherefrom the beer is to be exported, the liquor may be imported and transported into Mysore State under cover of the permit.

The Heads of Offices, and the Deputy Commissioners.

Adverting to Government Notification No. Fl. 7634—G. F. 209-17-37, dated 10th June 1918, sanctioning certain concessions to Government employees to help them in investing their savings in the Second Indian War Loan, the undersigned has the honor to issue the following instructions regarding the procedure to be followed in paying the first and subsequent instalments towards the loan applied for by subscribers.

2. The first instalment payable for the War Bonds 1921, 1923, 1925 and 1928 is 5 per cent of face value of the security applied for and this amount may be paid either in cash or by deduction from the pay of the applicant. The payment should in either case be made on or before the 14th September 1918. 3. Subscriptions cannot be made for fractions of Rs. 100.

4. Applications for subscribing to the loan should, in the case of cash payments of the 1st instalment, be presented to the treasury with the amount due. The treasury will give to the applicant a receipt for the amount paid by him and forward his application to this office.

5. When payment of the first instalment is made by deduction from the pay of the applicant a separate statement showing particulars of deductions from each individual's pay should be attached to establishment pay bills. But in the case of bills of gazetted and other officers who draw their own salary bills, it is sufficient if the deduction is clearly noted in them and the submission of separate statements of deductions is not necessary. The applications for subscribing to the loan should be attached to the bills in which deductions on account of the first instalment are made and the treasuries cashing such bills will endorse the fact of payment on the applications and submit them to this office on the very day on which they are presented to them.

6. The remaining 23 instalments should be paid by deduction from the pay of subscribers commencing from the pay for the month subsequent to that in which the first instalment is made; for example, if the 1st instalment is paid in cash in June 1918 the deduction from salary begins from July 1918 and the last payment will be made by deduction from the pay for May 1920. Particulars of these deductions should also be shown either on the bills themselves as in the case of gazetted officers or in separate schedules attached to establishment bills.

7. Printed forms of application (*vide* para 4 *supra*) and statement of deductions (*vide* para 5 *supra*) may be obtained from treasuries.

In pursuance of Section 2 of the Defence of India (Criminal Law Amendment Act, 1915) as introduced into Mysore by Regulation I of 1918, Government are pleased to direct that the following rule be inserted after Rule 3A in Government Notification No. J. 811—Legis. 46-16-9, dated 1st September 1917, as amended by Government Notification No. J. 2034—Legis. 15-17-2, dated 11th December 1917.

Maintenance of supply of commodities of general use for the purpose of securing the public safety.

3B. (1) Where in the opinion of Government it is necessary for the purpose of securing public safety to control the supply of any commodity of general use, they may, by notification in the Official Gazette, make a declaration to that effect which may extend either to the whole of Mysore or to such part thereof as may be specified in the notification.

(2) In any area in which a declaration under sub-rule (1) is in force, Government may exercise all or any of the following powers in regard to the commodity to which the declaration relates, namely :—

(*a*) By general or special order in writing require any trader to make a return in such form and within such time and to such authority as may be specified in the order as to the stocks of such commodity held by him or consigned to him or under order on his account; as to any contracts for the supply to or by him of such commodity or for or in connection with the production or manufacture of such commodity and as to any other dealing by him therein and as to the persons with whom and the prices at which any such contracts or other dealings were made or had, or at which such commodity had been bought or sold by him; as to the cost of production of such commodity, so far as the same may be known to him, and the profits usually made are expected by him on the sale thereof; and as to any other matters specified in the order with respect

to which in the opinion of the authority making the order it is desirable to obtain information for the purpose of controlling the price of such commodity;

(*b*) By notification in the Official Gazette prescribe the conditions under which (including the maximum price at which) such commodity may be sold, and such conditions may be general for the whole area or may vary as regards different localities therein, and different conditions may be prescribed for different classes of such commodity; and

(*c*) where a price for sale has been fixed in accordance with the provisions of clause (*b*) by order in writing, require a trader to place the whole or any portion of his stock, whether immediately available or not at the disposal of the Government at such time and place and in such manner as may be specified in the order on receiving payment therefor at the price or prices so fixed.

(3) Any authority having power to make an order under sub-rule (2) (*a*) may, for the purpose of testing the accuracy of any return made in accordance therewith or for obtaining information in a case where an order under that sub-rule has not, in the opinion of such authority been sufficiently complied with, empower by general or special order any person to enter and search any place, in which such person has reason to believe that any commodity in respect of which an order has been made under sub-rule (2) (*a*) is kept or stored and to take such measures as such person thinks necessary for testing the accuracy of the return or for obtaining such information.

(4) If any person except as authorised by the authority under whose orders the information was obtained discloses or makes use of any information obtained in accordance with the provisions of this rule, he shall be deemed to have contravened these rules.

(5) If any person disobeys or neglects to comply with any order made in exercise of the power conferred by sub-rule (2) or any condition of sale prescribed under that rule other than a condition as to maximum price he shall be deemed to have contravened these rules and the authority making the order may take such action as he thinks necessary to give effect to the sale.

(6) If by a notification published in pursuance of sub-rule (2) a maximum price has been fixed for any commodity, and any person sells such commodity at a price in excess thereof, such person shall be punishable with imprisonment for a term which may extend to six months or with fine which may extend to Rs. 1,000 or to three times the price received by him for the commodity so sold whichever is most, and if such person is a company, every Director and officer thereof shall be liable in like manner as if he had sold the commodity himself unless he proves that the contravention of the order took place without his knowledge or consent.

(7) Government may by order in writing authorise any officer of Government to exercise the powers referred to in sub-rule (2) clauses (*a*) and (*c*).

(8) In this rule the expression "trader" includes a manufacturer, producer, ware-housekeeper or vendor and in the case of a vendor whether wholesale or retail and whether acting on his own behalf or on behalf of any other person, and if not acting on his own behalf, the person on whose behalf he is acting.

(Received the assent of His Highness the Maharaja on the 14th day of March 1918.)

Preamble.

WHEREAS it is expedient to define and amend certain parts of the law relating to the transfer of property by act of parties; His Highness the Maharaja is pleased to enact as follows:—

CHAPTER I.

PRELIMINARY.

Short title.

1. This Regulation may be called the Transfer of Property Regulation.

Commencement.

It shall come into force on the first day of July 1918.

Extent.

It extends to the whole of Mysore.

Repeal.

2. Nothing herein contained shall be deemed to affect—

Saving of certain enactments, incidents, rights, liabilities, etc.

(*a*) the provisions of any enactment not hereby expressly repealed:

(*b*) any terms or incidents of any contract or constitution of property which are consistent with the provisions of this Regulation and are allowed by the law for the time being in force:

(*c*) any right or liability arising out of a legal relation constituted before this Regulation comes into force, or any relief in respect of any such right or liability: or

(*d*) save as provided by section 57 and Chapter IV of this Regulation any transfer by operation of law or by, or in execution of, a decree or order of a Court of competent jurisdiction:

and save as provided in sections 13 and 14,

nothing in the second chapter of this Regulation shall be deemed to affect any rule of Hindu, Muhammadan or Buddhist law.

Interpretation clause.

3. In this Regulation, unless there is something repugnant in the subject or context,—

"immovable property" does not include standing timber, growing crops or grass:

"instrument" means a non-testamentary instrument:

"registered" means registered in Mysore under the law for the time being in force regulating the registration of documents:

"attached to the earth" means—

(*a*) rooted in the earth, as in the case of trees and shrubs;

(*b*) imbedded in the earth, as in the case of walls or buildings; or

(*c*) attached to what is so imbedded for the permanent beneficial enjoyment of that to which it is attached:

"actionable claim" means a claim to any debt, other than a debt secured by mortgage of immovable property or by hypothecation or pledge of movable property, or to any beneficial interest in movable property not in the possession, either actual or constructive, of the claimant, which the Civil Courts recognize as affording grounds for relief, whether such debt or beneficial interest be existent, accruing, conditional or contingent;

and a person is said to have "notice" of a fact when he actually knows that fact, or when, but for wilful abstention from an enquiry or search which he ought to have made, or gross negligence, he would have known it, or when information of the fact is given to or obtained by his agent, under the circumstances mentioned in the Indian Contract Act, 1872, section 229.

Enactments relating to contracts to be taken as part of Contract Act.

4. The chapters and sections of this Regulation which relate to contracts shall be taken as part of the Indian Contract Act, 1872.

And sections 54, paragraphs 2 and 3, 59, 107 and 123 shall be read as supplemental to the Mysore Registration Regulation, 1903.

CHAPTER II.

OF TRANSFERS OF PROPERTY BY ACT OF PARTIES.

(A) Transfer of Property whether movable or immovable.

"Transfer of property" defined.

5. In the following sections "transfer of property" means an act by which a living person conveys property in present or in future, to one or more other living persons, or to himself and one or more other living persons; and "to transfer property" is to perform such act.

What may be transferred.

6. Property of any kind may be transferred, except as otherwise provided by this Regulation or by any other law for the time being in force.

(*a*) The chance of an heir-apparent succeeding to an estate, the chance of a relation obtaining a legacy on the death of a kinsman, or any other mere possibility of a like nature, cannot be transferred.

(*b*) A mere right of re-entry for breach of a condition subsequent cannot be transferred to any one except the owner of the property affected thereby.

(*c*) An easement cannot be transferred apart from the dominant heritage.

(*d*) An interest in property restricted in its enjoyment to the owner personally cannot be transferred by him.

(*e*) A mere right to sue cannot be transferred.

(*f*) A public office cannot be transferred, nor can the salary of a public officer, whether before or after it has become payable.

(*g*) Stipends allowed to military and civil pensioners of Government and political pensions cannot be transferred.

(*h*) No transfer can be made (1) in so far as it is opposed to the nature of the interest affected thereby, or (2) for an unlawful object or consideration within the meaning of section 23 of the Indian Contract Act, 1872, or (3) to a person legally disqualified to be transferee.

(*i*) Nothing in this section shall be deemed to authorize a tenant having an untransferable right of occupancy, or the farmer of an estate in respect of which default has been made in paying revenue, to assign his interest as such tenant or farmer.

Persons competent to transfer.

7. Every person competent to contract and entitled to transferable property, or authorized to dispose of transferable property, not his own, is competent to transfer such property either wholly or in part, and either absolutely or conditionally, in the circumstances, to the extent and in the manner allowed and prescribed by any law for the time being in force.

Operation of transfer.

8. Unless a different intention is expressed or necessarily implied, a transfer of property passes forthwith to the transferee all the interest which the transferor is then capable of passing in the property, and in the legal incidents thereof.

Such incidents include, where the property is land, the easements annexed thereto, the rents and profits thereof accruing after the transfer, and all things attached to the earth;

and, where the property is machinery attached to the earth, the movable parts thereof;

and, where the property is a house, the easements annexed thereto, the rent thereof accruing after the transfer, and the locks, keys, bars, doors, windows, and all other things provided for permanent use therewith;

and, where the property is a debt or other actionable claim, the securities therefor (except where they are also for other debts or claims not transferred to the transferee) but not arrears of interest accrued before the transfer;

and, where the property is money or other property yielding income, the interest or income thereof accruing after the transfer takes effect.

Oral transfer.

9. A transfer of property may be made without writing in every case in which a writing is not expressly required by law.

Condition restraining alienation.

10. Where property is transferred subject to a condition or limitation absolutely restraining the transferee or any person claiming under him from parting with or disposing of his interest in the property, the condition or limitation is void, except in the case of a lease where the condition is for the benefit of the lessor or those claiming under him: Provided that property may be transferred to or for the benefit of a woman (not being a Hindu, Muhammadan or Buddhist), so that she shall not have power during her marriage to transfer or change the same or her beneficial interest therein.

Restriction repugnant to interest created.

11. Where, on a transfer of property, an interest therein is created absolutely in favour of any person, but the terms of the transfer direct that such interest shall be applied or enjoyed by him in a particular manner, he shall be entitled to receive and dispose of such interest as if there were no such direction.

Nothing in this section shall be deemed to affect the right to restrain, for the beneficial enjoyment of one piece of immovable property, the enjoyment of another piece of such property, or to compel the enjoyment thereof in a particular manner.

Condition making interest determinable on insolvency or attempted alienation.

12. Where property is transferred subject to a condition or limitation making any interest therein, reserved or given to or for the benefit of any person, to cease on his becoming insolvent or endeavouring to transfer or dispose of the same, such condition or limitation is void.

Nothing in this section applies to a condition in a lease for the benefit of the lessor or those claiming under him.

Transfer for benefit of unborn person.

13. Where, on a transfer of property, an interest therein is created for the benefit of a person not in existence at the date of the transfer, subject to a prior interest created by the same transfer, the interest created for the benefit of such person shall not take effect, unless it extends to the whole of the remaining interest of the transferor in the property. Provided that where a transfer as aforesaid is made by a person governed by the Hindu Law, the interest created for the benefit of a person not in existence at the date of the transfer shall take effect notwithstanding that it does not extend to the whole of the remaining interest of the transferor in the property.

Illustration.

A, not being a person governed by the Hindu Law, transfers property of which he is the owner to B in trust for A and his intended wife successively for their lives, and after the death of the survivor, for the eldest son of the intended marriage for life, and after his death for A's second son. The interest so created for the benefit of the eldest son does not take effect, because it does not extend to the whole of A's remaining interest in the property.

Rule against perpetuity.

14. (1) No transfer of property can operate to create an interest which is to take effect after the life-time of one or more persons living at the date of such transfer, and the minority of some person who shall be in existence at the expiration of that period, and to whom, if he attains full age, the interest created is to belong.

(2) Subject to the limitation specified in sub-section (1), no transfer *inter-vivos* of property by a Hindu shall be invalid by reason only that any person for whose benefit it may have been made was not in existence at the date of such transfer.

Transfer to class some of whom come under sections 13 and 14.

15. If, on a transfer of property, an interest therein is created for the benefit of a class of persons with regard to some of whom such interest fails by reason of any of the rules contained in sections 13 and 14, such interest fails as regards the whole class.

16. Where an interest fails by reason of any of the rules contained in sections 13, 14 and 15, any interest created in the same transaction and intended to take effect after or upon failure of such prior interest also fails.

Transfer to take effect on failure of prior transfer.

17. The restrictions in sections 14, 15 and 16 shall not apply to property transferred for the benefit of the public in the advancement of religion, knowledge, commerce, health, safety or any other object beneficial to mankind.

Transfer in perpetuity for benefit of public.

18. Where the terms of a transfer of property direct that the income arising from the property shall be accumulated, such direction shall be void, and the property shall be disposed of as if no accumulation had been directed.

Direction for accumulation.

Exception.—Where the property is immovable or where accumulation is directed to be made from the date of the transfer, the direction shall be valid in respect only of the income arising from the property within one year next following such date; and at the end of the year such property and income shall be disposed of respectively as if the period during which the accumulation has been directed to be made had elapsed.

19. Where, on a transfer of property, an interest therein is created in favour of a person without specifying the time when it is to take effect, or in terms specifying that it is to take effect forthwith or on the happening of an event which must happen, such interest is vested, unless a contrary intention appears from the terms of the transfer.

Vested interest.

A vested interest is not defeated by the death of the transferee before he obtains possession.

Explanation.—An intention that an interest shall not be vested is not to be inferred merely from a provision whereby the enjoyment thereof is postponed, or whereby a prior interest in the same property is given or reserved to some other person, or whereby income arising from the property is directed to be accumulated until the time of enjoyment arrives, or from a provision that if a particular event shall happen the interest shall pass to another person.

20. Where, on a transfer of property, an interest therein is created for the benefit of a person not then living, he acquires upon his birth, unless a contrary intention appear from the terms of the transfer, a vested interest, although he may not be entitled to the enjoyment thereof immediately on his birth.

When unborn person acquires vested interest on transfer for his benefit.

21. Where, on a transfer of property, an interest therein is created in favour of a person to take effect only on the happening of a specified uncertain event, or if a specified uncertain event shall not happen, such person thereby acquires a contingent interest in the property. Such interest becomes a vested interest, in the former case, on the happening of the event, in the latter, when the happening of the event becomes impossible.

Contingent interest.

Exception.—Where, under a transfer of property, a person becomes entitled to an interest therein upon attaining a particular age, and the transferor also gives to him absolutely the income to arise from such interest before he reaches that age, or directs the income or so much thereof as may be necessary to be applied for his benefit, such interest is not contingent.

22. Where, on a transfer of property, an interest therein is created in favour of such members only of a class as shall attain a particular age, such interest does not vest in any member of the class who has not attained that age.

Transfer to members of a class who attain a particular age.

23. Where, on a transfer of property, an interest therein is to accrue to a specified person if a specified uncertain event shall happen and no time is mentioned for the occurrence of that event, the interest fails unless such event happens before, or at the same time as, the intermediate or precedent interest ceases to exist.

Transfer contingent on happening of specified uncertain event.

24. Where, on a transfer of property, an interest therein is to accrue to such of certain persons as shall be surviving at some period, but the exact period is not specified, the interest shall go to such of them as shall be alive when the intermediate or precedent interest ceases to exist, unless a contrary intention appears from the terms of the transfer.

Transfer to such of certain persons as survive at some period not specified.

Illustration.

A transfers property to B for life, and after his death to C and D, equally to be divided between them, or to the survivor of them. C dies during the life of B. D survives B. At B's death the property passes to D.

25. An interest created on a transfer of property and dependent upon a condition fails if the fulfilment of the condition is impossible, or is forbidden by law, or is of such a nature that, if permitted, it would defeat the provisions of any law, or is fraudulent, or involves or implies injury to the person or property of another, or the Court regards it as immoral or opposed to public policy.

Conditional transfer.

Illustrations.

(*a*) A lets a farm to B on condition that he shall walk a hundred miles in an hour. The lease is void.

(*b*) A gives Rs. 500 to B on condition that he shall marry A's daughter C. At the date of the transfer C was dead. The transfer is void.

(*c*) A transfers Rs. 500 to B on condition that he shall murder C. The transfer is void.

(*d*) A transfers Rs. 500 to his niece C if she will desert her husband. The transfer is void.

26. When the terms of a transfer of property imposes a condition to be fulfilled before a person can take an interest in the property, the condition shall be deemed to have been fulfilled if it has been substantially complied with.

Fulfilment of condition precedent.

Illustrations.

(*a*) A transfers Rs. 5,000 to B on condition that he shall marry with the consent of C, D and E. E dies. B marries with the consent of C and D. B is deemed to have fulfilled the condition.

(*b*) A transfers Rs. 5,000 to B on condition that he shall marry with the consent of C, D and E. B marries without the consent of C, D and E, but obtains their consent after the marriage. B has not fulfilled the condition.

27. Where, on a transfer of property, an interest therein is created in favour of one person, and by the same transaction an ulterior disposition of the same interest is made in favour of another, if the prior disposition under the transfer shall fail, the ulterior disposition shall take effect upon the failure of the prior disposition, although the failure may not have occurred in the manner contemplated by the transferor.

Conditional transfer to one person coupled with transfer to another on failure of prior disposition.

But, where the intention of the parties to the transaction is that the ulterior disposition shall take effect only in the event of the prior disposition failing in a particular manner, the ulterior disposition shall not take effect unless the prior disposition fails in that manner.

Illustrations.

(*a*) A transfers Rs. 500 to B on condition that he shall execute a certain lease within three months after A's death, and, if he should neglect to do so, to C. B dies in A's life-time. The disposition in favour of C takes effect.

(*b*) A transfers property to his wife; but, in case she should die in his life-time, transfers to B that which he had transferred to her. A and his wife perish together under circumstances which make it impossible to prove that she died before him. The disposition in favour of B does not take effect.

28. On a transfer of property an interest therein may be created to accrue to any person with the condition superadded that in case a specified uncertain event shall happen such interest shall pass to another person, or that in case a specified uncertain event shall not happen such interest shall

Ulterior transfer conditional on happening or not happening of specified event.

pass to another person. In each case the dispositions are subject to the rules contained in sections 10, 12, 21, 22, 23, 24, 25 and 27.

Fulfilment of condition subsequent.

29. An ulterior disposition of the kind contemplated by the last preceding section cannot take effect unless the condition is strictly fulfilled.

Illustration.

A transfers Rs. 500 to B, to be paid to him on his attaining his majority or marrying, with a proviso that, if B dies a minor or marries without C's consent, the Rs. 500 shall go to D. B marries when only 17 years of age, without C's consent. The transfer to D takes effect.

Prior disposition not affected by invalidity of ulterior disposition.

30. If the ulterior disposition is not valid, the prior disposition is not affected by it.

Illustration.

A transfers a farm to B for her life, and, if she do not desert her husband, to C. B is entitled to the farm during her life as if no condition had been inserted

Condition that transfer shall cease to have effect in case specified uncertain event happens or does not happen.

31. Subject to the provisions of section 12, on a transfer of property an interest therein may be created with the condition superadded that it shall cease to exist in case a specified uncertain event shall happen, or in case a specified uncertain event shall not happen.

Illustrations.

(*a*) A transfers a farm to B for his life, with a proviso that, in case B cuts down a certain wood, the transfer shall cease to have any effect. B cuts down the wood. He loses his life-interest in the farm.

(*b*) A transfers a farm to B, provided that, if B shall not go to England within three years after the date of the transfer, his interest in the farm shall cease. B does not go to England within the term prescribed. His interest in the farm ceases.

Such condition must not be invalid.

32. In order that a condition that an interest shall cease to exist may be valid, it is necessary that the event to which it relates be one which could legally constitute the condition of the creation of an interest.

Transfer conditional on performance of act, no time being specified for performance.

33. Where, on a transfer of property, an interest therein is created subject to a condition that the person taking it shall perform a certain act, but no time is specified for the performance of the act, the condition is broken when he renders impossible, permanently or for an indefinite period, the performance of the act.

Transfer conditional on performance of act, time being specified.

34. Where an act is to be performed by a person either as a condition to be fulfilled before an interest created on a transfer of property is enjoyed by him, or as a condition on the non-fulfilment of which the interest is to pass from him to another person, and a time is specified for the performance of the act, if such performance within the specified time is prevented by the fraud of a person who would be directly benefited by non-fulfilment of the condition, such further time shall as against him be allowed for performing the act as shall be requisite to make up for the delay caused by such fraud. But if no time is specified for the performance of the act, then, if its performance is by the fraud of a person interested in the non-fulfilment of the condition rendered impossible or indefinitely postponed, the condition shall as against him be deemed to have been fulfilled.

Election.

Election when necessary.

35. Where a person professes to transfer property which he has no right to transfer, and as part of the same transaction confers any benefit on the owner of the property, such owner must elect either to confirm such transfer or to dissent from it; and in the latter case he shall relinquish the benefit so conferred, and the benefit so relinquished shall revert to the transferor or his representative as if it had not been disposed of, subject nevertheless,

where the transfer is gratuitous, and the transferor has, before the election died or otherwise become incapable of making a fresh transfer,

and in all cases where the transfer is for consideration,

to the charge of making good to the disappointed transferee the amount or value of the property attempted to be transferred to him.

Illustrations.

The farm of Sultanpur is the property of C and worth Rs. 800. A by an instrument of gift professes to transfer it to B, giving by the same instrument Rs. 1,000 to C. C elects to retain the farm. He forfeits the gift of Rs. 1,000.

In the same case, A dies before the election. His representative must out of the Rs. 1,000 pay Rs. 800 to B.

The rule in the first paragraph of this section applies whether the transferor does or does not believe that which he professes to transfer to be his own.

A person taking no benefit directly under a transaction, but deriving a benefit under it indirectly, need not elect.

A person who in his own capacity takes a benefit under the transaction may in another dissent therefrom.

Exception to the last preceding four rules.—Where a particular benefit is expressed to be conferred on the owner of the property which the transferor professes to transfer, and such benefit is expressed to be in lieu of that property, if such owner claim the property, he must relinquish the particular benefit, but he is not bound to relinquish any other benefit conferred upon him by the same transaction.

Acceptance of the benefit by the person on whom it is conferred constitutes an election by him to confirm the transfer, if he is aware of his duty to elect and of those circumstances which would influence the judgment of a reasonable man in making an election, or if he waives enquiry into the circumstances.

Such knowledge or waiver shall in the absence of evidence to the contrary, be presumed, if the person on whom the benefit has been conferred has enjoyed it for two years without doing any act to express dissent.

Such knowledge or waiver may be inferred from any act of his which renders it impossible to place the persons interested in the property professed to be transferred in the same condition as if such act had not been done.

Illustration.

A transfers to B an estate to which C is entitled, and as part of the same transaction gives C a coal-mine. C takes possession of the mine and exhausts it. He has thereby confirmed the transfer of the estate to B.

If he does not within one year after the date of the transfer signify to the transferor or his representatives his intention to confirm or to dissent from the transfer, the transferor or his representatives may, upon the expiration of that period, require him to make his election; and, if he does not comply with such requisition within a reasonable time after he has received it, he shall be deemed to have elected to confirm the transfer.

In case of disability, the election shall be postponed until the disability ceases, or until the election is made by some competent authority.

Apportionment.

Apportionment of periodical payments on determination of interest of person entitled.

36. In the absence of a contract or local usage to the contrary, all rents, annuities, pensions, dividends and other periodical payments in the nature of income shall, upon the transfer of the interest of the person entitled to receive such payments, be deemed, as between the transferor and transferee, to accrue due from day to day, and to be apportionable accordingly, but to be payable on the days appointed for the payment thereof.

Apportionment of benefit of obligation on severance.

37. When, in consequence of a transfer, property is divided and held in several shares, and thereupon the benefit of any obligation relating to the property as a whole passes from one to several owners of the property, the corresponding duty shall, in the absence of a contract to the contrary amongst the owners, be performed in favour of each of such owners in proportion to the value of his share in the property, provided that the duty can be severed and that the severance does

not substantially increase the burden of the obligation; but if the duty cannot be severed, or if the severance would substantially increase the burden of the obligation, the duty shall be performed for the benefit of such one of the several owners as they shall jointly designate for that purpose:

Provided that no person on whom the burden of the obligation lies shall be answerable for failure to discharge it in manner provided by this section, unless and until he has had reasonable notice of the severance.

Nothing in this section applies to leases for agricultural purposes unless and until the Government by notification in the official Gazette so directs.

Illustrations.

(*a*) A sells to B, C and D a house situate in a village and leased to E at an annual rent of Rs. 30 and delivery of one fat sheep, B having provided half the purchase money and C and D one quarter each. E, having notice of this, must pay Rs. 15 to B, Rs. 7½ to C and Rs. 7½ to D, and must deliver the sheep according to the joint direction of B, C and D.

(*b*) In the same case, each house in the village being bound to provide ten days' labour each year on a dyke to prevent inundation, E had agreed as a term of his lease to perform this work for A. B, C and D severally require E to perform the ten days' work due on account of the house of each. E is not bound to do more than ten days' work in all, according to such directions as B, C and D may join in giving.

(B) Transfer of Immovable Property.

Transfer by person authorized only under certain circumstances to transfer.

38. Where any person, authorised only under circumstances in their nature variable to dispose of immovable property, transfers such property for consideration, alleging the existence of such circumstances, they shall, as between the transferee on the one part and the transferor and other persons (if any) affected by the transfer on the other part, be deemed to have existed, if the transferee, after using reasonable care to ascertain the existence of such circumstances, has acted in good faith.

Illustration.

A, a Hindu widow, whose husband has left collateral heirs alleging that the property held by her as such is insufficient for her maintenance, agrees, for purposes neither religious nor charitable, to sell a field, part of such property, to B B satisfies himself by reasonable enquiry that the income of the property is insufficient for A's maintenance, and that the sale of the field is necessary and, acting in good faith, buys the field from A. As between B on the one part and A and the collateral heirs on the other part, a necessity for the sale shall be deemed to have existed.

Transfer where third person is entitled to maintenance.

39. Where a third person has a right to receive maintenance or a provision for advancement or marriage from the profits of immovable property, and such property is transferred with the intention of defeating such right, the right may be enforced against the transferee, if he has notice of such intention or if the transfer is gratuitous; but not against a transferee for consideration and without notice of such intention, nor against such property in his hands.

Illustration.

A, a Hindu, transfers Sultanpur to his sister-in-law B, in lieu of her claim against him for maintenance in virtue of his having become entitled to her deceased husband's property, and agrees with her that, if she is dispossessed of Sultanpur, A will transfer to her an equal area out of such of several other specified villages in his possession as she may elect. A sells the specified villages to C, who buys in good faith, without notice of the agreement. B is dispossessed of Sultanpur. She has no claim on the villages transferred to C.

Burden of obligation imposing restriction on use of land,

40. Where, for the more beneficial enjoyment of his own immovable property, a third person has, independently of any interest in the immovable property of another or of any easement thereon, a right to restrain the enjoyment of the latter property or to compel its enjoyment in a particular manner, or

or of obligation annexed to ownership but not amounting to interest or easement.

where a third person is entitled to the benefit of an obligation arising out of contract and annexed to the ownership of immovable property, but not amounting to an interest therein or easement thereon,

such right or obligation may be enforced against a transferee with notice thereof or a gratuitous transferee of the property affected thereby, but not against a transferee for consideration and without notice of the right or obligation, nor against such property in his hands.

Illustration.

A contracts to sell Sultanpur to B. While the contract is still in force he sells Sultanpur to C, who has notice of the contract. B may enforce the contract against C to the same extent as against A.

Transfer by ostensible owner.

41. Where, with the consent, express or implied, of the persons interested in immovable property, a person is the ostensible owner of such property and transfers the same for consideration, the transfer shall not be voidable on the ground that the transferor was not authorized to make it: provided that the transferee, after taking reasonable care to ascertain that the transferor had power to make the transfer, has acted in good faith.

Transfer by person having authority to revoke former transfer.

42. Where a person transfers any immovable property, reserving power to revoke the transfer, and subsequently transfers the property for consideration to another transferee, such transfer operates in favour of such transferee (subject to any condition attached to the exercise of the power) as a revocation of the former transfer to the extent of the power.

Illustration.

A lets a house to B, and reserves power to revoke the lease if, in the opinion of a specified surveyor, B should make a use of it detrimental to its value. Afterwards A, thinking that such a use has been made, lets the house to C. This operates as a revocation of B's lease subject to the opinion of the surveyor as to B's use of the house having been detrimental to its value.

Transfer by unauthorized person who subsequently acquires interest in property transferred.

43. Where a person erroneously represents that he is authorised to transfer certain immovable property and professes to transfer such property for consideration, such transfer shall, at the option of the transferee, operate on any interest which the transferor may acquire in such property at any time during which the contract of transfer subsists.

Nothing in this section shall impair the right of transferees in good faith for consideration without notice of the existence of the said option.

Illustration.

A, a Hindu, who has separated from his father B, sells to C three fields, X, Y and Z, representing that A is authorized to transfer the same. Of these fields Z does not belong to A, it having been retained by B on the partition; but on B's dying A as heir obtains Z. C, not having rescinded the contract of sale, may require A to deliver Z to him.

Transfer by one co-owner.

44. Where one of two or more co-owners of immovable property legally competent in that behalf transfers his share of such property or any interest therein, the transferee acquires, as to such share or interest, and so far as is necessary to give effect to the transfer, the transferor's right to joint possession or other common or part enjoyment of the property, and to enforce a partition of the same, but subject to the conditions and liabilities affecting, at the date of the transfer, the share or interest so transferred.

Where the transferee of a share of a dwelling house belonging to an undivided family is not a member of the family, nothing in this section shall be deemed to entitle him to joint possession or other common or part enjoyment of the house.

Joint transfer for consideration.

45. Where immovable property is transferred for consideration to two or more persons, and such consideration is paid out of a fund belonging to them in common, they are, in the absence of a contract to the contrary, respectively, entitled to interests in such property identical, as nearly as may be, with the interests to which they were respectively entitled in the fund; and, where such consideration is paid out of separate funds belonging to them respectively, they are, in the absence of a contract to the contrary, respectively entitled to interests in such property in proportion to the shares of the consideration which they respectively advanced.

In the absence of evidence as to the interests in the fund to which they were respectively entitled, or as to the shares which they respectively advanced, such persons shall be presumed to be equally interested in the property.

Transfer for consideration by persons having distinct interests.

46. Where immovable property is transferred for consideration by persons having distinct interests therein, the transferors are, in the absence of a contract to the contrary, entitled to share in the consideration equally, where their interests in the property were of equal value, and, where such interests were of unequal value, proportionately to the value of their respective interests.

Illustrations.

(*a*) A, owning a moiety, and B and C, each a quarter share, of mauza Sultanpur, exchange an eighth share of that mauza for a quarter share of mauza Lalpura. There being no agreement to the contrary, A is entitled to an eighth share in Lalpura, and B, and C each to a sixteenth share in that mauza.

(*b*) A, being entitled to a life-interest in Mauza Atrali and B and C to the reversion, sell the mauza for Rs. 1,000. A's life-interest is ascertained to be worth Rs. 600, the reversion Rs. 400. A is entitled to receive Rs. 600 out of the purchase money, B and C to receive Rs. 400.

Transfer by co-owners of share in common property.

47. Where several co-owners of immovable property transfer a share therein without specifying that the transfer is to take effect on any particular share or shares of the transferors, the transfer, as among such transferors, takes effect on such shares equally where the shares were equal, and, where they were unequal, proportionately to the extent of such shares.

Illustration.

A, the owner of an eight anna share, and B and C, each the owner of a four-anna share, in mauza Sultanpur, transfer a two anna-share in the mauza to D, without specifying from which of their several shares the transfer is made. To give effect to the transfer one-anna share is taken from the share of A, and half an anna share from each of the shares of B and C.

Priority of rights created by transfer.

48. Where a person purports to create by transfer at different times rights in or over the same immovable property, and such rights cannot all exist or be exercised to their full extent together, each later created right shall, in the absence of a special contract or reservation binding the earlier transferees, be subject to the rights previously created.

Transferee's right under policy.

49. Where immovable property is transferred for consideration, and such property or any part thereof is at the date of the transfer insured against loss or damage by fire, the transferee, in case of such loss, or damage may, in the absence of a contract to the contrary, require any money which the transferor actually receives under the policy, or so much thereof as may be necessary, to be applied in reinstating the property.

Rent *bona fide* paid to holder under defective title.

50. No person shall be chargeable with any rents or profits of any immovable property, which he has in good faith paid or delivered to any person of whom he in good faith held such property, notwithstanding it may afterwards appear that the person to whom such payment or delivery was made had no right to receive such rents or profits.

Illustration.

A lets a field to B at a rent of Rs. 50, and then transfers the field to C. B, having no notice of the transfer, in good faith pays the rent to A. B is not chargeable with the rent so paid.

Improvements made by *bona fide* holders under defective titles.

51. When the transferee of immovable property makes any improvement on the property, believing in good faith that he is absolutely entitled thereto, and he is subsequently evicted therefrom by any person having a better title, the transferee has a right to require the person causing the eviction either to have the value of the improvment estimated and paid or secured to the

transferee, or to sell his interest in the property to the transferee at the then market-value thereof irrespective of the value of such improvement.

The amount to be paid or secured in respect of such improvement shall be the estimated value thereof at the time of the eviction.

When, under the circumstances aforesaid, the transferee has planted or sown on the property crops which are growing when he is evicted therefrom, he is entitled to such crops and to free ingress and egress to gather and carry them.

Transfer of property pending suit relating thereto.

52. During the active prosecution in any Court having authority in Mysore, of a contentious suit or proceeding in which any right to immovable property is directly and specifically in question, the property cannot be transferred or otherwise dealt with by any party to the suit or proceeding so as to affect the rights of any other party thereto under any decree or order which may be made therein, except under the authority of the Court and on such terms as it may impose.

Fraudulent transfer.

53. Every transfer of immovable property, made with intent to defraud prior or subsequent tranferees thereof for consideration, or co-owners or other persons having an interest in such property, or to defeat or delay the creditors of the transferor, is voidable at the option of any person so defrauded, defeated or delayed.

Where the effect of any transfer of immovable property is to defraud, defeat or delay any such person, and such transfer is made gratuitously or for a grossly inadequate consideration, the transfer may be presumed to have been made with such intent as aforesaid.

Nothing contained in this section shall impair the rights of any transferee in good faith and for consideration.

CHAPTER III.

OF SALES OF IMMOVABLE PROPERTY.

"Sale" defined.

54. "Sale" is a transfer of ownership in exchange for a price paid or promised or part-paid and part promised.

Sale how made.

Such transfer, in the case of tangible immovable property of the value of one hundred rupees and upwards, or in the case of a reversion or other intangible thing, can be made only by a registered instrument.

In the case of tangible immovable property of a value less than one hundred rupees, such transfer may be made either by a registered instrument or by delivery of the property.

Delivery of tangible immovable property takes place when the seller places the buyer or such person as he directs, in possession of the property.

Contract for sale.

A contract for the sale of immovable property is a contract that a sale of such property shall take place on terms settled between the parties.

It does not, of itself, create any interest in or charge on such property.

Rights and liabilities of buyer and seller.

55. In the absence of a contract to the contrary, the buyer and the seller of immovable property respectively are subject to the liabilities, and have the rights, mentioned in the rules next following, or such of them as are applicable to the property sold:

(1) The seller is bound—

(*a*) to disclose to the buyer any material defect in the property of which the seller is, and the buyer is not, aware, and which the buyer could not with ordinary care discover;

(*b*) to produce to the buyer on his request for examination all documents of title relating to the property which are in the seller's possession or power;

(*c*) to answer to the best of his information all relevant questions put to him by the buyer in respect to the property or the title thereto;

(*d*) on payment or tender of the amount due in respect of the price, to execute a proper conveyance of the property when the buyer tenders it to him for execution at a proper time and place;

(e) between the date of the contract of sale and the delivery of the property, to take as much care of the property and all documents of title relating thereto which are in his possession as an owner of ordinary prudence would take of such property and documents;

(f) to give, on being so required, the buyer, or such person as he directs, such possession of the property as its nature admits;

(g) to pay all public charges and rent accrued due in respect of the property up to the date of the sale, and the interest on all incumbrances on such property due on such date, and, except where the property is sold subject to incumbrances, to discharge all incumbrances on the property then existing.

(2) The seller shall be deemed to contract with the buyer that the interest which the seller professes to transfer to the buyer subsists and that he has power to transfer the same:

Provided that, where the sale is made by a person in a fiduciary character, he shall be deemed to contract with the buyer that the seller has done no act whereby the property is incumbered or whereby he is hindered from transferring it.

The benefit of the contract mentioned in this rule shall be annexed to, and shall go with, the interest of the transferee as such, and may be enforced by every person in whom that interest is for the whole or any part thereof from time to time vested.

(3) Where the whole of the purchase-money has been paid to the seller, he is also bound to deliver to the buyer all documents of title relating to the property which are in the seller's possession or power:

Provided that, (a) where the seller retains any part of the property comprised in such documents, he is entitled to retain them all, and, (b) where the whole of such property is sold to different buyers, the buyer of the lot of greatest value is entitled to such documents. But in case (a) the seller, and in case (b) the buyer of the lot of greatest value, is bound, upon every reasonable request by the buyer, or by any of the other buyers, as the case may be, and at the cost of the person making the request, to produce the said documents and furnish such true copies thereof or extracts therefrom as he may require; and in the meantime, the seller, or the buyer of the lot of greatest value, as the case may be, shall keep the said documents safe, uncancelled and undefaced, unless prevented from so doing by fire or other inevitable accident.

(4) The seller is entitled—

(a) to the rents and profits of the property till the ownership thereof pass to the buyer;

(b) where the ownership of the property has passed to the buyer before payment of the whole of the purchase-money, to a charge upon the property in the hands of the buyer for the amount of the purchase money, or any part thereof remaining unpaid, and for interest on such amount or part.

(5) The buyer is bound—

(a) to disclose to the seller any fact as to the nature or extent of the seller's interest in the property of which the buyer is aware but of which he has reason to believe that the seller is not aware, and which materially increases the value of such interest;

(b) to pay or tender, at the time and place of completing the sale, the purchase-money to the seller or such person as he directs: provided that, where the property is sold free from incumbrances, the buyer may retain out of the purchase-money the amount of any incumbrances on the property existing at the date of the sale, and shall pay the amount so retained to the persons entitled thereto;

(c) where the ownership of the property has passed to the buyer, to bear any loss arising from the destruction, injury or decrease in value of the property not caused by the seller;

(d) where the ownership of the property has passed to the buyer as between himself and the seller, to pay all public charges and rent which may become payable in respect of the property, the principal moneys due on any incumbrances subject to which the property is sold, and the interest thereon afterwards accruing due.

(6) The buyer is entitled—

(*a*) where the ownership of the property has passed to him, to the benefit of any improvement in, or increase in value, of, the property, and to the rents and profits thereof;

(*b*) unless he has improperly declined to accept delivery of the property, to a charge on the property, as against the seller and all persons claiming under him with notice of the payment, to the extent of the seller's interest in the property, for the amount of any purchase-money properly paid by the buyer in anticipation of the delivery and for interest on such amount; and, when he properly declines to accept the delivery, also for the earnest (if any) and for the costs (if any) awarded to him of a suit to compel specific performance of the contract or to obtain a decree for its rescission.

An omission to make such disclosures as are mentioned in this section, paragraph (1), clause (*a*), and paragraph (5), clause (*a*), is fraudulent.

Sale of one of several properties subject to a common charge.

56. Where several properties are subject to a common charge and one of the properties is sold, the buyer is as against the seller, in the absence of a contract to the contrary, entitled to have the charge satisfied out of the other properties, so far as such properties will extend.

Discharge of Incumbrances on Sale.

Provision by Court for incumbrance and sale free therefrom.

57. (*a*) Where immovable property subject to any incumbrance, whether immediately payable or not, is sold by the Court or in execution of a decree, or out of Court, the Court may, if it thinks fit, on the application of any party to the sale, direct or allow payment into Court,—

(1) in the case of an annual or monthly sum charged on the property, or of a capital sum charged on a determinable interest in the property,—of such amount as, when invested in securities authorised by the Government, the Court considers will be sufficient, by means of the interest thereof, to keep down or otherwise provide for that charge, and

(2) in any other case of a capital sum charged on the property,—of the amount sufficient to meet the incumbrance and any interest due thereon.

But in either case there shall also be paid into Court such additional amount as the Court considers will be sufficient to meet the contingency of further costs, expenses and interest, and any other contingency except depreciation of investments not exceeding one-tenth part of the original amount to be paid in, unless the Court for special reasons (which it shall record) thinks fit to require a larger additional amount.

(*b*) Thereupon the Court may, if it thinks fit, and after notice to the incumbrancer, unless the Court, for reasons to be recorded in writing, thinks fit to dispense with such notice, declare the property to be freed from the incumbrance, and make any order for conveyance, or vesting order, proper for giving effect to the sale, and give directions for the retention and investment of the money in Court.

(*c*) After notice served on the persons interested in or entitled to the money or fund in Court, the Court may direct payment or transfer thereof to the persons entitled to receive or give a discharge for the same, and generally may give directions respecting the application or distribution of the capital or income thereof.

(*d*) An appeal shall lie from any declaration, order or direction under this section as if the same were a decree.

(*e*) In this section "Court" means (1) the Court of a District Judge within the local limits of whose jurisdiction the property or any part thereof is situate, (2) any other Court which the Government may, from time to time, by notification in the official Gazette, declare to be competent to exercise the jurisdiction conferred by this section.

CHAPTER IV.

OF MORTGAGES OF IMMOVABLE PROPERTY AND CHARGES.

"Mortgage," "mortgagor" "mortgagee," "mortgage-money" and "mortgage deed" defined.

58. (*a*) A mortgage is the transfer of an interest in specific immovable property for the purpose of securing the payment of money advanced or to be advanced by way of loan, an existing or future debt, or the performance of an engagement which may give rise to a pecuniary liability.

The transferor is called a mortgagor, the transferee a mortgagee; the principal money and interest of which payment is secured for the time being are called the mortgage-money, and the instrument (if any) by which the transfer is effected is called a mortgage-deed.

Simple mortgage.

(*b*) Where, without delivering possession of the mortgaged property, the mortgagor binds himself personally to pay the mortgage-money, and agrees, expressly or impliedly, that, in the event of his failing to pay according to his contract, the mortgagee shall have a right to cause the mortgaged property to be sold and the proceeds of sale to be applied, so far as may be necessary, in payment of the mortgage-money, the transaction is called a simple mortgage and the mortgagee a simple mortgagee.

Mortgage by conditional sale.

(*c*) Where the mortgagor ostensibly sells the mortgaged property—

on condition that on default of payment of the mortgage-money on a certain date the sale shall become absolute, or

on condition that on such payment being made the sale shall become void, or

on condition that on such payment being made the buyer shall transfer the property to the seller,

the transaction is called a mortgage by conditional sale and the mortgagee a mortgagee by conditional sale.

Usufructuary mortgage.

(*d*) Where the mortgagor delivers possession of the mortgaged property to the mortgagee, and authorizes him to retain such possession until payment of the mortgage-money, and to receive the rents and profits accruing from the property and to appropriate them in lieu of interest, or in payment of the principal-money, or partly in lieu of interest and partly in payment of the principal-money, the transaction is called an usufructuary mortgage and the mortgagee an usufructuary mortgagee.

English mortgage

(*e*) Where the mortgagor binds himself to re-pay the mortgage-money on a certain date, and transfers the mortgaged property absolutely to the mortgagee, but subject to a proviso that he will re-transfer it to the mortgagor upon payment of the mortgage-money as agreed, the transaction is called an English mortgage.

Mortgage when to be by assurance.

59. A mortgage can be effected only by a registered instrument.

(2) Notwithstanding anything contained in sub-section (1) of this section, a mortgage of immovable property in favour of a Bank may, in any area to which this provision may be extended by Government by notification in the official Gazette, be effected by delivery to the Bank or its authorised agent of documents of title relating to such property accompanied by a memorandum in writing signed by the debtor specifying such property and the amount of credit given or agreed to be given by the Bank on the security of such property, provided that a copy of such memorandum under the seal of the Bank and the signature of its authorised agent is delivered or transmitted by registered post within ten days of the delivery to the Bank as aforesaid of the memorandum to every registering officer within whose District or Sub-district the whole or any portion of such property is situated, or, where a special registering officer is appointed or designated by Government in this behalf, to such registering officer, and such registering officer shall thereupon file the copy in his Book No. 1.

Explanation.—"Bank" in this sub-section means an association or company with limited liability formed principally for the purpose of engaging on the business of banking, and registered under the provisions of the law relating to companies for the time being in force.

Rights and Liabilities of Mortgagor.

Right of mortgagor to redeem.

60. At any time after the principal money has become payable, the mortgagor has a right, on payment or tender, at a proper time and place, of the mortgage-money, or on deposit in Court as hereinafter provided to require the mortgagee (*a*) to deliver the mortgage-deed, if any, to the mortgagor, (*b*) where the mortgagee is in possession of the mortgaged property, to deliver possession thereof to the mortgagor, and (*c*) at the cost of the mortgagor either to retransfer the mortgaged property to him or to such third person as he may direct, or to execute and (where the mortgage has been effected by a registered instrument) to have registered an acknowledgment in writing that any right in derogation of his interest transferred to the mortgagee has been extinguished:

Provided that the right conferred by this section has not been extinguished by act of the parties or by order of a Court.

The right conferred by this section is called a right to redeem and a suit to enforce it is called a suit for redemption.

Nothing in this section shall be deemed to render invalid any provision to the effect that, if the time fixed for payment of the principal money has been allowed to pass or no such time has been fixed, the mortgagee shall be entitled to reasonable notice before payment or tender of such money.

Redemption of portion of mortgaged property.

Nothing in this section shall entitle a person interested in a share only of the mortgaged property to redeem his own share only, on payment of a proportionate part of the amount remaining due on the mortgage, except where a mortgagee, or, if there are more mortgagees than one, all such mortgagees, has or have acquired, in whole or in part, the share of a mortgagor.

Right to redeem one of several mortgages.

61. A mortgagor seeking to redeem any one mortgage shall, in the absence of a contract to the contrary, be entitled to do so without paying any money due under any separate mortgage made by him, or by any person through whom he claims

Right of usufructuary mortgagor to recover possession.

62. In the case of a usufructuary mortgage, the mortgagor has a right to recover possession of the property,—

(*a*) where the mortgagee is authorized to pay himself the mortgage-money from the rents and profits of the property,—when such money is paid:

(*b*) where the mortgagee is authorized to pay himself from such rents and profits the interest of the principal money,—when the term (if any), prescribed for the payment of the mortgage-money has expired and the mortgagor pays or tenders to the mortgagee the principal money or deposits it in Court as hereinafter provided.

Accession to mortgaged property.

63. Where mortgaged property in possession of the mortgagee has, during the continuance of the mortgage, received any accession, the mortgagor, upon redemption, shall, in the absence of a contract to the contrary, be entitled as against the mortgagee to such accession.

Accession acquired in virtue of transferred ownership.

Where such accession has been acquired at the expense of the mortgagee, and is capable of separate possession or enjoyment without detriment to the principal property, the mortgagor desiring to take the accession must pay to the mortgagee the expense of acquiring it. If such separate possession or enjoyment is not possible, the accession must be delivered with the property, the mortgagor being liable, in the case of an acquisition necessary to preserve the property from destruction, forfeiture or sale, or made with his assent, to pay the proper cost thereof, as an addition to the principal money, at the same rate of interest.

In the case last mentioned the profits, if any, arising from the accession shall be credited to the mortgagor.

Where the mortgage is usufructuary and the accession has been acquired at the expense of the mortgagee, the profits, if any, arising from the accession shall, in the absence of a contract to the contrary, be set off against interest, if any, payable on the money so expended.

Renewal of mortgaged lease.

64. Where the mortgaged property is a lease for a term of years, and the mortgagee obtains a renewal of the lease, the mortgagor, upon redemption, shall, in the absence of a contract by him to the contrary, have the benefit of the new lease.

Implied contracts by mortgagor.

65. In the absence of a contract to the contrary, the mortgagor shall be deemed to contract with the mortgagee—

(*a*) that the interest which the mortgagor professes to transfer to the mortgagee subsists, and that the mortgagor has power to transfer the same;

(*b*) that the mortgagor will defend, or, if the mortgagee be in possession of the mortgaged property, enable him to defend, the mortgagor's title thereto;

(*c*) that the mortgagor will, so long as the mortgagee is not in possession of the mortgaged property, pay all public charges accruing due in respect of the property;

(*d*) and, where the mortgaged property is a lease for a term of years, that the rent payable under the lease, the conditions contained therein, and the contracts binding on the lessee have been paid, performed and observed down to the commencement of the mortgage; and that the mortgagor will, so long as the security exists and the mortgagee is not in possession of the mortgaged property, pay the rent reserved by the lease, or, if the lease be renewed, the renewed lease, perform the conditions contained therein and observe the contracts binding on the lessee, and indemnify the mortgagee against all claims sustained by reason of the non-payment of the said rent or the non-performance or non-observance of the said conditions and contracts;

(*e*) and, where the mortgage is a second or subsequent incumbrance on the property, that the mortgagor will pay the interest from time to time accruing due on each prior incumbrance as and when it becomes due, and will at the proper time discharge the principal money due on such prior incumbrance.

Nothing in clause (*c*), or in clause (*d*), so far as it relates to the payment of future rent, applies in the case of an usufructuary mortgage.

The benefit of the contracts mentioned in this section shall be annexed to and shall go with the interest of the mortgagee as such, and may be enforced by every person in whom that interest is for the whole or any part thereof from time to time vested.

Waste by mortgagor in possession.

66. A mortgagor in possession of the mortgaged property is not liable to the mortgagee for allowing the property to deteriorate; but he must not commit any act which is destructive or permanently injurious thereto, if the security is insufficient or will be rendered insufficient by such act.

Explanation.—A security is insufficient within the meaning of this section unless the value of the mortgaged property exceeds by one-third, or, if consisting of buildings, exceeds by one-half, the amount for the time being due on the mortgage.

Rights and Liabilities of Mortgagee.

Right to foreclosure or sale.

67. In the absence of a contract to the contrary, the mortgagee has at any time after the mortgage-money has become payable to him, and before a decree has been made for the redemption of the mortgaged property, or the mortgage-money has been paid or deposited as hereinafter provided, a right to obtain from the Court an order that the mortgagor shall be absolutely debarred of his right to redeem the property, or an order that the property be sold.

A suit to obtain an order that a mortgagor shall be absolutely debarred of his right to redeem the mortgaged property is called a suit for foreclosure.

Nothing in this section shall be deemed—

(*a*) to authorize a simple mortgagee as such to institute a suit for foreclosure, or an usufructuary mortgagee as such to institute a suit for

foreclosure or sale, where he is authorized to appropriate the rents and profits in payment of the principal money or partly in lieu of interest and partly in payment of the principal money, or a mortgagee by conditional sale as such to institute a suit for sale; or

(*b*) to authorize a mortgagor who holds the mortgagee's rights as his trustee or legal representative, and who may sue for a sale of the property, to institute a suit for foreclosure; or

(*c*) to authorize the mortgagee of a railway, canal or other work in the maintenance of which the public are interested, to institute a suit for foreclosure or sale; or

(*d*) to authorize a person interested, in part only of the mortgage-money to institute a suit relating only to a corresponding part of the mortgaged property, unless the mortgagees have, with the consent of the mortgagor, severed their interests under the mortgage.

Right to sue for mortgage-money.

68. The mortgagee has a right to sue the mortgagor for the mortgage-money in the following cases only:—

(*a*) where the mortgagor binds himself to repay the same:

(*b*) where the mortgagee is deprived of the whole or part of his security by or in consequence of the wrongful act or default of the mortgagor:

(*c*) where, the mortgagee being entitled to possession of the property, the mortgagor fails to deliver the same to him, or to secure the possession thereof to him without disturbance by the mortgagor or any other person.

Where, by any cause other than the wrongful act or default of the mortgagor or mortgagee, the mortgaged property has been wholly or partially destroyed, or the security is rendered insufficient as defined in section 66, the mortgagee may require the mortgagor to give him within a reasonable time another sufficient security for his debt, and, if the mortgagor fails so to do, may sue him for the mortgage-money.

Accession to mortgaged property.

70. If, after the date of a mortgage, any accession is made to the mortgaged property, the mortgagee, in the absence of a contract to the contrary, shall, for the purposes of the security, be entitled to such accession.

Illustrations.

(*a*) A mortgages to B a certain field bordering on a river. The field is increased by alluvion. For the purposes of his security, B is entitled to the increase.

(*b*) A mortgages a certain plot of building land to B and afterwards erects a house on the plot. For the purposes of his security B is entitled to the house as well as the plot.

Renewal of mortgaged lease.

71. When the mortgaged property is a lease for a term of years, and the mortgagor obtains a renewal of the lease, the mortgagee, in the absence of a contract to the contrary, shall, for the purposes of the security, be entitled to the new lease.

Rights of mortgagee in possession.

72. When, during the continuance of the mortgage, the mortgagee takes possession of the mortgaged property, he may spend such money as is necessary—

(*a*) for the due management of the property and the collection of the rents and profits thereof;

(*b*) for its preservation from destruction, forfeiture or sale;

(*c*) for supporting the mortgagor's title to the property;

(*d*) for making his own title thereto good against the mortgagor; and

(*e*) when the mortgaged property is a renewable leasehold, for the renewal of the lease;

and may, in the absence of a contract to the contrary, add such money to the principal money, at the rate of interest payable on the principal, and, where no such rate is fixed, at the rate of nine per cent per annum.

Where the property is by its nature insurable, the mortgagee may also, in the absence of a contract to the contrary, insure and keep insured against loss or damage by fire the whole or any part of such property; and the premiums paid for any such insurance shall be a charge on the mortgaged property, in addition to the

principal money, with the same priority and with interest at the same rate. But the amount of such insurance shall not exceed the amount specified in this behalf in the mortgage-deed or (if no such amount is therein specified) two-thirds of the amount that would be required in case of total destruction to reinstate the property insured.

Nothing in this section shall be deemed to authorize the mortgagee to insure when an insurance of the property is kept up by or on behalf of the mortgagor to the amount in which the mortgagee is hereby authorized to insure.

Charge on proceeds of revenue sale.

73. Where mortgaged property is sold through failure to pay arrears of revenue or rent due in respect thereof, the mortgagee has a charge on the surplus, if any, of the proceeds, after payment thereout of the said arrears, for the amount remaining due on the mortgage, unless the sale has been occasioned by some default on his part.

Right of subsequent mortgagee to pay off prior mortgagee.

74. Any second or other subsequent mortgagee may, at any time after the amount due on the next prior mortgagee has become payable, tender such amount to the next prior mortgagee, and such mortgagee is bound to accept such tender and to give a receipt for such amount; and (subject to the provisions of the law for the time being in force regulating the registration of documents) the subsequent mortgagee shall, on obtaining such receipt, acquire, in respect of the property, all the rights and powers of the mortgagee, as such, to whom he has made such tender.

Rights of mesne mortgagee against prior and subsequent mortgagees.

75. Every second or other subsequent mortgagee has, so far as regards redemption, foreclosure and sale of the mortgaged property, the same rights against the prior mortgagee or mortgagees as his mortgagor has against such prior mortgagee or mortgagees, and the same rights against the subsequent mortgagees (if any) as he has against his mortgagor.

Liabilities of mortgagee in possession.

76. When, during the continuance of the mortgage, the mortgagee takes possession of the mortgaged property,—

(*a*) he must manage the property as a person of ordinary prudence would manage it if it were his own;

(*b*) he must use his best endeavours to collect the rents and profits thereof;

(*c*) he must, in the absence of a contract to the contrary, out of the income of the property, pay the Government revenue, and all other charges of a public nature accruing due in respect thereof during such possession and any arrears of rent in default of payment of which the property may be summarily sold;

(*d*) he must, in the absence of a contract to the contrary, make such necessary repairs of the property as he can pay for out of the rents and profits thereof after deducting from such rents and profits the payments mentioned in clause (*c*) and the interest on the principal money;

(*e*) he must not commit any act which is destructive or permanently injurious to the property;

(*f*) where he has insured the whole or any part of the property against loss or damage by fire, he must, in case of such loss or damage, apply any money which he actually receives under the policy, or so much thereof as may be necessary, in re-instating the property, or, if the mortgagor so directs, in reduction or discharge of the mortgage-money;

(*g*) he must keep clear, full and accurate accounts of all sums received and spent by him as mortgagee, and at any time during the continuance of the mortgage, give the mortgagor, at his request and cost, true copies of such accounts and of the vouchers by which they are supported;

(*h*) his receipts from the mortgaged property, or, where such property is personally occupied by him, a fair occupation-rent in respect thereof,

shall, after deducting the expenses mentioned in clauses (*c*) and (*d*), and interest thereon, be debited against him in reduction of the amount (if any) from time to time due to him on account of interest on the principal money and, so far as such receipts exceed any interest due, in reduction or discharge of the principal-money; the surplus, if any, shall be paid to the mortgagor;

(*i*) when the mortgagor tenders, or deposits in manner hereinafter provided, the amount for the time being due on the mortgage, the mortgagee must, notwithstanding the provisions in the other clauses of this section, account for his gross receipts from the mortgaged property from the date of the tender or from the earliest time when he could take such amount out of Court, as the case may be.

Loss occasioned by his default.

If the mortgagee fail to perform any of the duties imposed upon him by this section, he may, when accounts are taken in pursuance of a decree made under Order XXXIV of the Code of Civil Procedure be debited with the loss, if any, occasioned by such failure.

Receipts in lieu of interest.

77. Nothing in section 76, clauses (*b*), (*d*), (*g*) and (*h*), applies to cases where there is a contract between the mortgagee and the mortgagor that the receipts from the mortgaged property shall, so long as the mortgagee is in possession of the property, be taken in lieu of interest on the principal money, or in lieu of such interest and defined portions of the principal.

Priority.

Postponement of prior mortgagee.

78. Where, through the fraud, misrepresentation or gross neglect of a prior mortgagee, another person has been induced to advance money on the security of the mortgaged property, the prior mortgagee shall be postponed to the subsequent mortgagee.

Mortgage to secure uncertain amount when maximum is expressed.

79. If a mortgage made to secure future advances, the performance of an engagement or the balance of a running account, expresses the maximum to be secured thereby, a subsequent mortgage of the same property shall, if made with notice of the prior mortgage, be postponed to the prior mortgage in respect of all advances or debits not exceeding the maximum though made or allowed with notice of the subsequent mortgage.

Illustration.

A mortgages Sultanpur to his bankers, B & Co., to secure the balance of his account with them to the extent of Rs. 10,000. A then mortgages Sultanpur to C, to secure Rs. 10,000, C having notice of the mortgage to B & Co., and C gives notice to B & Co., of the second mortgage. At the date of the second mortgage, the balance due to B & Co., does not exceed Rs. 5,000. B & Co., subsequently advance to A sums making the balance of the account against him exceed the sum of Rs. 10,000. B & Co., are entitled, to the extent of Rs. 10,000 to priority over C.

Tacking abolished.

80. No mortgagee paying off a prior mortgage, whether with or without notice of an intermediate mortgage, shall thereby acquire any priority in respect of his original security. And, except in the case provided for by section 79, no mortgagee making a subsequent advance to the mortgagor, whether with or without notice of an intermediate mortgage, shall thereby acquire any priority in repect of his security for such subsequent advance.

Marshalling and Contribution.

Marshalling securities.

81. (1) If the owner of two or more properties mortgages more than one of them to one person and then mortgages to another person one or more but not all of the properties already mortgaged, the second mortgagee is, in the absence of a contract to the contrary, entitled to have the debt of the first mortgagee satisfied out of the property or properties not mortgaged to the second mortgagee so far as such property or properties will extend, but not so as to prejudice the rights of the first mortgagee or of any other person having acquired for valuable consideration an interest in any of the properties mortgaged.

(2) The benefit of sub-section (1) applies *mutatis mutandis* to a person who purchases some of several properties previously mortgaged to another person.

Contribution to mortgage-debt.

82. Where several properties, whether of one or several owners, or mortgaged to secure one debt, such properties are, in the absence of a contract to the contrary, liable to contribute rateably to the debt secured by the mortgage, after deducting from the value of each property the amount of any other incumbrance to which it is subject at the date of the mortgage.

Where, of two properties belonging to the same owner, one is mortgaged to secure one debt and then both are mortgaged to secure another debt, and the former debt is paid out of the former property, each property is, in the absence of a contract to the contrary, liable to contribute rateably to the latter debt after deducting the amount of the former debt from the value of the property out of which it has been paid.

Nothing in this section applies to a property liable under section 81 to the claim of the second mortgagee or subsequent purchaser.

Deposit in Court.

Power to deposit in Court money due on mortgage.

83. At any time after the principal money has become payable and before a suit for redemption of the mortgaged property is barred, the mortgagor, or any other person entitled to institute such suit, may deposit, in any Court in which he might have instituted such suit, to the account of the mortgagee, the amount remaining due on the mortgage.

Right to money deposited by mortgagor.

The Court shall thereupon cause written notice of the deposit to be served on the mortgagee, and the mortgagee may, on presenting a petition (verified in manner prescribed by law for the verification of plaints) stating the amount then due on the mortgage, and his willingness to accept the money so deposited in full discharge of such amount, and on depositing in the same Court the mortgage-deed if then in his possession or power, apply for and receive the money, and the mortgage-deed so deposited shall be delivered to the mortgagor or such other person as aforesaid.

Cessation of interest.

84. When the mortgagor or such other person as aforesaid has tendered or deposited in Court under section 83 the amout remaining due on the mortgage, interest on the principal money shall cease from the date of the tender or as soon as the mortgagor or such other person as aforesaid has done all that has to be done by him to enable the mortgagee to take such amount out of Court, as the case may be.

Nothing in this section or in section 83 shall be deemed to deprive the mortgagee of his right to interest when there exists a contract that he shall be entitled to reasonable notice before payment or tender of the mortgage money.

Redemption.

Who may sue for redemption.

91. Besides the mortgagor, any of the following persons may redeem, or institute a suit for redemption of the mortgaged property :—

(*a*) any person (other than the mortgagee of the interest sought to be redeemed), having any interest in or charge upon the property or any part thereof ;

(*b*) any person having any interest in or charge upon the right to redeem the property ;

(*c*) any surety for the payment of the mortgage-debt or any part thereof ;

(*d*) the guardian of the property of a minor mortgagor on behalf of such minor ;

(*g*) a creditor of the mortgagor who has, in a suit for the administration of his estate, obtained a decree for sale of the mortgaged property ; and

(*h*) any other person who, in any other manner, may become entitled to any interest in the property or any part thereof.

Charge of one of several co-mortgagors who redeems.

95. Where one of several mortgagors redeems the mortgaged property he acquires all the rights and privileges of the mortgagee, in the share of each of the other co-mortgagors in the property for that co-mortgagor's proportion of the mortgage money and other expenses properly incurred in so redeeming and where he obtains possession of the property also, of the expenses properly incurred in so obtaining possession.

Anomalous Mortgages.

Mortgage not described in section 58, clauses (b), (c), (d) and (e).

98. In the case of a mortgage not being a simple mortgage, a mortgage by conditional sale, an usufructuary mortgage or an English mortgage, or a combination of the first and third or the second and third, of such forms, the rights and liabilities of the parties shall be determined by their contract as evidenced in the mortgage-deed, and, so far as such contract does not extend, by local usage.

Charges.

Charges.

100. Where immovable property of one person is by act of parties or operation of law made security for the payment of money to another, and the transaction does not amount to a mortgage the latter person is said to have a charge on the property; and all the provisions hereinbefore contained as to a mortgagor shall, so far as may be, apply to the owner of such property, and the provisions of sections 81 and 82 shall, so far as may be, apply to the person having such charge.

Nothing in this section applies to the charge of a trustee on the trust-property for expenses properly incurred in the execution of his trust.

Extinguishment of charges.

101. Where the owner of a charge or other incumbrance on immovable property is or becomes absolutely entitled to that property, the charge or incumbrance shall be extinguished, unless he declares, by express words or necessary implication, that it shall continue to subsist, or such continuance would be for his benefit.

Notice and Tender.

Service or tender on or to agent.

102. Where the person on or to whom any notice or tender is to be served or made under this Chapter does not reside in the district in which the mortgaged property or some part thereof is situate, service or tender on or to an agent holding a general power of attorney from such person or otherwise duly authorized to accept such service or tender shall be deemed sufficient.

Where the person or agent on whom such notice should be served cannot be found in the said district, or is unknown to the person required to serve the notice, the latter person may apply to any Court in which a suit might be brought for redemption of the mortgaged property, and such Court shall direct in what manner such notice shall be served, and any notice served in compliance with such direction shall be deemed sufficient.

Where the person or agent to whom such tender should be made cannot be found within the said district, or is unknown to the person desiring to make the tender, the latter person may deposit in such Court as last aforesaid the amount sought to be tendered, and such deposit shall have the effect of a tender of such amount.

Notice, etc., to or by person incompetent to contract.

103. Where, under the provisions of this Chapter, a notice is to be served on or by, or a tender or deposit made or accepted or taken out of Court by, any person incompetent to contract, such notice may be served on or by, and such tender or deposit made, accepted or taken by, the legal curator of the property of such person; but where there is no such curator, and it is requisite or desirable in the interests of such person that a notice should be served or a tender or deposit made under the provisions of this Chapter, application may be made to any Court in which a suit

might be brought for the redemption of the mortgage to appoint a guardian *ad litem* for the purpose of serving or receiving service of such notice, or making or accepting such tender, or making or taking out of Court such deposit, and for the performance of all consequential acts which could or ought to be done by such person if he were competent to contract; and the provisions of Order XXXII of the Code of Civil Procedure shall, so far as may be, apply to such application and to the parties thereto and to the guardian appointed thereunder.

Power to make rules.

104. The Chief Court may, from time to time, make rules consistent with this Regulation for carrying out, in itself and in the Courts of Civil Judicature subject to its superintendence, the provisions contained in this Chapter.

CHAPTER V.

OF LEASES OF IMMOVABLE PROPERTY.

Lease defined.

105. A lease of immovable property is a transfer of a right to enjoy such property, made for a certain time, express or implied, or in perpetuity in consideration of a price paid or promised, or of money, a share of crops, service or any other thing of value, to be rendered periodically or on specified occasions to the transferor by the transferee, who accepts the transfer on such terms.

Lessor, lessee, premium and rent defined.

The transferor is called the lessor, the transferee is called the lessee, the price is called the premium, and the money, share, service or other thing to be so rendered is called the rent.

Duration of certain leases in absence of written contract or local usage.

106. In the absence of a contract or local law or usage to the contrary, a lease of immovable property for agricultural or manufacturing purposes shall be deemed to be a lease from year to year, terminable, on the part of either lessor or lessee, by six months' notice expiring with the end of a year of the tenancy; and a lease of immovable property for any other purpose shall be deemed to be a lease from month to month, terminable, on the part of either lessor or lessee, by fifteen days' notice expiring with the end of a month of the tenancy.

Every notice under this section must be in writing signed by or on behalf of the person giving it, and tendered or delivered either personally to the party who is intended to be bound by it or to one of his family or servants at his residence, or (if such tender or delivery is not practicable) affixed to a conspicuous part of the property.

Leases how made.

107. Subject to the proviso to clause (*d*) of Section 17 of the Mysore Registration Regulation, 1903, a lease of immovable property from year to year, or for any term exceeding one year, or reserving a yearly rent, can be made only by registered instrument.

All other leases of immovable property may be made either by a registered instrument or by oral agreement accompanied by delivery of possession;

Provided that the Government may from time to time, by notification in the official Gazette, direct that leases of immovable property, other than leases from year to year or for any term exceeding one year, or reserving a yearly rent, or any class of such leases, may be made by unregistered instrument or by oral agreement without delivery of possession.

Rights and liabilities of lessor and lessee.

108. In the absence of a contract or local usage to the contrary, the lessor and the lessee of immovable property, as against one another, respectively, possess the rights and are subject to the liabilities mentioned in the rules next following or such of them as are applicable to the property leased:—

(A) Rights and Liabilities of the Lessor.

(*a*) The lessor is bound to disclose to the lessee any material defect in the property, with reference to its intended use, of which the former is and the latter is not aware, and which the latter could not with ordinary care discover:

(*b*) the lessor is bound on the lessee's request to put him in possession of the property;

(*c*) the lessor shall be deemed to contract with the lessee that, if the latter pays the rent reserved by the lease and performs the contracts binding on the lessee, he may hold the property during the time limited by the lease without interruption.

The benefit of such contract shall be annexed to and go with the lessee's interest as such, and may be enforced by every person in whom that interest is for the whole or any part thereof from time to time vested.

(*B*) *Rights and Liabilities of the Lessee.*

(*d*) If during the continuance of the lease any accession is made to the property, such accession (subject to the law relating to alluvion for the time being in force) shall be deemed to be comprised in the lease:

(*e*) if by fire, tempest or flood, or violence of an army or of a mob or other irresistible force, any material part of the property be wholly destroyed or rendered substantially and permanently unfit for the purposes for which it was let, the lease shall, at the option of the lessee, be void:

Provided that, if the injury be occasioned by the wrongful act or default of the lessee, he shall not be entitled to avail himself of the benefit of this provision:

(*f*) if the lessor neglects to make, within a reasonable time after notice, any repairs which he is bound to make to the property, the lessee may make the same himself, and deduct the expense of such repairs with interest from the rent, or otherwise recover it from the lessor:

(*g*) if the lessor neglects to make any payment which he is bound to make, and which if not made by him, is recoverable from the lessee or against the property, the lessee may make such payment himself, and deduct it with interest from the rent, or otherwise recover it from the lessor:

(*h*) the lessee may remove, at any time during the continuance of the lease, all things which he has attached to the earth: provided he leaves the property in the state in which he received it:

(*i*) when a lease of uncertain duration determines by any means except the fault of the lessee, he or his legal representative is entitled to all the crops planted or sown by the lessee and growing upon the property when the lease determines, and to free ingress and egress to gather and carry them:

(*j*) the lessee may transfer absolutely or by way of mortgage or sub-lease the whole or any part of his interest in the property, and any transferee of such interest or part may again transfer it. The lessee shall not, by reason only of such transfer, cease to be subject to any of the liabilities attaching to the lease:

nothing in this clause shall be deemed to authorize a tenant having an untransferable right of occupancy, the farmer of an estate in respect of which default has been made in paying revenue, or the lessee of an estate under the management of Government, to assign his interest as such tenant, farmer or lessee:

(*k*) the lessee is bound to disclose to the lessor any fact as to the nature or extent of the interest which the lessee is about to take, of which the lessee is, and the lessor is not, aware, and which materially increases the value of such interest:

(*l*) the lessee is bound to pay or tender, at the proper time and place, the premium or rent to the lessor or his agent in this behalf:

(*m*) the lessee is bound to keep, and on the termination of the lease to restore, the property in as good condition as it was in at the time when he was put in possession, subject only to the changes caused by reasonable wear and tear or irresistible force, and to allow the lessor and his agents, at all reasonable times during the term, to enter upon the property and inspect the condition thereof and give or leave notice of any defect in such condition; and, when such defect has been caused by any act or default on the part of the lessee, his servants or agents, he is bound to make it good within three months after such notice has been given or left:

(*n*) if the lessee becomes aware of any proceeding to recover the property or any part thereof, or of any encroachment made upon, or any interference with, the lessor's rights concerning such property, he is bound to give, with reasonable diligence, notice thereof to the lessor:

(*o*) the lessee may use the property and its products (if any) as a person of ordinary prudence would use them if they were his own; but he must not use, or permit another to use, the property for a purpose other than that for which it was leased, or fell timber, pull down or damage buildings, work mines or quarries not open when the lease was granted, or commit any other act which is destructive or permanently injurious thereto:

(*p*) he must not, without the lessor's consent, erect on the property any permanent structure, except for agricultural purposes:

(*q*) on the determination of the lease, the lessee is bound to put the lessor into possession of the property.

Rights of lessor's transferee.

109. If the lessor transfers the property leased, or any part thereof, or any part of his interest therein, the transferee, in the absence of a contract to the contrary, shall possess all the rights, and, if the lessee so elects, be subject to all the liabilities, of the lessor as to the property or part transferred so long as he is the owner of it; but the lessor shall not, by reason only of such transfer, cease to be subject to any of the liabilities imposed upon him by the lease, unless the lessee elects to treat the transferee as the person liable to him.

Provided that the transferee is not entitled to arrears of rent due before the transfer, and that, if the lessee, not having reason to believe that such transfer has been made, pays rent to the lessor, the lessee shall not be liable to pay such rent over again to the transferee.

The lessor, the transferee and the lessee may determine what proportion of the premium or rent reserved by the lease is payable in respect of the part so transferred, and in case they disagree, such determination may be made by any Court having jurisdiction to entertain a suit for the possession of the property leased.

Exclusion of day on which term commences.

110. Where the time limited by a lease of immovable property is expressed as commencing from a particular day, in computing that time such day shall be excluded. Where no day of commencement is named, the time so limited begins from the making of the lease.

Duration of lease for a year.

Where the time so limited is a year or a number of years, in the absence of an express agreement to the contrary, the lease shall last during the whole anniversary of the day from which such time commences.

Option to determine lease.

Where the time so limited is expressed to be terminable before its expiration, and the lease omits to mention at whose option it is so terminable, the lessee, and not the lessor, shall have such option.

Determination of lease.

111. A lease of immovable property determines—

(*a*) by efflux of the time limited thereby:

(*b*) where such time is limited conditionally on the happening of some event —by the happening of such event:

(*c*) where the interest of the lessor in the property terminates on, or his power to dispose of the same extends only to, the happening of any event—by the happening of such event:

(*d*) in case the interests of the lessee and the lessor in the whole of the property become vested at the same time in one person in the same right:

(*e*) by express surrender; that is to say, in case the lessee yields up his interest under the lease to the lessor, by mutual agreement between them:

(*f*) by implied surrender:

(*g*) by forfeiture; that is to say, (1) in case the lessee breaks an express condition which provides that on breach thereof the lessor may re-enter or the lease shall become void; or (2) in case the lessee renounces his character as such by setting up a title in a third person or by claiming title in himself; and in either case the lessor or his transferee does some act showing his intention to determine the lease:

(*h*) on the expiration of a notice to determine the lease, or to quit, or of intention to quit, the property leased, duly given by one party to the other.

Illustration to clause (f).

A lessee accepts from his lessor a new lease of the property leased, to take effect during the continuance of the existing lease. This is an implied surrender of the former lease, and such lease determines thereupon.

Waiver of forfeiture.

112. A forfeiture under section 111, clause (*g*), is waived by acceptance of rent which has become due since the forfeiture, or by distress of such rent or by any other act on the part of the lessor, showing an intention to treat the lease as subsisting:

Provided that the lessor is aware that the forfeiture has been incurred.

Provided also that, where rent is accepted after the institution of a suit to eject the lessee on the ground of forfeiture, such acceptance is not a waiver.

Waiver of notice to quit.

113. A notice given under section 111 clause (*h*), is waived, with the express or implied consent of the person to whom it is given, by any act on the part of the person giving it, showing an intention to treat the lease as subsisting.

Illustrations.

(*a*) A, the lessor, gives B, the lessee, notice to quit the property leased. The notice expires. B tenders, and A accepts, rent which has become due in respect of the property since the expiration of the notice. The notice is waived.

(*b*) A, the lessor, gives B, the lessee, notice to quit the property leased. The notice expires, and B remains in possession. A gives to B as lessee a second notice to quit. The first notice is waived.

Relief against forfeiture for non-payment of rent.

114. Where a lease of immovable property has determined by forfeiture for non-payment of rent, and the lessor sues to eject the lessee, if, at the hearing of the suit, the lessee pays or tenders to the lessor the rent in arrear, together with interest thereon and his full costs of the suit, or gives such security as the Court thinks sufficient for making such payment within fifteen days, the Court may, in lieu of making a decree for ejectment, pass an order relieving the lessee against the forfeiture; and thereupon the lessee shall hold the property leased as if the forfeiture had not occurred.

Effect of surrender and forfeiture on under-leases.

115. The surrender, express or implied, of a lease of immovable property does not prejudice an underlease of the property or any part thereof previously granted by the lessee on terms and conditions substantially the same (except as regards the amount of rent) as those of the original lease; but, unless the surrender is made for the purpose of obtaining a new lease, the rent payable by, and the contracts binding on, the under-lessee shall be respectively payable to and enforceable by the lessor.

The forfeiture of such a lease annuls all such under-leases, except where such forefeiture has been procured by the lessor in fraud of the under-lessees, or relief against the forfeiture is granted under section 114.

Effect of holding over.

116. If a lessee or under-lessee of property remains in possession thereof after the determination of the lease granted to the lessee, and the lessor or his legal representative accepts rent from the lessee or under-lessee, or otherwise assents to his continuing in possession, the lease is, in the absence of an agreement to the contrary, renewed from year to year, or from month to month, according to the purpose for which the property is leased, as specified in section 106.

Illustrations.

(*a*) A lets a house to B for five years. B underlets the house to C at a monthly rent of Rs. 100. The five years expire, but C continues in possession of the house and pays the rent to A. C's lease is renewed from month to month.

(*b*) A lets a farm to B for the life of C. C dies, but B continues in possession with A's assent. B's lease is renewed from year to year.

Exemption of leases for agricultural purposes.

117. None of the provisions of this Chapter apply to leases for agricultural purposes, except in so far as the Government may, by notification published in the official Gazette, declare all or any of such provisions to be so applicable in the case

of all or any of such leases together with, or subject to, those of the local law, if any, for the time being in force.

Such notification shall not take effect until the expiry of six months from the date of its publication.

CHAPTER VI.

OF EXCHANGES.

"Exchange" defined.

118. When two persons mutually transfer the ownership of one thing for the ownership of another, neither thing or both things being money only, the transaction is called an "exchange."

A transfer of property in completion of an exchange can be made only in manner provided for the transfer of such property by sale.

Right of party deprived of thing received in exchange.

119. In the absence of a contract to the contrary, the party deprived of the thing or part thereof he has received in exchange, by reason of any defect in the title of the other party, is entitled at his option to compensation or to the return of the thing transferred by him.

Rights and liabilities of parties.

120. Save as otherwise provided in this Chapter, each party has the rights and is subject to the liabilities of a seller as to that which he gives, and has the rights and is subject to the liabilities of a buyer as to that which he takes.

Exchange of money.

121. On an exchange of money, each party thereby warrants the genuineness of the money given by him.

CHAPTER VII.

OF GIFTS.

"Gift" defined.

122. "Gift" is the transfer of certain existing movable or immovable property made voluntarily and without consideration, by one person, called the donor, to another, called the donee, and accepted by or on behalf of the donee.

Acceptance when to be made.

Such acceptance must be made during the lifetime of the donor and while he is still capable of giving.

If the donee dies before acceptance, the gift is void.

Transfer how effected.

123. For the purpose of making a gift of immovable property, the transfer must be effected by a registered instrument signed by or on behalf of the donor.

For the purpose of making a gift of movable property, the transfer may be effected either by a registered instrument signed as aforesaid or by delivery.

Such delivery may be made in the same way as goods sold may be delivered.

Gift of existing and future property.

124. A gift comprising both existing and future property is void as to the latter.

Gift to several, of whom one does not accept.

125. A gift of a thing to two or more donees, of whom one does not accept it is void as to the interest which he would have taken had he accepted.

When gift may be suspended or revoked.

126. The donor and donee may agree that on the happening of any specified event which does not depend on the will of the donor a gift shall be suspended or revoked; but a gift which the parties agree shall be revocable wholly or in part, at the mere will of the donor, is void wholly or in part, as the case may be.

A gift may also be revoked in any of the cases (save want or failure of consideration) in which, if it were a contract, it might be rescinded.

Save as aforesaid, a gift cannot be revoked.

Nothing contained in this section shall be deemed to affect the rights of transferees for consideration without notice.

Illustrations.

(*a*) A gives a field to B, reserving to himself, with B's assent, the right to take back the field in case B and his descendants die before A. B dies without descendants in A's lifetime. A may take back the field.

(*b*) A gives a lakh of rupees to B, reserving to himself, with B's assent, the right to take back at pleasure Rs. 10,000 out of the lakh. The gift holds good as to Rs. 90,000, but is void as to Rs. 10,000, which continue to belong to A.

Onerous gifts.

127. Where a gift is in the form of a single transfer to the same person of several things of which one is, and the others are not burdened by an obligation, the donee can take nothing by the gift unless he accepts it fully.

Where a gift is in the form of two or more separate and independent transfers to the same person of several things, the donee is at liberty to accept one of them and refuse the others, although the former may be beneficial and the latter onerous.

Onerous gift to disqualified person.

A donee not competent to contract and accepting property burdened by any obligation is not bound by his acceptance. But if, after becoming competent to contract and being aware of the obligation, he retains the property, given, he becomes so bound.

Illustrations.

(*a*) A has shares in X, a prosperous joint stock company, and also shares in Y, a joint stock company in difficulties. Heavy calls are expected in respect of the shares in Y. A gives B all his shares in joint stock companies. B refuses to accept the shares in Y. He cannot take the shares in X.

(*b*) A having a lease for a term of years of a house at a rent which he and his representatives are bound to pay during the term, and which is more than the house can be let for, gives to B the lease, and also, as a separate and independent transaction, a sum of money. B refuse to accept the lease. He does not by this refusal forfeit the money.

Universal donee.

128. Subject to the provisions of section 127, where a gift consists of the donor's whole property, the donee is personally liable for all the debts due by the donor at the time of the gift to the extent of the property comprised therein.

Saving of donations *mortis causa* and Muhammadan law.

129. Nothing in this Chapter relates to gifts of movable property made in contemplation of death, or shall be deemed to affect any rule of Muhammadan law, or, save as provided by section 123, any rule of Hindu or Buddhist law.

CHAPTER VIII.

OF TRANSFERS OF ACTIONABLE CLAIMS.

Transfer of actionable claim.

130. (*1*) The transfer of an actionable claim shall be effected only by the execution of an instrument in writing signed by the transferor or his duly authorized agent, and shall be complete and effectual upon the execution of such instrument, and thereupon all the rights and remedies of the transferor, whether by way of damages or otherwise, shall vest in the transferee, whether such notice of the transfer as is hereinafter provided be given or not:

Provided that every dealing with the debt or other actionable claim by the debtor or other person from or against whom the transferor would, but for such instrument of transfer as aforsaid, have been entitled to recover or enforce such debt or other actionable claim, shall (save where the debtor or other person is a party to the transfer or has received express notice thereof as hereinafter provided) be valid as against such transfer.

(*2*) The transferee of an actionable claim may, upon the execution of such instrument of transfer as aforesaid, sue or institute proceedings for the same in his own name without obtaining the transferor's consent to such suit or proceedings and without making him a party thereto.

Exception.—Nothing in this section applies to the transfer of a marine or fire policy of insurance.

Illustrations.

(i) A owes money to B, who transfers the debt to C. B then demands the debt from A, who, not having received notice of the transfer, as prescribed in section 131, pays B. The payment is valid, and C cannot sue A for the debt.

(ii) A effects a policy on his own life with an Insurance Company and assigns it to a Bank for securing the payment of an existing or future debt. If A dies, the Bank is entitled to receive the amount of the policy and to sue on it without the concurrence of A's executor, subject to the proviso in sub-section (*1*) of section 130 and to the provisions of section 132.

Notice to be in writing, signed.

131. Every notice of transfer of an actionable claim shall be in writing, signed by the transferor or his agent duly authorized in this behalf, or, in case the transferor refuses to sign, by the transferee or his agent, and shall state the name and address of the transferee.

Liability of transferee of actionable claim.

132. The transferee of an actionable claim shall take it subject to all the liabilities and equities to which the transferor was subject in respect thereof at the date of the transfer.

Illustrations.

(i) A transfers to C a debt due to him by B, A being then indebted to B. C sues B, for the debt due by B to A. In such suit B is entitled to set off the debt due by A to him although C was unaware of it at the date of such transfer.

(ii) A executed a bond in favour of B under circumstances entitling the former to have it delivered up and cancelled. B assigns the bond to C for value and without notice of such circumstances. C cannot enforce the bond against A.

Warranty of solvency of debtor.

133. Where the transferor of a debt warrants the solvency of the debtor, the warranty, in the absence of a contract to the contrary, applies only to his solvency at the time of the transfer, and is limited, where the transfer is made for consideration, to the amount or value of such consideration.

Mortgaged debt.

134. Where the debt is transferred for the purpose of securing an existing or future debt, the debt so transferred if received by the transferor or recovered by the transferee, is applicable, first, in payment of the costs of such recovery: secondly, in or towards satisfaction of the amount for the time being secured by the transfer; and the residue, if any, belongs to the transferor or other person entitled to receive the same.

Assignment of rights under marine or fire policy of insurance.

135. Every assignee, by endorsement or other writing, of a policy of marine insurance or of a policy of insurance against fire, in whom the property in the subject insured shall be absolutely vested at the date of the assignment, shall have transferred and vested in him all rights of suit as if the contract contained in the policy had been made with himself.

Incapacity of officers connected with Courts of Justice.

136. No Judge, legal practitioner, or officer connected with any Court of Justice shall buy or traffic in, or stipulate for, or agree to receive, any share of, or interest in, any actionable claim, and no Court of Justice shall enforce, at his instance, or at the instance of any person claiming by or through him, any actionable claim so dealt with by him as aforesaid.

Saving of negotiable instruments, etc.

137. Nothing in the foregoing sections of this Chapter applies to stocks, shares or debentures, or to instruments which are for the time being, by law or custom, negotiable, or to any mercantile document of title to goods.

Explanation.—The expression "mercantile document of title to goods" includes a bill of lading, dock-warrant, warehouse-keeper's certificate, railway receipt, warrant or order for the delivery of goods, and any other document used in the ordinary course of business as proof of the possession or control of goods, or authorizing or purporting to authorize, either by endorsement or by delivery, the possessor of the document to transfer or receive goods thereby represented.

M. A. NARAYANA IYENGAR,
Deputy Commissioner.

Abstract Notification.

The attention of the public is invited to the Notification dated 17th April 1918, published in detail in Part IV, pages 370, 371, 372 and 373 of the *Mysore Gazette*, dated 25th April 1918, regarding the sale of right to collect tolls at the Ferries in the Shimoga District.

Notification dated 22*nd April* 1918.

It is hereby notified that the right of levying tolls on carts entering the limits of the Town Municipality of Shimoga during a period of one year, from 1st July 1918 to 30th June 1919, will be put to public auction at 12 noon on Tuesday, the 4th June 1918, subject to conditions hereinafter described.

2. The sale will be conducted in the office of the President of the Town Municipality, by the President or in his absence from headquarters, by the Vice-President of the Municipality.

3. The right shall be knocked down to the highest approved bidder and shall, in case the sale is conducted by the Vice-President, be subject to formal confirmation by the President, who reserves to himself the power of accepting or rejecting any bid at his discretion without assigning any reasons for the same. The President further reserves to himself the power to dispose of the right by tenders or otherwise if the bids obtained at the auction are not considered satisfactory.

4. Persons intending to bid at the auction must attend in person or by a duly accredited agent. Every such person shall deposit beforehand a sum of Rs. 100 as earnest money. The deposits made by unsuccessful bidder will be returned at the close of the sale.

5. The successful bidder, hereinafter termed contractor, shall, on the sale being knocked down to him, at once deposit a sum sufficient to make up with his previous deposit one-twelfth of the amount of his bid, and a further sum equal to two-twelfths of the bid amount on or before the 20th June 1918, and he shall also execute, before the said date, an agreement on stamped paper binding himself and heirs to observe the conditions hereinafter set forth. If default is made either in making the deposits or in executing the agreement as above, the amounts, if any, already deposited, will be forfeited and the right to collect the toll shall be forthwith resold or otherwise disposed of by the President.

Conditions.

(1) The amount for which the right has been finally purchased shall be payable in equal monthly instalments commencing from July 1918. Each instalment shall be regarded

as the rent for the month in respect of which it is payable and shall be paid into the treasury on or before the 20th of the month. In case of default, the President shall be at liberty to suspend further collections of toll by the contractor, direct the forfeiture of the deposit made by him and dispose of the right to collect toll during the remaining period of the year by resale, tender or otherwise as he may deem fit. Such resale or other disposal shall be at the risk of the defaulting contractor, who shall not be entitled to any gain accruing thereby; but in case of loss he shall be liable to make good the deficiency between the amount payable for the period under the terms of his contract and the amount fetched by the resale or other disposal. In the latter case, *i.e.*, in case of loss, the forfeited deposit of the contractor shall be taken towards the recoupment of such loss. Should, however, the forfeited deposit be greater than the loss by resale or other disposal, the whole of such deposit shall be credited to the Municipality.

(2) The deposit of three-twelfths of the bid amount made by the contractor shall be taken as a guarantee for the due fulfilment of the contract; and if not forfeited, shall be returned after a month after the expiry of the contract.

(3) No remission or abatement of rent or compensation on any account shall be claimable by the contractor.

(4) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default.

(5) Tolls shall be levied at the rates detailed below :—

(6) A board exhibiting the rates of toll as above written or painted legibly in English and Kannada characters, shall be put up at every toll gate.

(7) A second toll shall not be levied on one and the same cart in the course of the same day, which shall count from midnight to midnight.

(8) No toll shall be levied on carts engaged in the passage of troops or military stores or equipages or of Police officers on duty or any person or property in their custody or of any property *bona fide* belonging to Government as established by the production of a certificate from the Head of the Department or office to which it belongs; also on carrying contractors' carts conveying timber of the Forest Department.

(9) No toll shall be levied on carts on which mohatarfa tax has been levied by the Municipality. Such cart will be numbered by the Vice-President of the Municipality, who will issue a pass therefor.

(10) The levy of tolls shall, generally, be subject to the conditions laid down in the late Chief Commissioner's Notification No. 274, dated 4th November 1876.

(11) An account of the daily collections at the several gates shall be maintained by the contractor; and at the end of every month a copy thereof shall be sent to the Vice-President for check. The account shall be open to inspection at all times by the President, Vice-President, Amildar of Shimoga Taluk or such other officer or Councillor of the Municipality as the President may specially authorise on this behalf.

(12) The right shall not be transferred by sale, gift or otherwise or sub-rented without the previous sanction of the President, who reserves to himself the right to reject any application therefor without assigning reasons.

(13) The names of persons appointed by the contractor in connection with the levy of toll at the several gates shall be previously reported to the Vice-President.

(14) The contractor shall be held responsible for the due fulfilment of the terms of the contract; and in the event of any infringement of any of the conditions thereof, it shall be

competent to the President to impose upon the contractor a fine not exceeding Rs. 50 for every such act of infringement. The fines so imposed shall be at once paid up by the contractor, and in case of default, it shall be competent to the President to suspend further collection of toll by the contractor and to dispose of the right to collect toll during the remaining period of the year by sale or otherwise as he may determine; such resale or other disposal being at the risk of the defaulting contractor in the manner explained in condition (1) *supra*.

(15) The imposition of a fine or the cancellation of the contract under the preceding para, shall be no bar to the prosecution of the contractor or his employees for any offence, or to the institution of other legal steps against them under any law in force for the time being.

(*d*) That he binds himself to pay for and remove all marketable portions of a tree, either in logs, pieces or poles.

(*e*) That the timber prepared out of each tree shall be measured and stamped by the Range Officer, or such other officer, as the District Forest Officer may authorize at the stump.

(*f*) That he shall pay for all the timber measured as per clause (*e*) before removal from the Forest or the Depot and on presentation of the Treasury receipt for the value of the timber he intends to remove.

(*g*) That if any green tree is felled, he will pay a fine of Rs. 50 for each tree he felled and he shall not be eligible for any timber obtained for such trees.

(*h*) That the timber whether paid for or not, remaining in the forest or the depot assigned for collection after 15th March 1919 shall lapse absolutely to Government.

6. It shall also be competent for the Judges to reduce the amount of prizes, if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, over-crowding, packing to conceal blemishes, artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

The following Rules for awarding cups and medals at the Horticultural Shows are hereby notified to the public :—

(i) The Horticulturists' Cup :—This will be competed for by Nurserymen and Horticulturists.

(ii) The Amateur Cup :—This will be competed for by private gardeners.

These cups will be awarded to the Exhibitor who has obtained the highest aggregate in prizes won in classes during the current Show.

(iii) The Floral Parade Cup :—This will be competed for by individual competitors and will be awarded to the winner of the first prize for the best florally decorated single Bicycle at the current Show.

2. The money value of the prizes will be taken in calculating the aggregate.

3. A gold medal will, for purposes of the calculation, count 50% over the first prize, a silver medal equal to the first prize, and a bronze medal and "Highly commended" equal to the lowest prize in the respective group.

4. The Cups will be held by the winners for the next six months under satisfactory arrangement for their safe custody.

5. Ten days before the following Show, the Cups must be returned to the Superintendent, Lal-Bagh, for being again put up for competition at the Show.

6. Should a competitor win the Cup at any two successive Shows, the Cup will be his or her property for good.

7. Out of the money prizes won with the Cups, (i) and (ii) a sum of Rs. 20 and 15 respectively, will be deducted to defray cost of a miniature facsimile Cup to be given as a souvenir to the last winner, except, of course, when the Cup is won outright.

8. Both Professional and Amateur compete for the same money prize in the individual groups, but in order to make the competition amongst Amateur for the Amateur Cup more complete and free from competition by Professionals, marks to make up the difference in the money value will be given to the Amateur whenever a Professional has taken a higher prize in any group :—

Thus Nurseryman	A	wins	I prize	Rs. 8.
Amateur	B	„	II „	5.
„	C	„	III „	3.

Amateur B will get 3 marks in addition to his Rs. 5, so that his aggregate is the same as if he had won first prize. Similarly Amateur C will get 2 marks and takes position of second prize.

10 The following exhibitors will be qualified for the award of a medal :—

In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent, and exhibitors are requested to use these.

The number of exhibits in all classes and sections should exceed the number of prizes offered otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes, if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, over-crowding, packing to conceal blemishes, artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words *kinds* and *varieties* may be illustrated as under:—Apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct kinds of flowers. 12. All exhibits sent for competition must be the *bonâ fide* produce of, or have been raised by, the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

The following Rules for awarding cups and medals at the Horticultural Shows are hereby notified to the public:—

1. His Highness the Maharaja has graciously presented three cups for competition at the Flower Shows.

(i) The Horticulturists' Cup:—This will be competed for by Nurserymen and Horticulturists.

(ii) The Amateur Cup:—This will be competed for by private gardeners.

These cups will be awarded to the Exhibitor who has obtained the highest aggregate in prizes won in classes during the current Show.

(iii) The Floral Parade Cup:—This will be competed for by individual competitors and will be awarded to the winner of the first prize for the best florally decorated single Bicycle at the current Show.

2. The money value of the prizes will be taken in calculating the aggregate.

3. A gold medal will; for purposes of the calculation, count 50% over the first prize, a silver medal equal to the first prize, and a bronze medal and "Highly commended" equal to the lowest prize in the respective group.

4. The Cups will be held by the winners for the next six months under satisfactory arrangement for their safe custody.

5. Ten days before the following Show, the Cups must be returned to the Superintendent, Lal-Bagh, for being again put up for competition at the Show.

6. Should a competitor win the Cup at any two successive Shows, the Cup will be his or her property for good.

7. Out of the money prizes won with the Cups, (i) and (ii) a sum of Rs. 20 and 15 respectively, will be deducted to defray cost of a miniature facsimile Cup to be given as a souvenir to the last winner, except, of course, when the Cup is won outright.

8. Both Professional and Amateur compete for the same money prize in the individual groups, but in order to make the competition amongst Amateur for the Amateur Cup more complete and free from competition by Professionals, marks to make up the difference in the money value will be given to the Amateur whenever a Professional has taken a higher prize in any group:—

Thus Nurseryman	A	wins	I prize	Rs. 8.
Amateur	B	,,	II ,,	5.
,,	C	,,	III ,,	3.

Amateur B will get 3 marks in addition to his Rs. 5, so that his aggregate is the same as if he had won first prize. Similarly Amateur C will get 2 marks and takes position of second prize.

9. Gold, Silver and Bronze Medals will be available for all Classes and will be awarded at both the Summer and Winter Shows.

10 The following exhibitors will be qualified for the award of a medal:—

(*a*) The exhibitor of the best all-round exhibit in the appropriate Class or Classes.

(*b*) The exhibitor of exhibit of any more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

11. Medals, where awarded, will be in place of the money prizes shown in the Prospectus against the respective items.

12. No exhibitor who has been awarded a Medal in any group will be qualified to receive another Medal in that group during the two calendar years succeeding that in which he has received the Medal.

13. No exhibitor will be qualified to receive a Medal who is not the *bonâ fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor who has merely purchased fruit or vegetable exhibited will be eligible.

14. It will be open to the Judges to withhold any or all the Medals in any Show on the ground of deficiency of merit in the exhibits.

GENERAL CONDITIONS.

1. In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent, and exhibitors are requested to use these.

2. The large foliage groups should be ready arranged two days before the Show.

3. Plants intended for competition should be delivered in the Conservatory before 4 P.M. on the day previous to the Show.

4. Cut flowers may be delivered up till 2 P.M. on the day of the Show, but not later, if intended for competition.

5. No prize shall be awarded unless there are at least two competitors for it, except in cases of rare excellence, when the Judges will use their own discretion.

The number of exhibits in all classes and sections should exceed the number of prizes offered otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes, if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, over-crowding, packing to conceal blemishes, artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words *kinds* and *varieties* may be illustrated as under:—Apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct kinds of flowers. Marechal Neil, Crimson Rambler, La France, etc., are distinct *varieties* of roses. Cabbage, Beans, Beet, Carrot, etc., are distinct *kinds* of vegetables. 11. If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

12. All exhibits sent for competition must be the *bonâ fide* produce of, or have been raised by, the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

13. Exhibitors will not be permitted to remove their exhibits until the Show is closed, and gardeners and others found offering articles for sale before 6 P.M. on the day of the Show shall be summarily ejected.

14. No one can be a Judge in any class in which he may be an exhibitor.

The following Rules for awarding cups and medals at the Horticultural Shows are hereby notified to the public :—

1. His Highness the Maharaja has graciously presented three cups for competition at the Flower Shows.

(i) The Horticulturists' Cup :—This will be competed for by Nurserymen and Horticulturists.

(ii) The Amateur Cup :—This will be competed for by private gardeners.

These cups will be awarded to the Exhibitor who has obtained the highest aggregate in prizes won in classes during the current Show.

(iii) The Floral Parade Cup :—This will be competed for by individual competitors and will be awarded to the winner of the first prize for the best florally decorated single Bicycle at the current Show.

2. The money value of the prizes will be taken in calculating the aggregate.

3. A gold medal will, for purposes of the calculation, count 50% over the first prize, a silver medal equal to the first prize, and a bronze medal and "Highly commended" equal to the lowest prize in the respective group.

4. The Cups will be held by the winners for the next six months under satisfactory arrangement for their safe custody.

5. Ten days before the following Show, the Cups must be returned to the Superintendent, Lal-Bagh, for being again put up for competition at the Show.

6. Should a competitor win the Cup at any two successive Shows, the Cup will be his or her property for good.

7. Out of the money prizes won with the Cups, (i) and (ii) a sum of Rs. 20 and 15 respectively, will be deducted to defray cost of a miniature facsimile Cup to be given as a souvenir to the last winner, except, of course, when the Cup is won outright.

8. Both Professional and Amateur compete for the same money prize in the individual groups, but in order to make the competition amongst Amateur for the Amateur Cup more complete and free from competition by Professionals, marks to make up the difference in the money value will be given to the Amateur whenever a Professional has taken a higher prize in any group :—

Thus Nurseryman	A	wins	I prize	Rs. 8.
Amateur	B	,,	II ,,	5.
,,	C	,,	III ,,	3.

Amateur B will get 3 marks in addition to his Rs. 5, so that his aggregate is the same as if he had won first prize. Similarly Amateur C will get 2 marks and takes position of second prize.

9. Gold, Silver and Bronze Medals will be available for all Classes and will be awarded at both the Summer and Winter Shows.

10 The following exhibitors will be qualified for the award of a medal :—

(*a*) The exhibitor of the best all-round exhibit in the appropriate Class or Classes.

(*b*) The exhibitor of exhibit of any more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

11. Medals, where awarded, will be in place of the money prizes shown in the Prospectus against the respective items.

12. No exhibitor who has been awarded a Medal in any group will be qualified to receive another Medal in that group during the two calendar years succeeding that in which he has received the Medal.

13. No exhibitor will be qualified to receive a Medal who is not the *bonâ fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor who has merely purchased fruit or vegetable exhibited will be eligible.

14. It will be open to the Judges to withhold any or all the Medals in any Show on the ground of deficiency of merit in the exhibits.

Letter No. 11037, dated 6th March 1914, from the Revenue Commissioner in Mysore, submitting for the orders of Government copy of letter No. 238—R., dated 6th December 1913, from the Deputy Commissioner, Hassan District, requesting instructions as to how lands which after being obtained for coffee or cardamom cultivation are utilised for rubber cultivation and *vice versa*, should be dealt with.

2. Correspondence ending with letter No. A. C. 1542—G. 1, dated 11—13th February 1918, from the Revenue Commissioner furnishing his opinion in the matter.

ORDER No. R. 10708-18—L. R. 465-13-4, DATED BANGALORE, THE 1ST MAY 1918.

The Revenue Commissioner states that as regards the lands granted for coffee or cardamom cultivation but devoted to rubber cultivation, no difficulty arises as all the rules governing the grant of lands for rubber cultivation would have been observed at the time of the grant for coffee or cardamom cultivation. As regards the converse case, he states that every individual case of rubber land devoted for coffee or cardamom cultivation should be reserved for decision on its own merits.

2. After careful consideration of the matter Government are pleased to direct that as a rule no land granted for rubber cultivation should be permitted to be used for coffee or cardamom cultivation, though special cases may be reported to Government for orders.

Lands granted for coffee or cardamom cultivation may however be used for rubber cultivation with the permission of the Deputy Commissioner of the District in each case.

Granting Special Loans to Coffee Planters in the Mysore State.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 773, dated 17th March 1917, from the Chairman of the Mysore Chamber of Commerce, regarding the embargo on coffee shipments.

2. Correspondence ending with No. 3838, dated 5th December 1917, from the First Assistant Resident, intimating that the Shipping Controller was unable to give even secondary preference to coffee.

3. The several representations from the Mysore Chamber of Commerce, individual Coffee Planters, and Associations of Planters in Mysore.

4. Correspondence on the subject ending with Memo No. 823, dated 7th March 1918, from the First Assistant to the Hon'ble the Resident intimating the views of the Government of India regarding assistance to coffee industry in Madras and Coorg.

Order No. Fl. 6456-68, dated 2nd May 1918.

After carefully considering all the aspects of the case, the Government of His Highness the Maharaja are of opinion that a system of loan on the analogy of the Taccavi system is the most suitable and practicable form of help to be offered.

2. The following scheme of granting advances to coffee planters in Mysore is accordingly sanctioned :—

(i) The loans will be granted under the Taccavi Loan Rules framed under Section 194 of the Mysore Land Revenue Code and printed in Chapter XII of the Mysore Revenue Manual, subject to the modifications introduced by this order.

(ii) Loans under this order will be disbursed only in cases in which Government help is considered absolutely necessary, and the amount of loan will be limited to such sum as is found essential after taking account of all other resources to enable the applicant to maintain his estate without serious deterioration.

(iii) The loans will be calculated at a rate not exceeding Rs. 30 per acre on the acreage under coffee crop fully worked in 1917-18 and expected to be harvested in 1918-19.

The actual rate will depend on the nature of the estate, the prospects of crop on the estate in 1918-19 and the aggregate area in respect of which applications for assistance may be received.

The maximum limit prescribed in the Taccavi Loan Rules for individual loans will not apply.

(iv) The loans will be repayable in one instalment discharging both principal and interest after the sale of crop for 1918-19. In cases of absolute necessity, the period may be extended to April 1920 with the special sanction of Government in each case.

(v) The rate of interest to be charged will be 6¼ per cent per annum.

(vi) The land itself, the crop thereon and such further collateral security as may be considered necessary to ensure timely recovery of the loan, will be taken as security in each case. Printed forms of application (Annexure A) and security bonds (Annexures B_1 and B_2), will be supplied to facilitate the completion of transactions. In the case of estates previously mortgaged, the consent of the mortgagee will be required to the Government loan being treated as the first charge on the estate. The mortgagee's consent should be obtained in the prescribed form (Annexure C) and attached to the application for loan. In cases in which the applicant is unable to furnish land as security, the application should be submitted for the order of Government, whatever the amount of the loan applied for may be.

(vii) The loans will be advanced in monthly instalments as shown below from June 1918 to March 1919 :—

8⅓ per cent in June 1918.	12½ per cent in November 1918.
8⅓ per cent in July 1918.	12½ per cent in December 1918.
8⅓ per cent in August 1918.	8⅓ per cent in January 1919.
12½ per cent in September 1918.	8⅓ per cent in February 1919.
12½ per cent in October 1918.	8⅓ per cent in March 1919.

Small variations in the amount of instalments may be sanctioned by the Special Officer in cases coming under his power of sanction.

(viii) To ensure expeditious disposal of the loan applications under this order a Special Officer will be appointed for the purpose of receiving them and for working the scheme. A Committee including representative Coffee Planters of the districts of Kadur and Hassan will be associated with the Special Officer. The Special Officer will be empowered to sanction loans up to Rs. 5,000 after consulting the Committee. Applications for higher amounts should be forwarded to Government for sanction through the Deputy Commissioner concerned, with the recommendation of the Special Officer and the Committee. The Special Officer will submit to Government a weekly progress report of all applications in the form attached (Annexure D).

(ix) According to the desire of the borrower, instalments of the loan will be disbursed through any treasury of the Mysore Government named by him or the Bank of Mysore. Repayments may also be made at any Government treasury within the State or through the Bank of Mysore.

(x) Every person who takes a loan under this order will be expected to spend the full amount for growing the coffee crop of 1918-19 on the estate in respect of which the loan is taken. He shall maintain a regular account of the amounts drawn and produce such accounts for inspection when required to do so by any one authorized by Government in that behalf.

3. The Deputy Commissioners of Kadur and Hassan will give publicity to this scheme within their respective districts and render all necessary help to the Special Officer.

4. The Special Officer will call for applications from those requiring help, in the form annexed hereto. Applications not in the prescribed form or those received after 30th June 1918, will not be considered. Before 10th July 1918, the Special Officer will submit to Government a list of all applications for loans in the form attached to this order (Annexure E).

5. After considering the aggregate amount of applications and the funds available, Government will decide the actual scale at which it will be possible to make advances to various classes of estates. The instalments payable from September 1918 onwards will be regulated accordingly so that the total loan sanctioned in any case may not be exceeded. The instalments for June, July and August may be paid at rates not exceeding Rs. 2 per acre per month at the discretion of the Special Officer after proper documents are executed. The loan order will be in the form given in Annexure F. It will be issued to the party in the first instance with the instalments for June, July and August only filled in. After the application is finally dealt with, the Special Officer will communicate the fact to the party who will be asked to produce the loan order before the Special Officer. The further instalments will then be entered by the Special Officer in the proper cages and the loan order issued in a complete form. In addition to the acknowledgment for each instalment in the proper cage of the loan order, the party will give separate receipts for each instalment to serve as treasury vouchers.

6. It must be clearly understood that the grant of loans under the scheme now sanctioned does not commit the Government of His Highness the Maharaja to the continuance of such loans in the next and following years.

Judicial and Executive Functions.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Order No. J. 4550-4600—Cts. 312-12-1, dated 10th May 1918.

The Government are of opinion that it will tend on the whole to a better and prompter administration of Criminal Justice if the duty of trying cases is assigned as far as possible to officers whose attention is not distracted by other important and heavy work. A beginning in this respect was made several years ago by the appointment of whole-time Magistrates for the cities of Bangalore and Mysore and the Kolar Gold Fields, and more recently by the constitution of Benches of Magistrates for various localities. The time appears to be ripe for taking a further step in the same direction in order to afford a very necessary measure of relief to executive officers and to ensure a more efficient despatch of criminal work.

2. At present, besides the Chief Court and the Sessions and Assistant Sessions Judges who belong to the purely judicial service, the agency available for the trial of criminal cases and appeals consists of the following officers borne on the executive cadre :—

(i) Eight District Magistrates, who are also Deputy Commissioners of Districts.

(ii) Three full-time 1st Class Magistrates for the cities of Bangalore and Mysore and the Kolar Gold Fields.

(iii) Twenty-one other First Class Magistrates who are also Assistant Commissioners in charge either of Revenue Sub-Divisions or of treasuries.

(iv) Fifty-five 2nd Class Magistrates, of whom three are Assistant Commissioners, three are Munsiffs, and the rest Amildars.

(v) Thirty 3rd Class Magistrates, of whom two are Probationary Assistant Commissioners, eighteen are Amildars and the rest Deputy Amildars.

3. The Government have decided after careful consideration to provide a separate agency for the disposal of the mass of original criminal work that is now being done by Magistrates of all classes other than the three full-time Magistrates of the first class already available, as referred to above, and also the Munsiff Magistrate of the Kolar Gold Fields, who will continue as heretofore.

They do not, however, think it desirable to divest the executive heads of districts altogether of their appellate powers and powers of revision and superintendence. No material change is therefore contemplated with regard to the position and functions of the District Magistrates.

At the same time these Officers have not, as a rule, done much original criminal work in the past, and hereafter they will not be expected to try any original cases other than such as for special reasons may be withdrawn by themselves or transferred to their file from the Courts of other Magistrates. As regards appellate work also, the Special Magistrates, 1st class, will be duly empowered to hear appeals from the decisions of 2nd and 3rd class Magistrates, wherever the original work is not very heavy. The conditions prevailing in the Kolar Gold Fields being exceptional, it is not proposed to divest the Special Magistrate of the executive powers now vested in him.

4. To each district will be assigned, for the present, one Special Magistrate of the 1st class, who, in addition to original cases triable by a 1st class Magistrate, will also dispose of such appeals as he may be empowered to hear.

5. All cases triable by 2nd and 3rd class Magistrates will be dealt with by Special Magistrates of the 2nd class as also by Benches of Magistrates in places where it may be possible to constitute such Benches.

The Courts of the Special Magistrates of the 1st class to be newly established will be located at the headquarters of the various districts. The number, location and territorial jurisdiction of the courts of Special Magistrates, will, subject to any modifications which experience may dictate, be fixed tentatively as shown in the statement appended to this order. District Magistrates will endeavour to equalise the work of these courts as far as practicable by occasional withdrawals and transfers of cases.

Assistant Commissioners, Amildars and Deputy Amildars will continue to be Magistrates *ex-officio*; but they will cease to exercise magisterial functions in practice except such as are really executive in their nature, as for instance those referred to in Chapters VIII, IX, X, XI and XII of the Criminal Procedure Code.

6. The new Special Magistrates as also the three now in existence, will be included in the cadre of the Judicial Department, the pay of the 1st class Magistrates being the same as that of the Subordinate Judges, (*viz.*, Rs. 500—$\frac{50}{2}$—600) and that of 2nd class Magistrates the same as that of Munsiffs, (*viz.*, 150—200—$\frac{50}{3}$—400 per mensem). The officers immediately required to fill the places of Special Magistrates will, pending the elaboration of a suitable scheme of recruitment, be selected, partly from among Assistant Commissioners, Munsiffs and Amildars and partly from among the members of the Bar. Assistant Commissioners may also be temporarily appointed Magistrates for a period of two years or more and may be shown as seconded in the cadre of Assistant Commissioners.

7. Clerical establishments for the new Courts will be provided on the following scale:—

I.—FOR THE COURTS OF THE SPECIAL MAGISTRATES OF THE FIRST CLASS.

Establishment.	Salary per mensem.	Cost per annum.
	Rs.	Rs.
1 Head Clerk on ...	50 ...	600
1 Clerk ,, ...	35 ...	420
1 Clerk ,, ...	25 ...	300
1 Clerk ,, ...	20 ...	240

II.—FOR THE COURTS OF THE SPECIAL MAGISTRATES OF THE SECOND CLASS.

Establishment.	Salary per mensem.	Cost per annum.
	Rs.	Rs.
1 Head Clerk on ...	40 ...	480
1 Clerk ,, ...	30 ...	360
1 Clerk ,, ...	20 ...	240

The menial establishment for each Court will consist of 1 Daffedar on Rs. 8 and 3 peons on Rs. 7 each per mensem; and a sum of Rs. 200 per annum will be provided on account of contingencies.

8. The cost of the scheme outlined above will be as shown below:—

	Per annum Rs.
Pay of 8 Special Magistrates of the 1st class at Rs. 500—$\frac{50}{2}$—600 per mensem ($566\frac{2}{3} \times 8 \times 12$)	54,400
Pay of the 3 existing Magistrates of the 1st class at Rs. 500—$\frac{50}{2}$—600 per mensem	20,400
Pay of 24 Special Magistrates of the 2nd class at 150—200—$\frac{50}{3}$—400 per mensem (300 × 24 × 12)	86,400
Ministerial establishments of 8 1st class Magistrates' Courts at Rs. 1,560 each (8 × 1,560)	12,480
Ministerial establishment of 24 2nd class Magistrates' Courts at Rs. 1,070 each (24 × 1,070)	25,680
Menial establishments of 32 Courts at Rs. 348 each	11,136
Contingencies for the 32 Courts at Rs. 200 each	6,400
Total per annum ...	2,16,896

9. Against this amount should be set off a sum of Rs. 53,940 being the savings that may be effected in respect of the following items of expenditure as a result of the introduction of the new Scheme.

	Per annum Rs.
(1) Pay of four Additional Assistant Commissioners sanctioned in May 1917 for 4 new Sub-Divisions (4 × 350 × 12)	16,800
(2) Pay of 68 Judicial gumastas of Taluk Office at Rs. $21\frac{1}{4}$ per mensem ($21\frac{1}{4} \times 68 \times 12$)	17,340
(3) Pay of 16 Magisterial clerks of the Sub-Division Offices at Rs. 25 per mensem (16 × 25 × 12)	4,800
(4) Pay of 8 clerks of the Deputy Commissioners' Offices engaged in Magisterial work at Rs. 25 per mensem	2,400
(5) Pay of the 3 existing Magistrates 250—$\frac{50}{3}$—450 (350 × 3 × 12) ...	12,600
Total ...	53,940

10. The net total cost of the scheme will thus be Rs. 1,62,956.

11. The scheme as outlined above will for the sake of convenience be introduced in the first instance, that is to say, with effect from 1st January 1919, into the districts of Bangalore and Shimoga and will be extended later on to the remaining districts of the State.

12. Deputy Commissioners, Heads of Departments concerned and the Registrar of the Chief Court are requested to submit in good time beforehand all necessary proposals for orders including the draft of Notifications to be issued in regard to the constitution of the new Courts, the provision of buildings for their location, the selection of officers and officials, and other matters incidental to the introduction of the new scheme.

13. The Efficiency Audit Officer will be entrusted with the duty of working out the practical details of the Scheme in consultation with the Deputy Commissioners, Heads of Departments concerned and the Registrar of the Chief Court with a view to bring it into operation from 1st January 1919.

HAJ COMMITTEE, BOMBAY.

At a meeting of the Bombay Haj Committee held at Bombay on 2nd April 1918, the difficulties which are bound to arise in connection with this year's pilgrimage owing to the scarcity of shipping were discussed and the Committee authorised the following statement to be published:—

"The Bombay Haj Committee are of opinion that having regard to the great difficulty in obtaining ships, the pilgrimage should be restricted within the narrowest limits. No sailings have yet been fixed and shipping firms who have been approached on the subject have not yet given any reply, and there is every reason to suppose that there will be the greatest difficulty in obtaining even one ship. It is evident, therefore, that any pilgrims who come to Bombay in the hope of obtaining a passage, will be detained in Bombay for a considerable time in uncertainty as to whether a ship will sail. Should a ship sail, the cost of a passage will be very high and in the meanwhile pilgrims will have to meet the heavy expense of living in Bombay. If, on the other hand, no ship is obtainable they will have to return disappointed to their homes after spending money for nothing. In these circumstances which are unavoidable owing to the war, the Bombay Haj Committee strongly advise all intending pilgrims in their own interests, not to attempt to proceed on pilgrimage this year."

The Bombay Haj Committee would therefore request all local Haj Committees and Anjumans to take immediate steps to have these facts and their opinion widely circulated among intending pilgrims and would ask all members of such Committees and Anjumans to endeavour by their personal influence and by all means in their power to dissuade pilgrims from setting out.
